Tether Joseph Conrad,2022 This selection of four relatively neglected stories by Conrad The End of the Tether The Duel The Return and Amy Foster remind readers that he is not just the teller of sea stories and tales of imperialist action but a writer for an age of global terror and individual trauma H.G. Wells at the End of His Tether Gordon D. Feir,2005 H G Wells was one of the most prolific writers in the English language He published over one hundred books yet he is recognized by only two or three of his popular novels including The Time Machine and War of the Worlds Why has such a well known and widely read author from the nineteenth century almost disappeared from the bookshelves of the twenty first century H G Wells at the End of His Tether attempts to answer this question and others by examining his work from a nineteenth century perspective Wells was a controversial figure He was an avid socialist and a self proclaimed prophet He hated the Church and the Monarchy and spent much of his life promoting utopian ideals world government and other radical concepts that are politically incorrect today As he watched the First World War tear Europe asunder he wrote The War to End War and created a new label for that infamous conflict He was a highly vocal anti war journalist and often frustrated by how little impact he was making on the world When the Second World War descended on Europe he became despondent as he approached the end of his political and literary tether *Hybrid and Hierarchical Composite Materials* Chang-Soo Kim,Charles

Randow,Tomoko Sano,2015-04-08 This book addresses a broad spectrum of areas in both hybrid materials and hierarchical composites including recent development of processing technologies structural designs modern computer simulation techniques and the relationships between the processing structure property performance Each topic is introduced at length with numerous and detailed examples and over 150 illustrations In addition the authors present a method of categorizing these materials so that representative examples of all material classes are discussed **India Rubber World** ,1928
