Humor as an Instructional Defibrillator Ronald A. Berk, 2023-07-03. Grab those paddles! Charge! 300 Clear! Ouch! Now how do you feel? Great! Humor can be used as a systematic teaching or assessment tool in your classroom and course Web site. It can shock students to attention and bring deadly boring course content to life. Since some students have the attention span of goat cheese, we need to find creative online and offline techniques to hook them, engage their emotions, and focus their minds and eyeballs on learning. This book offers numerous techniques on how to effectively use humor in lectures and in class activities, printed materials, course Web sites, and course tests and exams. These techniques can convert any course into an adult version of Sesame Street. If Dr. Hannibal Lecter ate books, this one would make a tasty hors d'oeuvre. Clarice Starling: A non-page-turning marvel. I could stop reading at any point and know I'm not missing anything. *Forrest Gump*: Not as much fun as *Quidditch*, but would be required reading for faculty at the Hogwarts School of Harry Potter. How did you get this book published? Read my letters. YOUR KNOT. FUNY. Bart Simpson.
