Text As Father Paternal Seductions In Early Mahayana Buddhist Literature:

Text as Father Alan Cole, 2005-08-29 Alan Cole sheds new light on the origin nature of Mahayana Buddhism with close readings of four well known texts the Lotus Sutra Diamond Sutra Tathagatagarbha Sutra Vimalakirtinirdesa Text as Father Alan Cole, 2005 Alan Cole sheds new light on the origin nature of Mahayana Buddhism with close readings of four well known texts the Lotus Sutra Diamond Sutra Tathagatagarbha Sutra Vimalakirtinirdesa *Text as Father* Alan Cole, 2005-08-29 This beautifully written work sheds new light on the origins and nature of Mahayana Buddhism with close readings of four well known texts the Lotus Sutra Diamond Sutra Tathagatagarbha Sutra and Vimalakirtinirdesa Treating these sutras as literary works rather than as straightforward philosophic or doctrinal treatises Alan Cole argues that these writings were carefully sculpted to undermine traditional monastic Buddhism and to gain legitimacy and authority for Mahayana Buddhism as it was veering away from Buddhism's older oral and institutional forms His sophisticated and sustained analysis of the narrative structures and seductive literary strategies used in these sutras suggests that they were specifically written to encourage devotion to the written word instead of other forms of authority be they human institutional or iconic The Oxford Handbook of Buddhist Practice Paula Kane Robinson Arai, Kevin Trainor, 2022 Foregrounds the impact of embodiment in Buddhism Highlights the diversity and fluidity of Buddhist identities The most comprehensive available volume on Buddhist practice Book jacket **Dialogue in Early South Asian Religions** Brian Black, Laurie Patton, 2016-03-09 Dialogue between characters is an important feature of South Asian religious literature entire narratives are often presented as a dialogue between two or more individuals or the narrative or discourse is presented as a series of embedded conversations from different times and places Including some of the most established scholars of South Asian religious texts this book examines the use of dialogue in early South Asian texts with an interdisciplinary approach that crosses traditional boundaries between religious traditions The contributors shed new light on the cultural ideas and practices within religious traditions as well as presenting an understanding of a range of dynamics from hostile and competitive to engaged and collaborative This book is the first to explore the literary dimensions of dialogue in South Asian religious sources helping to reframe the study of other literary traditions around the world *Sacred Schisms* James R. Lewis, Sarah M. Lewis, 2009-05-14 Schism from the Greek to split refers to a group that breaks away from another usually larger organisation and forms a new organisation Though the term is typically confined to religious schisms it can be extended to other kinds of breakaway groups Because schisms emerge out of controversies the term has negative connotations Though they are an important component of many analyses schisms in general have not been subjected to systematic analysis This volume provides the first book length study of religious schisms as a general phenomenon Some chapters examine specific case studies while others provide surveys of the history of schisms within larger religious traditions such as Islam and Buddhism Other chapters are more theoretically focused Examples are drawn from a wide variety of different traditions and geographical areas from early Mediterranean

Christianity to modern Japanese New Religions and from the Jehovah's Witnesses to Neo Pagans Fetishizing Tradition Alan Cole, 2015-09-21 Describes how religious tradition is established as available within a text free from ritual and observance in Buddhism and Christianity This innovative work documents the literary gesture that fetishizes tradition making long standing religious traditions appear present and available through the reading experience Taking as examples Paul's Letter to the Romans the Gospel of Mark the Sutra on the Land of Bliss Sukhavatvyuha and the Platform Sutra of the Sixth Patriarch Liuzutanjing Alan Cole shows how these texts invite readers into the fantasy that they can leave behind tradition's established rites rituals sacrifices institutions and festivals in order to take up just the text and its narrative as the key to salvation Ironically then one's salvation is determined by how one receives the new message of salvation Crucial to making these more virtual forms of tradition appear plausible is the reconstruction of tradition's truth fathers God or the Buddha as the case may be so that they appear to endorse the legitimacy of these new ways of being traditional Relying on a wide body of critical theory this book presents an intriguing way to rethink key elements in Christian and Buddhist thought

A Bull of a Man John Powers, 2009-10-19 In this groundbreaking study of previously unexplored aspects of the early Buddhist tradition Powers adapts methodological approaches from European and North American historiography to the study of early Buddhist literature art and iconography highlighting aspects of the tradition that have been surprisingly invisible in earlier scholarship

Children and Childhood in World Religions Don S. Browning, Marcia J. Bunge, 2009-08-14 While children figure prominently in religious traditions few books have directly explored the complex relationships between children and religion This is the first book to examine the theme of children in major religions of the world Each of six chapters edited by world class scholars focuses on one religious tradition and includes an introduction and a selection of primary texts ranging from legal to liturgical and from the ancient to the contemporary Through both the scholarly introductions and the primary sources this comprehensive volume addresses a range of topics from the sanctity of birth to a child's relationship to evil showing that issues regarding children are central to understanding world religions and raising significant questions about our own conceptions of children today Fragrant Rivers of Wisdom A. Christian van Gorder, 2021-12-09 Buddhism and Christianity are ancient rich and multivalent wisdom spirituality traditions that often have insightful similarities as well as distinct perspectives from entirely different starting points Fragrant Rivers of Wisdom explores some of these paths and encourages readers to gain as far as is possible a participant's appreciation of another faith This book aims to help readers celebrate and enjoy the rich wisdom legacies of a teacher revealing a pure lotus blossoming from mud and the legacies of a peasant Jewish carpenter from Galilee revealing love on a cross Both teachers share the power of love the joys of healing encouragement and the creative resources of spirit filled living Their ancient words and their modern communities still following these paths are dynamically relevant for our modern context of confusion and challenge *Probing the Sutras* Guy Gibbon, 2022-02-25 A compact summary like Probing the Sutras has been sorely

