Tesoros De Espana Ten Centuries Of Spanishs:

The United Kingdom and Spain in the Eighteenth Century Manuel-Reyes García Hurtado, 2024-09-23 This book seeks to bridge a gap in the historiography of Spain and Great Britain by arguing that while the eighteenth century witnessed periods of tension conflict and hostility between the two powers their relationship remained multifaceted and significant in other spheres Throughout the eighteenth century Spain and Great Britain passed through phases of open warfare armed peace and deep suspicion The British capture of Gibraltar and Menorca dealt a severe blow to the newly established Bourbon dynasty in Spain Even in times of war however not all communication channels were closed with numerous formal and informal contacts being made despite the volatile political climate and enmities The contributors of this book go beyond the well known animosity and conflicts to explore the spectrum of interactions encompassing cultural exchange traditional diplomacy trade and espionage plus a multitude of other facets This book is a valuable resource for researchers and students interested in the complex relations between Great Britain and Spain during the eighteenth century as well as for a broader audience of historians and both undergraduate and postgraduate students of history and international relations **Tesoros de España** Ministerio de Cultura. The Casa del Deán Penny C. Morrill,2023-09-15 The Casa del De n in Puebla Mexico is one of few surviving sixteenth century residences in the Americas Built in 1580 by Tom s de la Plaza the Dean of the Cathedral the house was decorated with at least three magnificent murals two of which survive Their rediscovery in the 1950s and restoration in 2010 revealed works of art that rival European masterpieces of the early Renaissance while incorporating indigenous elements that identify them with Amerindian visual traditions Extensively illustrated with new color photographs of the murals The Casa del De n presents a thorough iconographic analysis of the paintings and an enlightening discussion of the relationship between Tom s de la Plaza and the indigenous artists whom he commissioned Penny Morrill skillfully traces how native painters trained by the Franciscans used images from Classical mythology found in Flemish and Italian prints and illustrated books from France as well as animal images and glyphic traditions with pre Columbian origins to create murals that are reflective of Don Tom s s erudition and his role in evangelizing among the Amerindians She demonstrates how the importance given to rhetoric by both the Spaniards and the Nahuas became a bridge of communication between these two distinct and highly evolved cultures This pioneering study of the Casa del De n mural cycle adds an important new chapter to the study of colonial Latin American art as it increases our understanding of the process by which imagery in the New World took on Christian meaning
