Transatlantic Renaissances Kathryn Stelmach Artuso, 2013

The impulses that fired the Southern Literary Renaissance echoed the impetus behind the Irish Literary Revival at the turn of the twentieth century when Ireland sought to demonstrate its cultural equality with any European nation and disentangle itself from English imposed stereotypes. Seeking to prove that the South was indeed the cultural equal of greater America despite the harsh realities of political defeat, economic scarcity, and racial strife, Southern writers embarked on a career to re-imagine the American South and to re-invent literary criticism.

Transatlantic Renaissances: Literature of Ireland and the American South traces the influence of the Irish Revival upon the Southern Renaissance, exploring how the latter looked to the former for guidance, artistic innovation, and models for self-invention and regional renovation. While Deleuze and Guattari's model for minor literature refers to minority or regional authors who work within a major language for purposes of subversion, Artuso modifies their term along generic and thematic lines to refer to errant female juveniles within subsidiary genres whose nonconformist development threatens to disrupt the dominant patriarchal culture of a region or nation. Using the themes of initiation and maturation to anchor the book, Artuso analyzes how the volatile development of young women in revivalist texts often reflects or questions larger growth pangs and patterns, including the evolution of the literary revival itself and the development of a regional minority group that must work within a dominant culture, language, and nation while seeking methods of subversion.

With minor literature as the container for undervalued genres such as popular fiction and short stories, often considered an author's juvenilia, this work investigates not only how these texts challenge the authoritative claims of the novel but also scrutinizes the renaissance trope of female rebirth as the revivalists often figured cultural, national, or regional regeneration through the metamorphoses or maturation of female protagonists such as Cathleen O'Houlihan, Scarlett O'Hara, and Virgie Rainey.

Drawing upon New Historical, New Critical, and postcolonial approaches, Artuso examines works by Lady Gregory, Margaret Mitchell, Eudora Welty, Elizabeth Bowen, Jean Toomer, and James Joyce.

Everyday Life in the Early English Caribbean Jenny Shaw, 2013-11-15

Set along both the physical and social margins of the British Empire in the second half of the seventeenth century, *Everyday Life in the Early English Caribbean* explores the construction of difference through the everyday life of colonial subjects. Jenny Shaw examines how marginalized colonial subjects, Irish and Africans, contributed to these processes. By emphasizing their everyday experiences, Shaw makes clear that each group persisted in its own cultural practices. Irish and Africans also worked within and challenged the limits of the colonial regime. Shaw's research demonstrates the extent to which hierarchies were in flux in the early modern Caribbean, allowing even an outcast servant to rise to the position of island planter and underscoring the fallacy that racial categories of black and white were the sole arbiters of difference in the early English Caribbean. The everyday lives of Irish and Africans are obscured by sources

constructed by elites Through her research Jenny Shaw overcomes the constraints such sources impose by pushing methodological boundaries to fill in the gaps silences and absences that dominate the historical record By examining legal statutes census material plantation records travel narratives depositions interrogations and official colonial correspondence as much for what they omit as for what they include *Everyday Life in the Early English Caribbean* uncovers perspectives that would otherwise remain obscured This book encourages readers to rethink the boundaries of historical research and writing and to think more expansively about questions of race and difference in English slave societies *Books Ireland* ,2005

Ireland, Colonialism, and the Unfinished Revolution Robbie McVeigh,Bill Rolston,2023-11-14 A groundbreaking examination of the colonial legacy and future of Ireland showing how Ireland s story is linked to and informs anti imperialism around the world Colonialism is at the heart of making sense of Irish history and contemporary politics across the island of Ireland And as Robbie McVeigh and Bill Rolston argue Ireland s experience is central to understanding the history of colonization and anti colonial politics throughout the world Part history part analysis *Ireland Colonialism and the Unfinished Revolution* charts the centuries of Irish colonial history from England s proto imperial engagement with Ireland in 1155 to the Union in 1801 and the subsequent struggles for Irish independence and the legacies of partition from 1921 A century later the plate tectonics of Irishness are shifting once again The Union is in crisis and alternatives to partition are being seriously considered outside the Republican tradition for the first time in generations These significant structural changes suggest that the coming times might finally see the completion of the decolonization project the finishing of the revolution In the words of the revolutionary P draig Pearse Anois ar theacht an tSamhraidh now the summer is coming **Book Review**
