Challenges in Language Testing Around the World Betty Lanteigne, Christine Coombe, James Dean Brown, 2021-02-17 This book combines insights from language assessment literacy and critical language testing through

critical analyses and research about challenges in language assessment around the world. It investigates problematic practices in language testing which are relevant to language test users such as language program directors, testing centers and language teachers as well as teachers in training in Graduate Diploma and Master of Arts in Applied Linguistics programs. These issues involve aspects of language testing such as test development, test administration, scoring and interpretation, use of test results. Chapters in this volume discuss insights about language testing policy, testing world languages, developing program level language tests and tests of specific language skills and language assessment literacy. In addition, this book identifies two needs in language testing for further examination: the need for collaboration between language test developers, language test users and language users, and the need to base language tests on real world language use.

Handbook of Research on Assessment Literacy and Teacher-Made Testing in the Language Classroom White, Eddy, Delaney, Thomas, 2018-11-23. The evaluation of student performance and knowledge is a critical element of an educator's job as well as an essential step in the learning process for students. The quality and effectiveness of the evaluations given by educators are impacted by their ability to create and use reliable and valuable evaluations to facilitate and communicate student learning. The *Handbook of Research on Assessment Literacy and Teacher-Made Testing in the Language Classroom* is an essential reference source that discusses effective language assessment and educator roles in evaluation design. Featuring research on topics such as course learning outcomes, learning analytics and teacher collaboration, this book is ideally designed for educators, administrative officials, linguists, academicians, researchers and education students seeking coverage on an educator's role in evaluation design and analyses of evaluation methods and outcomes.

Exploring Language Assessment and Testing Anthony Green, 2013-10-01. *Routledge Introductions to Applied Linguistics* is a series of introductory level textbooks covering the core topics in Applied Linguistics, primarily designed for those beginning postgraduate studies or taking an introductory MA course as well as advanced undergraduates. Titles in the series are also ideal for language professionals returning to academic study. The books take an innovative practice to theory approach with a back to front structure. This leads the reader from real world problems and issues through a discussion of intervention and how to engage with these concerns, before finally relating these practical issues to theoretical foundations. Additional features include tasks with commentaries, a glossary of key terms and an annotated further reading section. *Exploring Language Assessment and Testing* is a straightforward introduction to the field that provides an inclusive and impartial survey of both classroom based assessment by teachers and larger scale testing, using concrete examples to guide students to the relevant literature. Ranging from theory to classroom based scenarios, the author provides practical guidance on designing, developing and using assessments with flexible step by step processes for improving the quality of tests and assessment systems to make them fairer and more accurate. This book is an indispensable introduction to the areas of language assessment and testing and will be of interest to language teachers as well as postgraduate and advanced undergraduate students studying
