**Consciousness of Christ** Patrick Joseph Temple, 1922      **The Vincentians: A General History of the Congregation of**  
**the Mission** Luigi Mezzadri CM, Francesca Onnis, 2012-12-14 This second volume begins with the dawn of the eighteenth century and relates how the Congregation of the Mission founded by St Vincent de Paul worked to remain faithful to his vision while adapting itself to the demands of ecclesiastical and political life in France Italy Poland Spain and Portugal overseas missions in North Africa and the Mascarenes as well as the missions taken up after the suppression of the Jesuits in the Middle East and China Among other problems the Missioners found themselves in the middle of fights over Jansenism but tempered by the success of the canonization of Saint Vincent de Paul This is an important down to earth side of history not often told      **Studies in Sacred Theology** , 1922      *The Chinese Face of Jesus Christ: Roman Malek*, 2017-07-05 This volume provides an annotated bibliography of the Western and Chinese literature on Jesus Christ in China It is a sequel to the interdisciplinary collection on the manifold faces and images of Jesus throughout Chinese history from the Tang dynasty 618 907 to the present time The present bibliography broadens and deepens the above mentioned subject matter and also points out aspects which have been addressed in the contributions and anthologies of the previous volumes of *The Chinese Face of Jesus Christ* but which have not been treated thoroughly Another aim of this bibliography is to initiate and enable further research particularly in China It includes bibliographical data from the beginning of the introduction of Christianity to China until the year 2013 occasionally also until 2014 A list of Key References enables the reader to identify important works on main topics related to Jesus Christ in China Some examples of book covers and title pages are included in the section of Illustrations Other volumes of the collection *The Chinese Face of Jesus Christ* are in preparation Vol 3c will present longer quotations from the sources listed in the present bibliography Vol 4b will contain a general index with glossary and Vol 5 will deal with the iconography of Jesus Christ in China      *A Catalogue of Theological Books in Foreign Languages* Nutt, David (Firm), Nutt, firm, booksellers, London, 1857      *A Catalogue of Theological Books in Foreign Languages* Nutt, firm, booksellers, London, 1857      *The Expression Son of Man and the Development of Christology* Mogens Mueller, 2014-10-20 Son of Man is practically the only self designation employed by Jesus himself in the gospels but is used in such a way that no hint is left of any particular theological significance Still during the first many centuries of the church the expression as it was reused was given content first literally as signifying Christ s human nature Later Son of Man was thought to be a christological title in its own right Today many scholars are inclined to think that in an original Aramaic of an historical Jesus it was little more than a rhetorical circumlocution referring to the one speaking Mogens M ller s *The Expression Son of Man and the Development of Christology A History of Interpretation* is the first study of the Son of Man trope which traces the history of interpretation from the Apostolic Fathers to the present concluding that the various interpretations of this phrase

reflect little more than the various doctrinal assumptions held by its interpreters over centuries

*The Unperceived Continuity of Isaiah* James H. Charlesworth, 2018-12-27 This volume highlights the textual evolution of the biblical book called Isaiah from the eighth to the third centuries BCE The book was probably the most important Scripture for the Community that collected or composed the Dead Sea Scrolls it significantly shaped the life and thoughts of John the Baptizer Jesus Paul and the Evangelists Distinguished scholars from the United States Israel Greece and elsewhere discuss the continuing influence of Isaiah from antiquity to today and significantly through Jewish and Christian liturgies With high profile contributors including Dale Allison Jeffrey Chadwick James Charlesworth and Emanuel Tov the volume explores how the Book of Isaiah influenced Jewish and Christian texts and life for nearly three millennia The collection develops from the insights and continuity of Isaiah itself to its relevance in the Dead Sea Scrolls the lives of John the Baptizer and Jesus as well as Paul's Letter to the Romans and the Intra Canonical Gospels This collection presents highly creative and ground breaking scholarship focused on the origin and vital role of one of the most influential books in our culture

**The Son of Man Debate** Delbert Burkett, 2000-01-13 The expression Son of Man used in the Gospels almost exclusively by Jesus has been the object of intensive study since the Protestant Reformation yet scholars have come to no agreement on its origin or meaning Research in this area has been described as a veritable mine field and a can of worms Because of the scope and complexity of the literature no comprehensive survey of the subject has been written in the twentieth century Delbert Burkett's book fills this need It provides a comprehensive historical overview of the debate from the patristic period to 1996 and gives an evaluation of that research and a summation of the present state of the question Burkett concludes that despite nineteen centuries of Son of Man study there is no consensus concerning the meaning or origin of the expression the debate is therefore a prime example of the limits of New Testament scholarship

*Augustine Through the Ages* Allan Fitzgerald, John C. Cavadini, 1999 This one volume reference work provides the first encyclopedic treatment of the life thought and influence of Augustine of Hippo A D 354-430 one of the greatest figures in the history of the Christian church The product of more than 140 leading scholars throughout the world this comprehensive encyclopedia contains over 400 articles that cover every aspect of Augustine's life and writings and trace his profound influence on the church and the development of Western thought through the past two

millennia Major articles examine in detail all of Augustine's nearly 120 extant writings from his brief tractates to his prodigious theological works For many readers this volume is the only source for commentary on the numerous works by Augustine not available in English Other articles discuss Augustine's influence on other theologians from contemporaries like Jerome and Ambrose to prominent figures throughout church history such as Gregory the Great Aquinas Luther Calvin and Harnack Augustine's life the chaotic political events of his world and the church's struggles with such heresies as Arianism Donatism Manicheism and Pelagianism Augustine's thoughts about philosophical problems time the ascent of the soul the nature of truth theological questions guilt original sin free will the Trinity and cultural issues church state relations Roman society     Matthew 21-28 Ulrich Luz, 1992-01-01 There is nothing else in English that compares with Luz's commentary it is the best James M Robinson This volume is a joy to read Schuyler Brown It is an outstanding commentary the first to use the Wirkungsge schichte the understanding of the text throughout the centuries to interpret the text itself Eduard Schweizer     Bookseller's catalogues William Baynes, 1814     Texte und Untersuchungen zur Geschichte der altchristlichen Literatur, 1973     **Pascal and Theology** Jan Miel, 1969 Originally published in 1970 The question of man's freedom to exercise his will as active an issue among twentieth century philosophers and theologians as it was in the Jesuit and Jansenist camps known to Pascal is basic to this study Pascal's theological thinking which Professor Miel demonstrates to be the source of unity and coherence in virtually all phases of his thought is preoccupied by a concern for man's limitations In his analysis of Pascal's theology Miel is concerned not only with characterizing Pascal's theological position but also with evaluating it in terms of the history of the church In a concise and lucid review of the Christian doctrine of grace from the pre Augustinians through the Renaissance the author identifies the intellectual theological atmosphere that created the need for Pascal's strong defense of Augustinian theology Miel considers Pascal's *crits sur la gr ce* *Lettres provinciales* and *Pens es* as well as shorter compositions and correspondence He establishes the content of Pascal's vision of grace and free will noting both its originality and its sense of history Most importantly he asserts that Pascal's affirmation of Jansenism predated his association with Port Royal and indeed was basic to all his adult thought and work The author finds in the writings of Pascal a style that anticipates twentieth century theology a sophistication that belies charges of Pascal's theological na vet and a concern to uphold rather than to undermine doctrinal traditions of the church
