Hugh J. Silverman

That Is To Say Heideggers Poetics Meridian:

That Is to Say: Heidegger's Poetics Marc Froment-Meurice, 1998 This first book length study of what Heidegger called thinking poetics expounds the sense of language from the perspective of fundamental ontology It is based on readings of the pertinent chapters of Being and Time the lectures on Hlderlin The Origin of the Work of Art and On the Way to Language

Poetry and the Question of Modernity Ian Cooper, 2020-01-15 Interest in Martin Heidegger was recently reawakened by the revelations in his newly published Black Notebooks of the full terrible extent of his political commitments in the 1930s and 1940s The revelations reminded us of the dark allegiances co existing with one of the profoundest and most important philosophical projects of the twentieth century one that is of incomparable importance for literature and especially for poetry which Heidegger saw as embodying a receptiveness to Being and a resistance to the instrumental tendencies of modernity Poetry and the Question of Modernity From Heidegger to the Present is the first extended account of the relationship between Heidegger s philosophy and the modern lyric It argues that some of the best known modern poets in German and English from Paul Celan to Seamus Heaney and Les Murray are in deep imaginative affinity with Heidegger s enquiry into finitude language and Being But the work of each of these poets challenges Heidegger because each appeals to a transcendence taking place in language that is inseparable from the motion of encounter with embodied others It is thus poetry which reveals the full measure of Heidegger s relevance in redefining modern selfhood and poetry which reveals the depth of his blindness *Inflected Language: Toward a Hermeneutics of Nearness* Krzysztof Ziarek, 1994-10-11 In the aftermath of poststructuralist debates *Inflected Language* proposes to rethink the ontological and ethical dimensions of language by rereading Heidegger s work more specifically his reflection on poetry and by engaging Levinas ethics and contemporary poetics Building on the readings of Heidegger Levinas Stevens and Celan the author contends that against common misinterpretations their approach to language forces us to reexamine the very basis of relations to alterity whether that of the world things or people According to the new view of language offered in these works thought s job is not first and foremost cognition in the sense of understanding calculations and definition but in securing alterity against cognitive assimilation instead In this context *Inflected Language* reshapes the current philosophico literary debate about language by showing how the apparently neutral differential play of signification is already invested with ethical and worldly signification In order to avoid obliterating this elusive signification in theorizing language Ziarek proposes following a new mode of reading a post Heideggerian hermeneutics of nearness which foregrounds the poetic element in language and its ways of figuring the other Late modernist poetics Anthony Mellors, 2024-06-04 This book explores the uncanny afterlife of modernist ideals in the second half of the twentieth century Rejecting the familiar notion that modernism dissolved during the 1930s it argues that the fusion of rationalism and mysticism which characterises modernist poetics was sustained long after its politics had been discredited by the events of World War Two The book s central concern is why the aesthetic

mysticism that Walter Benjamin called the faith of those who made common cause with Fascism continued to be a guiding principle for literary elites and countercultural movements alike New light is shed on the relationship between occultism and the Pound tradition especially in terms of Pound's influence on post 1945 Anglo American poetry and a critical theory of late modernism is offered which shows how belated notions of cultural redemption have survived in contemporary poetry This wide ranging contextual study focuses on the poetry of Ezra Pound Charles Olson Paul Celan and J H Prynne and explores the development of modernist culture through its theories of phenomenology psychoanalysis science ethnography and ancient history

The End of the Poem Giorgio Agamben, Daniel Heller-Roazen, 1999 This book by one of Italy's most important and original contemporary philosophers represents a broad general and ambitious undertaking nothing less than an attempt to rethink the nature of poetic language and to rearticulate relationships among theology poetry and philosophy in a tradition of literature initiated by Dante The author presents literature as a set of formal or linguistic genres that discuss or develop theological issues at a certain distance from the discourse of theology This distance begins to appear in Virgil and Ovid but it becomes decisive in Dante and in his decision to write in the vernacular His vernacular Italian reaches back through classical allusion to the Latin that was in his day the language of theology but it does so with a difference It is no accident that in the *Commedia* Virgil is Dante's guide The book opens with a discussion of just how Dante's poem is a comedy and it concludes with a discussion of the ends of poetry in a variety of senses enjambment at the ends of lines the concluding lines of poems and the end of poetry as a mode of writing this sort of literature Of course to have poetry end does not mean that people stop writing it but that literature passes into a period in which it is concerned with its own ending with its own bounds and limits historical and otherwise Though most of the essays make specific reference to various authors of the Italian literary tradition including Dante Polifilo Pascoli Delfini and Caproni they transcend the confines of Italian literature and engage several other literary and philosophical authors Plato Aristotle the Stoics Boethius the Provençal poets Mallarmé and Hölderlin among others

