In 2005 literary and film critic Edward Turk immersed himself in New York City's ACT FRENCH festival a bold effort to enhance American contact with the contemporary French stage This dizzying crash course on numerous aspects of current French theatre paved the way for six months of theatregoing in Paris and a month's sojourn at the 2006 Avignon Festival In French Theatre Today he turns his yearlong involvement with this rich topic into an accessible intelligent and comprehensive overview of contemporary French theatre Situating many of the nearly 150 stage pieces he attended within contexts and timeframes that stretch backward and forward over a number of years he reveals French theatre during the first decade of the twenty first century to be remarkably vital inclined toward both innovation and concern for its audience and as open to international influence as it is respectful of national tradition French Theatre Today provides a seamless mix of critical analysis with lively description theoretical considerations with reflexive remarks by the theatremakers themselves and matters of current French and American cultural politics In the first part New York Turk offers close ups of French theatre works singled out during the ACT FRENCH festival for their presumed attractiveness to American audiences and critics The second part Paris depicts a more expansive range of French theatre pieces as they play out on their own soil In the third part Avignon Turk captures the subject within a more fluid context that is most interestingly both eminently French and resolutely international The Paris and Avignon chapters contain valuable and well informed contextual and background information as well as descriptions of the milieus of the Avignon Festival and the various neighborhoods in Paris where he attended performances information that readers cannot find easily elsewhere Finally in the spirit of inclusiveness that characterizes so much new French theatre and to give a representative account of

his own experiences as a spectator Turk rounds out his survey with observations on Paris's lively opera scene and France's wealth of circus entertainments both traditional and newly envisioned With his shrewd assessments of contemporary French theatre Turk conveys an excitement and an affection for his topic destined to arouse similar responses in his readers His book's freshness and openness will reward theatre enthusiasts who are curious about an aspect of French culture that is inadequately known in this country veteran scholars and students of contemporary world theatre and those American theatre professionals who have the ultimate authority and good fortune to determine which new French works will reach audience

Establishing Shared Knowledge in Political Meetings Hanna Svensson, 2020-09-22 This book investigates the ways in which participants in political activities use micro practices for solving issues of speaking hearing and understanding as fundamental for the activities they engage in Based on extensive video recordings of public meetings within a political grassroots project in the field of urbanism it adopts a conversation analytic and ethnomethodological approach to social action examining the use of interactional repair in processes of claiming negotiating contesting distributing and establishing knowledge in public As a study of the ways in which people interact in political meetings address problems of intersubjectivity and manifest their understanding or lack of understanding of political talk Establishing Shared Knowledge in Political Meetings sheds light on the relationship between interactional problems and political problems It will thus appeal to scholars in sociology and political sciences with interests in ethnomethodology and conversation analysis social interaction social order and political practice
