Texas Tough Dangerous Men In Dangerous Times:

Texas Tough Gra'Delle Duncan,1990 **The Governor's Hounds** Barry A. Crouch,Donaly E. Brice,2011-12-15 In the tumultuous years following the Civil War violence and lawlessness plagued the state of Texas often overwhelming the ability of local law enforcement to maintain order In response Reconstruction era governor Edmund J Davis created a statewide police force that could be mobilized whenever and wherever local authorities were unable or unwilling to control lawlessness During its three years 1870 1873 of existence however the Texas State Police was reviled as an arm of the Radical Republican party and widely condemned for being oppressive arrogant staffed with criminals and African Americans and expensive to maintain as well as for enforcing the new and unpopular laws that protected the rights of freed slaves Drawing extensively on the wealth of previously untouched records in the Texas State Archives as well as other contemporary sources Barry A Crouch and Donaly E Brice here offer the first major objective assessment of the Texas State Police and its role in maintaining law and order in Reconstruction Texas Examining the activities of the force throughout its tenure and across the state the authors find that the Texas State Police actually did much to solve the problem of violence in a largely lawless state While acknowledging that much of the criticism the agency received was merited the authors make a convincing case that the state police performed many of the same duties that the Texas Rangers later assumed and fulfilled the same need for a mobile statewide law enforcement agency

Why Texans Fought in the Civil War Charles David Gear,2012-09-01 In *Why Texans Fought in the Civil War* Charles David Gear provides insights into what motivated Texans to fight for the Confederacy Mining important primary sources including thousands of letters and unpublished journals he affords readers the opportunity to hear often in the combatants own words why it was so important to them to engage in tumultuous struggles occurring so far from home As Gear notes in the decade prior to the Civil War the population of Texas had tripled The state was increasingly populated by immigrants from all parts of the South and foreign countries When the war began it was not just Texas that many of these soldiers enlisted to protect but also their native states where they had family ties

Texas Tough Diana Palmer,2023-07-25 Enjoy two classic Lone Star romances from New York Times bestselling author Diana Palmer Connal For years Penelope Mathews worshipped C C Tremayne from afar But the gorgeous loner doesn't want anything to do with her or any woman since his wife's tragic death Until one night when trying to protect C C from landing in trouble Pepi enters a wedding chapel and emerges as Mrs Connal Cade Tremayne When C C realizes what happened he plans to end the marriage Yet the more time he spends with Pepi the more he realizes he doesn't want to lose her Harden Rancher Harden Tremayne was the toughest loneliest man to come out of Texas Until he met Miranda Warren The lovely widow had an overwhelming passion for the long lean cowboy But after she discovered the tragic secret he harbored deep in his soul would her love be enough to melt his heart New York Times Bestselling Author 2 Heartfelt Stories Connal and Harden *Texas Tough* Janet Dailey,2016-03-29 A dangerous complication in an heiress life places her under the protection

Texas Tough Robert Perkinson, 2010-03-11 A vivid history of America s biggest baddest prison system and how it came to lead the nation s punitive revolution In the prison business all roads lead to Texas The most locked down state in the nation has led the way in criminal justice severity from assembly line executions to isolation supermaxes from prison privatization to sentencing juveniles as adults Texas Tough a sweeping history of American imprisonment from the days of slavery to the present shows how a plantation based penal system once dismissed as barbaric became the national template Drawing on convict accounts official records and interviews with prisoners guards and lawmakers historian Robert Perkinson reveals the Southern roots of our present day prison colossus While conventional histories emphasize the North s rehabilitative approach he shows how the retributive and profit driven regime of the South ultimately triumphed Most provocatively he argues that just as convict leasing and segregation emerged in response to Reconstruction so today s mass incarceration with its vast racial disparities must be seen as a backlash against civil rights Illuminating for the first time the origins of America s prison juggernaut Texas Tough points toward a more just and humane future