needed for some time as more and more Westerners have dipped into meditation without any understanding of its predominantly Buddhist scriptural underpinning This concise well informed introduction to the history and contents of eleven seminal Buddhist sutras also provides suggestions for reflection meditation and practical applications related to the key teachings of each scripture Readers of *Probing the Sutras* will be able to develop a framework for understanding Buddhist doctrines and see the unique pearls of wisdom contained within each sutra *Encyclopedia of Chinese History* Michael Dillon,2016-12-01 China has become accessible to the west in the last twenty years in a way that was not possible in the previous thirty The number of westerners travelling to China to study for business or for tourism has increased dramatically and there has been a corresponding increase in interest in Chinese culture society and economy and increasing coverage of contemporary China in the media Our understanding of China s history has also been evolving The study of history in the People s Republic of China during the Mao Zedong period was strictly regulated and primary sources were rarely available to westerners or even to most Chinese historians Now that the Chinese archives are open to researchers there is a growing body of academic expertise on history in China that is open to western analysis and historical methods This has in many ways changed the way that Chinese history particularly the modern period is viewed The *Encyclopedia of Chinese History* covers the entire span of Chinese history from the period known primarily through archaeology to the present day Treating Chinese history in the broadest sense the *Encyclopedia* includes coverage of the frontier regions of Manchuria Mongolia Xinjiang and Tibet that have played such an important role in the history of China Proper and will also include material on Taiwan and on the Chinese diaspora In A Z format with entries written by experts in the field of Chinese Studies the *Encyclopedia* will be an invaluable resource for students of Chinese history politics and culture **Black Flesh Matters** Vincent L.

Wimbush,2022-03-18 These essays written over more than thirty years of Vincent L Wimbush s career as a scholar provide a response to the nearly universal persistent and sedimented modern world hyper signification of Black flesh always needing to be framed humiliated policed and dirtied Because Wimbush is a scholar of religion as culture having to do with social practices and their psycho politics as regimes of knowledge discourse formation and power relations his ex centric transdisciplinary interest in scriptures has been viewed in some circles as controversial Yet it is Wimbush s linkage of the modern hyper signification of Black flesh leading to racialization and racism especially anti Black racism to the scriptural as shorthand for discourse and relations of power that makes this work compelling *White Men's Magic* Vincent L.

Wimbush,2014 Characterizing Olaudah Equiano s eighteenth century narrative of his life as a type of scriptural story that connects the Bible with identity formation Vincent L Wimbush s *White Men s Magic* probes not only how the Bible and its reading played a crucial role in the first colonial contacts between black and white persons in the North Atlantic but also the process and meaning of what he terms scripturalization By this term Wimbush means a social psychological political discursive structure or semiosphere that creates a reality and organizes a society in terms of relations and communications

Because it is based on the particularities of Equiano's narrative Wimbush's theoretical work is not only grounded but inductive and shows that scripturalization is bigger than either the historical or the literary Equiano Scripturalization was not invented by Equiano he says but it is not quite the same after Equiano

Buddhism Across Asia Tansen Sen, 2014-04-02

Buddhism across Asia is a must read for anyone interested in the history and spread of Buddhism in Asia. It comprises a rich collection of articles written by leading experts in their fields. Together the contributions provide an in-depth analysis of Buddhist history and transmission in Asia over a period of more than 2000 years. Aspects examined include material culture, politics, economy, languages, and texts, religious institutions, practices, and rituals, conceptualisations, and philosophy, while the geographic scope of the studies extends from India to Southeast Asia and East Asia. Readers' knowledge of Buddhism is constantly challenged by the studies presented, incorporating new materials and interpretations. Rejecting the concept of a reified monolithic and timeless Buddhism, this publication reflects the entangled dynamic and multi-dimensional history of Buddhism in Asia over extended periods of integration, development of multiple centres, and European expansion, which shaped the religion's regional and trans-regional identities. Max Deeg, Cardiff University.

Buddhism Across Asia presents new research on Buddhism in comprehensive spatial and temporal terms. From studies on transmission networks to exegesis on doctrinal matters, linguistics, rituals, and practices, institutions, Buddhist libraries, and the religion's interactions with political and cultural spheres, as well as the society at large, the volume presents an assemblage of essays of breathtaking breadth and depth. The goal is to demonstrate how the transmission of Buddhist ideas serves as a cultural force, a lynchpin that had connected the societies of Asia from past to present. The volume manifests the vitality and maturity of the field of Buddhist studies, and for that, we thank the editor and the erudite authors. Dorothy C. Wong, University of Virginia.

Buddhism Between Religion and Philosophy Rafal K. Stepień, 2024

Nāgārjuna is the most influential of all Buddhist thinkers following the Buddha himself. Throughout his works, Nāgārjuna calls on us to completely abandon all our views. But how could anyone possibly do that? This book shows not only how Nāgārjuna's truly radical teaching of abelief makes perfect sense within his Buddhist philosophy but how it stands at the summit of his religious mission to care for all living beings. Rather than treating any one aspect of Nāgārjuna's ideas in isolation, here he emerges as forging a single system of thought and practice, one that challenges the very ways in which we think about religion and philosophy.

MisReading America Vincent L. Wimbush, Lalruatkima, Melissa Renee Reid, 2013-07-09

MisReading America presents original research on and conversation about reading formations in American communities of color using the phenomenon of the reading of scriptures, scripturalizing as an analytical wedge. Scriptures here are understood as shorthand for complex social phenomena, practices, and dynamics. The authors take up scripturalizing as a window onto the self-understandings, politics, practices, and orientations of marginalized communities. These communities have in common the context that is the United States with the challenges it holds for all regarding pressure to conform to conventional canonical forms of communication, representation.
