The Ashgate Research Companion to Thomas Hardy Rosemarie Morgan, 2016-03-23 In The Ashgate Research Companion to Thomas Hardy some of the most prominent Hardy specialists working today offer an overview of Hardy scholarship and suggest new directions in Hardy studies The contributors cover virtually every area relevant to Hardy's fiction and poetry including philosophy palaeontology biography science film popular culture beliefs gender music masculinity tragedy topography psychology metaphysics illustration bibliographical studies and contemporary response While several collections have surveyed the Hardy landscape no previous volume has been composed especially for scholars and advanced graduate students This companion is specially designed to aid original research on Hardy and serve as the critical basis for Hardy studies in the new millennium Among the features are a comprehensive bibliography that includes not only works in English but in acknowledgment of Hardy's explosion in popularity around the world also works in languages other than English

Risk and the English Novel Julia Hoydis, 2019-09-23 Taking the cue from the currency of risk in popular and interdisciplinary academic discourse this book explores the development of the English novel in relation to the emergence and institutionalization of risk from its origins in probability theory in the late seventeenth century to the global risk society in the twenty first century Focussing on 29 novels from Defoe to McEwan this book argues for the contemporaneity of the rise of risk and the novel and suggests that there is much to gain from reading the risk society from a diachronic literary cultural perspective Tracing changes and continuities the fictional case studies reveal the human preoccupation with safety and control of the future They show the struggle with uncertainties and the construction of individual or collective logics of risk which oscillate between rational calculation and emotion helplessness and denial and an enabling or destructive sense of adventure and danger Advancing the study of risk in fiction beyond the confinement to

dystopian disaster narratives this book shows how topical notions such as chance and probability uncertainty and responsibility fears of decline and transgression all cluster around risk Romanticism and Contemporary Criticism Morris Eaves, Michael R. Fischer, 2019-01-24 The core of this book is made up of five essays by distinguished scholars of international reputation that treat the relation between current literary theory and Romanticism The book originated in a series of lectures presented at the University of New Mexico in 1983 All but one of the essays are published here for the first time The contributors are Northrop Frye W J T Mitchell J Hillis Miller M H Abrams and Stanley Cavell Frye's essay is a major statement on the backgrounds of Romanticism W J T Mitchell's contribution takes up through the composite arts of William Blake the relation of poetry and painting writing and printing criticism and politics The controversy over deconstruction is the occasion for a matched pair of essays by J Hillis Miller and M H Abrams advocate and antagonist respectively In his essay Abrams makes a definitive statement on his view of deconstruction and its intellectual heritage The fifth piece by Stanley Cavell is the first extended discussion of English and American Romanticism by this major contemporary philosopher Following each essay is an edited transcript of a question and answer session in which the contributor critic ranges widely and freely over today's critical scene The sessions make fascinating reading This book should be of compelling interest to students of Romanticism as well as to students and scholars interested in the uses and implications of poststructuralist theory *Thomas Hardy: Folklore and Resistance* Jacqueline Dillion, 2016-09-23 This book reassesses Hardy's fiction in the light of his prolonged engagement with the folklore and traditions of rural England Drawing on wide research it demonstrates the pivotal role played in the novels by such customs and beliefs as overlooking hag riding skimmington riding sympathetic magic mumming bonfire nights May Day celebrations Midsummer divination and the Portland Custom This study shows how such traditions were lived out in practice in village life and how they were represented in written texts in literature newspapers county histories folklore books the work of the Folklore Society archival documents and letters It explores tensions between Hardy's repeated insistence on the authenticity of his accounts and his engagement with contemporary anthropologists and folklorists and reveals how his efforts to resist their excellently neat categories of culture open up wider questions about the nature of belief progress and social change *Empty Justice: One Hundred Years of Law Literature & Philosophy*, 2002 Using literature as a source of challenges to questions in philosophy and law this book explores the inculcation of the legal subject and the relationship between modernism and postmodernism as well as how such concepts might evolve in the construction of community ethics Empty Justice Melanie Williams, 2013-03-04 Utilising literature as a serious source of challenges to questions in philosophy and law this book provides a fresh perspective not only upon the inculcation of the legal subject but also upon the relationship between modernism postmodernism and how such concepts might evolve in the construction of community ethics The creation and role of the legal subject is just one aspect of jurisprudential enquiry now attracting much attention How do moral values act upon the subject How do moral systems

impinge upon the subject jurist and judged throughout the 20th century when religious values are called into question when existential doubt prevails To what extent do issues of gender and identity inform these questions Many sources can provide insights into these issues this book intends to concentrate upon fiction as just such a resource However it is not just another law and literature compilation Spanning the last century each chapter will attempt to fulfil four objectives to identify key texts in relation to a given period to look for linked legal and philosophical developments from that period to establish fresh links from these sources regarding concrete doctrinal or practical legal questions and finally draw a more general inference about the legal subject and the frequently less evident feminine citizen subject Central to this approach will be the consideration of contemporary case law and legal materials as social documents of the relationship between law and the wider community

Secrets and Laws Melanie Williams,2013-03-04 These essays by Melanie Williams range across several fields of law literature social history and ethics In each chapter a particular legal case literary text or poem acts as a focus for a topical debate that highlights controversy or secrecy