Dangerous Spaces D. Marvin Jones, 2016-10-24 An eye opening unapologetic explanation of what racial profiling is in modern day America systematic targeting of communities and placing of suspicion on populations on the basis of not only ethnicity but also certain places that are linked to the social identity of that group In 21st century post civil rights era America race has become complex and intersectional It is no longer simply a matter of color black versus white contends author D Marvin Jones but equally a matter of space or geographies of fear which he defines as spaces in which different groups are particularly vulnerable to

stereotyping by law enforcement blacks in the urban ghetto Mexicans at the functional equivalent of the border Arabs at the airport Dangerous Spaces Beyond the Racial Profile demonstrates how society has constructed a set of threat narratives in which certain widespread problems immigration drugs gangs and terrorism for example have been racialized and explains the historical and social origins of these racializing threat narratives The book identifies how these narratives have led directly to relentless profiling that results in arrest deportation massive surveillance or even death for members of suspect populations Readers will come to understand how the problem of profiling is not merely a problem of institutional bias and individual decision making but also a deeply rooted cultural issue stemming from the processes of meaning making and identity construction Forthcoming Books Rose Army,1990 *A Tall Man Rides* H. Berkeley Rourke,2022-02-01 A tall stranger A western town in turmoil A damsel in distress Territorial Arizona 1878 After riding from Phoenix to Yuma in the hopes of joining a company of Arizona Rangers Ross Hendershot is attacked and wounded by a gunman He soon finds himself in the middle of a power struggle surrounded by a multitude of characters with agendas of their own The sheriff of the town is eager to help him and take care of his attacker The owner of Palace Hotel Saloon and Fancy House also befriends him First novel in the Hendershot Series A Tall Man Rides is a compelling story of adventure and danger in the 19th century Wild West

The Texas Pistoleers Ron Williamson,2009 Known as two of the best pistol fighters of their day Ben Thompson and King Fisher have remained an enigma in the chronicles of the American West While other gunfighters have achieved infamy through the stories told in pulp magazines and newspapers of the day these two men were largely ignored Both were credited with killing a string of men during their lifetime and the mere mention of their names was usually enough to sober up a drunken opponent or cause a sober man to contemplate his own epitaph The Texas Pistoleers tells their story in vivid detail and relates the historically accurate account of their deaths in a mystery shrouded ambush in a San Antonio saloon on a chilly March night in 1884 **Texas Rough Guides Snapshot USA (includes Houston, the Gulf Coast, Austin, San Antonio, Dallas and the Panhandle)** Samantha Cook,Greg Ward,Jeff Dickey,Nick Edwards,2012-04-12 The Rough Guide Snapshot to Texas is the ultimate travel guide to this vast and iconic part of the USA It guides you through the state with reliable information and comprehensive coverage of all the sights and attractions from the gleaming skyscrapers of Dallas and Houston to the live music clubs of Austin and the stunning scenery of the Rio Grande Valley Detailed maps and up to date listings pinpoint the best caf s restaurants hotels shops bars and nightlife ensuring you have the best trip possible whether passing through staying for the weekend or longer Also included is the Basics section from The Rough Guide to the USA with all the practical information you need for travelling in and around the Texas including transport food drink costs health sports and festivals Also published as part of The Rough Guide to the USA Full coverage Houston Galveston Laredo Rio Grande Valley Austin the Hill Country New Braunfels Fredericksburg Lyndon B Johnson National Park San Antonio Dallas Fort Worth the Panhandle Lubbock Amarillo Davis Mountains Big Bend National Park El Paso Guadalupe Mountains National

Congressional Record United States. Congress,2000 **Coxsackie** Joseph F. Spillane,2014-05-29 Even handed and free
of jargon a revealing account of how our criminal justice system operates on the ground level Edward D Berkowitz author of
Mass Appeal Joseph F Spillane examines the failure of progressive reform in New York State by focusing on Coxsackie a New
Deal reformatory built for young male offenders Opened in 1935 to serve adolescents adrift Coxsackie instead became an
unstable and brutalizing prison From the start the liberal impulse underpinning the prison s mission was overwhelmed by
challenges it was unequipped or unwilling to face drugs gangs and racial conflict Spillane draws on detailed prison records to
reconstruct a life behind bars in which ungovernable young men posed constant challenges to racial and cultural order The
New Deal order of the prison was unstable from the start the politics of punishment quickly became the politics of race and
social exclusion and efforts to save liberal reform in postwar New York only deepened its failures In 1977 inmates took
hostages to focus attention on their grievances The result was stricter discipline and an end to any pretense that Coxsackie
was a reform institution In today s era of mass incarceration prisons have become conflict ridden warehouses and powerful
symbols of racism and inequality This account challenges the conventional wisdom that America s prison crisis is of
comparatively recent vintage showing instead how a racial and punitive system of control emerged from the ashes of a
progressive ideal Should be required reading for historians of juvenile and criminal corrections Presents a compelling
cautionary tale that contemporary would be reformers ignore at their peril while offering important new insights for scholars
