Campbell,1922 Saving San Antonio Lewis F. Fisher,2016-08-22 Few American cities enjoy the likes of San Antonio s visual links with its dramatic past The Alamo and four other Spanish missions recently marked as a UNESCO World Heritage site are the most obvious but there are a host of landmarks and folkways that have survived over the course of nearly three centuries that still lend San Antonio an odd and antiquated foreignness Adding to the charm of the nation s seventh largest city is the San Antonio River saved to become a winding linear park through the heart of downtown and beyond and a world model for sensitive urban development San Antonio s heritage has not been preserved by accident The wrecking balls and headlong development that accompanied progress in nineteenth century San Antonio roused an indigenous historic preservation movement the first west of the Mississippi River to become effective Its thrust has increased since the mid 1920s with the pioneering work of the San Antonio Conservation Society In *Saving San Antonio* Texas historian Lewis Fisher peels back the myths surrounding more than a century of preservation triumphs and failures to reveal a lively mosaic that portrays the saving of San Antonio s cultural and architectural soul The process entertaining in the telling has reverberated throughout the United States and provided significant lessons for the built environments and economies of cities everywhere American Indian Places Frances H. Treasures of Texas Tristan G. Smith,2025-04-28 The subject matter of National Historic Landmarks is one that will entice readers as this goes beyond a narrative non fiction in depth view of each site This book gives an overview of each site enough to give people the 20 000 foot view that will bring them to the site for a more in depth look and exploration Being able to see present day and historic photos of the site and its history along with directions and visitor information will give them the ability to find and explore on a basic level before deciding where to explore next As a local historian an avid explorer of such sites and having worked on the public sides of historic sites for several years I have a unique ability to boil down the history of a place to make it readable accessible and understandable with it leading the reader to want to visit and explore more Bringing this subject matter to the reader must make it more than a brochure but less than an in depth look site by site Through my years in the museum field I have been doing just that kind of work through marketing and exhibits