Tess of the d'Urbervilles - Second Edition Thomas Hardy,2007-02-12 This classic novel tells the story of how the poor rural couple John and Joan Durbeyfield become convinced that they are descended from the ancient family of d Urbervilles They encourage their innocent daughter Tess to cement a connection with the d Urberville family including their unprincipled son Alec with tragic consequences A Pure Woman Faithfully Presented as Hardy subtitled the novel represented a direct challenge to conventional Victorian notions of sexuality and femininity This is a revised updated and expanded

Broadview edition that highlights a feminist interpretation of the novel in an extensive introduction The range of historical appendices including contemporary articles letters maps news stories and reviews will greatly enhance a reader's understanding of the text **The Evolutionary Imagination in Late-Victorian Novels** John Glendening, 2016-03-16 Dominated by Darwinism and the numerous guises it assumed evolutionary theory was a source of opportunities and difficulties for late Victorian novelists Texts produced by Wells Hardy Stoker and Conrad are exemplary in reflecting and participating in these challenges Not only do they contend with evolutionary complications John Glendening argues but the complexities and entanglements of evolutionary theory interacting with multiple cultural influences thoroughly permeate the narrative descriptive and thematic fabric of each All the books Glendening examines from *The Island of Doctor Moreau* and *Dracula* to *Heart of Darkness* address the interrelationship between order and chaos revealed and promoted by evolutionary thinking of the period Glendening's particular focus is on how Darwinism informs novels in relation to a late Victorian culture that encouraged authors to stress not objective truths illuminated by Darwinism but rather the contingencies uncertainties and confusions generated by it and other forms of evolutionary theory **Thomas Hardy, *Tess of the D'Urbervilles*** Dale Kramer, *Heart of Darkness* Joseph Conrad, 2011-03 This volume presents the text of the 1921 Heinemann edition of Conrad's classic short novel along with documents that place the work in historical context and critical essays that read *Heart of Darkness* from several contemporary critical perspectives The text and essays are complemented by biographical and critical introductions bibliographies and a glossary of critical and theoretical terms In this third edition the section of cultural documents and illustrations is entirely new as are two recent exemplary critical essays by Gabrielle McIntire and Tony C Brown that synthesize a variety of current critical approaches **The Secret Life of Thomas Hardy** Edward Neill, 2004 Some recent film and TV versions of his novels are also examined with special reference to the pitfalls of adaptation Thus students and teachers of literature at various educational levels will find this new book indispensable Jacket

Reading the Legal Case Marco Wan, 2012 *The Legal Case* Cross Currents in Law and the Humanities examines the seemingly familiar notion of a legal case by exploring the histories practices conventions and rhetoric of case law The doctrine of stare decisis whereby courts are bound by precedent cases underpins legal reasoning in the common law world At the same time the legal case is itself a product of institutional and linguistic practices and raises broader questions about the foundations and boundaries of law The idea of the case as an ordered closed narrative with a determinate outcome is for example integral to medical psychoanalytic as well as forensic discourses whilst the notion of the strange case is a popular one in the English fiction of the late nineteenth century What is at stake in the attempt to categorise or define a situation as a legal case Is the notion of binding precedent in case law really distinctive to the common law And if so why What can the concept of a case in other disciplines and discourses tell us about how it operates in law With contributions from legal philosophers legal historians literary critics and linguists this book moves beyond the jurisprudential discussion of the nature

and authority of the legal case as it draws on insights from philosophy in linguistics narratology drama and film How to Study a Novel John Peck,1995-11-11 How to Study a Novel has long been established as the one book about the novel that every student of literature at school or university needs to read In a series of clearly written eminently practical chapters John Peck takes the reader through a set of logical steps that show him how to respond to interpret and develop his own view of a novel and how to present that response in an effective essay This thoroughly revised and expanded Second Edition has three new chapters taking this process one step further showing how to make use of the new critical thinking that has swept through literary criticism in recent years Literary and Cultural Criticism from the Nineteenth Century Valerie Sanders,Katherine Newey,Joanne Shattock,Joanne Wilkes,2022-02-28 This four volume collection of primary sources examines literary and cultural criticism over the long nineteenth century The volumes explore the subjects of life writing including biography autobiography diaries and letters drama criticism the periodical and newspaper press and criticism written by women This collection will be of great interest to students of literary history *The Madder Stain* Annie Ramel,2015-06-02 The madder stain imprinted on Tess d Urberville s arm is part of a motif which runs through Hardy s fiction Similar to Barthes s punctum shooting out of the studium the stain is a place where the Real erupts a blind spot that eludes interpretation In the diegesis of the tragic novels it is a surplus object whose intrusion disrupts reality and spells disaster This book attempts to approach that unknowable kernel of jouissance by using Lacan s concepts of object gaze and object voice sometimes revisited by Žižek The stain has a vocal quality it is silence audible In a world where sound cannot reverberate for lack of a structural void voice is by necessity muted stuck in the throat Hence the peculiar quality of Tess s voice a silent feminine cry that has retained something of the lost vocal object The sound of silence is what Hardy s poetic prose allows us to hear
