The Abolition of Prison Jacques Lesage de La Haye, 2021-07-13 *The Abolition of Prison* provides a reflection from a longtime prison abolitionist psychoanalyst and former prisoner on the history theory and practice of anti prison activism in France and globally over the last fifty years This book powerfully makes the case for the end of prisons punishment and guilt and instead suggests we work towards social change care collectivity The book weaves together Lesage de La Haye's own experiences in prison as a psychiatrist and as a social theorist with the simple argument that if we take the reasons for prison and punishment at their word we must evaluate the system as a complete failure So then why continue to support it and funnel money into it

Spain and the Abolition of Slavery in Cuba, 1817-1886 Arthur F. Corwin, 2014-10-03 This book explores the abolition of African slavery in Spanish Cuba from 1817 to 1886 from the first Anglo Spanish agreement to abolish the slave trade until the removal from Cuba of the last vestige of black servitude Making extensive use of heretofore untapped research sources from the Spanish archives the author has developed new perspectives on nineteenth century Spanish policy in Cuba He skillfully interrelates the problem of slavery with international politics with Cuban conservative and liberal movements and with political and economic developments in Spain itself Arthur Corwin finds that the study of this problem falls naturally into two phases the first of which 1817 1860 traces the gradual reduction of the African traffic to the Spanish Antilles and constitutes in effect a study in Anglo Spanish diplomacy He gives special attention here to the aggressive nature of British abolitionist diplomacy and the mounting but generally ineffective indignation resulting from Spanish failure to apply sanctions against the traffic as well as the increasing North American interest in the annexation of Cuba The first phase has for its principal theme the manner in which for decades Spain feigned compliance with agreements to end the slave trade while actually protecting slaveholding interests as the best means of holding Cuba The American Civil War which destroyed the greatest bulwark of black slavery in the New World marked the opening of a new phase 1860 1886

The author strongly emphasizes here such influences as the rise of the Creole reform movement in Cuba and Puerto Rico which reading the signs of the times gave the initial impulse to a Spanish abolitionist movement and contributed to closing the Cuban slave trade in 1866 the liberal revolution of 1868 in Spain and its promise of colonial reforms the outbreak of the great Creole rebellion in Cuba 1868 1878 and the abolitionist promises of the rebel chieftains the threat of American intervention and the abolitionist pressure of American diplomacy and the protests of the Spanish reactionaries in Spain and Cuba leading to further procrastination in Madrid The second phase has as its principal theme the shaping through all these intertwined factors of Spain's first measure of gradual emancipation the Moret Law of 1870 and all subsequent steps toward abolition

Scotland and the Abolition of Black Slavery, 1756-1838 Iain Whyte, 2006-06-21 Although much has been written about Scottish involvement in slavery the contribution of Scots to the abolition of black slavery has not yet been sufficiently recognised This book starts with a Virginian slave seeking his freedom in Scotland in 1756 and ends with the abolition of the apprenticeship scheme in the West Indian colonies in 1838 Contemporary documents and periodicals reveal a groundswell of revulsion to what was described as the horrible traffick in humans Petitions to Parliament came from remote islands in Shetland as well as from large public meetings in cities In a land steeped in religion ministers and church leaders took the lead in giving theological support to the cause of abolition The contributions of five London Scots who were pivotal to the campaign throughout Britain are set against opposition to abolition from many Scots with commercial interests in the slave trade and the sugar plantations Missionaries and miners trades guilds and lawyers all played their parts in challenging slavery Many of their struggles and frustrations are detailed for the first time in an assessment of the unique contribution made by Scotland and the Scots to the destruction of an institution whose effects are still with us today