Between Celan and Heidegger Pablo Oyarzun, 2022-06-01 The relevance of Martin Heidegger's thinking to Paul Celan's poetry is well known Between Celan and Heidegger proposes that while the relation between them is undeniable it is also marked by irreducible discord Pablo Oyarzun begins with a deconstruction of Celan's *Todtnauberg* written after the poet visited Heidegger in his Schwarzwald cabin The poem stands as a milestone not only in the complex relationship between the two men but also in the state of poetry and philosophy in late modernity in the aftermath of the Holocaust Discussion then turns to *The Meridian* Celan's acceptance speech for the prestigious Böckler Prize for German language literature Other issues are insistently addressed place art language pain existence and the Heideggerian notion of dialogue as Oyarzun revisits several essential poems from Celan's oeuvre A rare translation of Oyarzun's work into English Between Celan and Heidegger affirms the uniqueness of Celan's poetry in confrontation both with Heidegger's discourse on *Dichtung* a poetic saying centered in the idea of gathering and with Western philosophical notions of art techné mimesis poiesis language and

thinking more broadly *The Rhetorical Afterlife of Photographic Evidence* John Hancock Muse, 2006 In Praise of Nonsense Winfried Menninghaus, 1999-10-01 Shells leafwork picture frames hummingbirds wallpaper decorations hems of clothing such are the examples Kant's Critique of Judgment offers for a free and purely aesthetic beauty Menninghaus's book demonstrates that all these examples refer to a widely unknown debate on the arabesque and that Kant in displacing it addresses genuinely modern phenomena The early Romantic poetics and literature of the arabesque follow and radicalize Kant's move Menninghaus shows parergonality and nonsense to be two key features in the spread of the arabesque from architecture and the fine arts to philosophy and finally to literature On the one hand comparative readings of the parergon in Enlightenment aesthetics Kant and Schlegel reveal the importance of this term for establishing the very notion of a self reflective work of art On the other hand drawing on Kant's posthumous anthropological notebooks Menninghaus extrapolates an entire Kantian theory of what it means to produce nonsense and why the Critique of Judgment defines genius precisely through the power as well as the dangers of doing so Ludwig Tieck's 1797 rewriting of Charles Perrault's famous Bluebeard tale 1697 explicitly claims to be an arabesque book without any sense and coherence Menninghaus's close reading of this capricious narrative reveals a specifically Romantic as opposed say to a Victorian or dadaistic type of nonsense Benjamin's as well as Propp's L vi Strauss's and Meletinskij's oppositions of myth and fairy tale lend additional credit to a Romantic poetics that inaugurates universal poetry while performing a bizarre trajectory through arabesque ornament nonsense parergonality and the fairy tale

Resistances of Psychoanalysis Jacques Derrida, 1998 In the three essays that make up this stimulating and often startling book Jacques Derrida argues against the notion that the basic ideas of psychoanalysis have been thoroughly worked through argued and assimilated The continuing interest in psychoanalysis is here examined in the various resistances to analysis conceived not only as a phenomenon theorized at the heart of psychoanalysis but as psychoanalysis's resistance to itself an insusceptibility to analysis that has to do with the structure of analysis itself Derrida not only shows how the interest of psychoanalysis and psychoanalytic writing can be renewed today but these essays afford him the opportunity to revisit and reassess a subject he first confronted in an essay on Freud in 1966 They also serve to clarify Derrida's thinking about the subjects of the essays Freud Lacan and Foucault a thinking that especially with regard to the last two has been greatly distorted and misunderstood The first essay on Freud is a tour de force of close reading of Freud's texts as philosophical reflection By means of the fine distinctions Derrida makes in this analytical reading particularly of *The Interpretation of Dreams* he opens up the realm of analysis into new and unpredictable forms such as meeting with an interdiction when taking an analysis further is forbidden by a structural limit Following the essay that might be dubbed Derrida's return to Freud the next is devoted to Lacan the figure for whom that phrase was something of a slogan In this essay and the next on Foucault Derrida reencounters two thinkers to whom he had earlier devoted important essays which precipitated stormy discussions and numerous divisions within the intellectual milieus influenced by their writings In

this essay which skillfully integrates the concept of resistance into larger questions Derrida asks in effect What is the origin and nature of the text that constitutes Lacanian psychoanalysis considering its existence as an archive as teachings as seminars transcripts quotations etc Derrida s third essay may be called not simply a criticism but an appreciation of Foucault s work an appreciation not only in the psychological and rhetorical sense but also in the sense that it elevates Foucault s thought by giving back to it ranges and nuances lost through its reduction by his readers his own texts and its formulaic packaging

Lyotard Hugh J. Silverman, 2016-01-20 Jean Franois Lyotard the highly influential twentieth century philosopher of the postmodern has had an enormous impact on the course and commitment of contemporary philosophy Lyotard Philosophy Politics and the Sublime is a thoroughgoing reassessment of his extraordinary legacy and contribution to contemporary cultural political ethical and aesthetic theory and an indispensable guide to key issues in his philosophy Fifteen distinguished scholars have contributed new original essays examining the main themes in Lyotard s work with a focus on the special intersections of philosophy psychoanalysis politics and the experience of the sublime in art The volume includes an up to date bibliography of works by and about Lyotard previously unpublished photographs of Lyotard and an incisive essay by Lyotard himself on the philosophical significance of Freud s case of Emma

The Top Books of the Year That Is To Say Heideggers Poetics Meridian The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have captivated audiences this year. That Is To Say Heideggers Poetics Meridian : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. That Is To Say Heideggers Poetics Meridian : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
