Stowe,1980      Practical Astronomy H R Mills,2014-03-14 This practical manual provides essential material for the extensive world wide community of non professional astronomers Every page of the book is alive with the infectious enthusiasm of the author whose expertise knowledge and teaching experience provides easy access to the fascination and enjoyment of sky watching Provides essential material for the extensive world wide community of non professional astronomers The author s enthusiasm is reflected in every page and his expertise knowledge and teaching experience provides easy access to the fascination and enjoyment of sky watching Includes chapters on the celestial sphere the sun and sundials star positions star maps planispheres and nomograms and light and basic optics      **Return to the Far Side of Planet Moore!** Martin Mobberley,2015-03-20 The result of an exhaustive study of Sir Patrick Moore s observations of the Moon and planets for more than 60 years this book is a fantastic companion to the extremely popular It Came From Outer Space Wearing an RAF Blazer written by the same author Moore recorded his telescopic observations in his logbooks which are reproduced and described here in detail along with his sketches and notes In this light the author discusses the factors that caused Moore to switch from lunar observing to planetary and variable star observing He has also included personal recollections and humorous anecdotes from Moore s friends and acquaintances as well as a look at his best loved books Further chapters describe Moore s foreign travels and correspondence with those back home Lastly the author has not neglected a few of Moore s most memorable television and radio appearances which are examined along with a close up of what it was like to visit Moore s beloved home of Farthings in Selsey Essentially this is a book written by popular demand from the readers of the author s original biography who craved more of Moore      **Guinness Book of Sports Records, Winners & Champions** ,1982      **A Complete Manual of Amateur Astronomy** P. Clay Sherrod,Thomas L. Koed,2012-11-13 Concise highly readable book discusses the selection set up and maintenance of a telescope amateur studies of the sun lunar topography and occultations and more 124 figures 26 halftones 37 tables      **It's Part of What We Are - Volumes 1 and 2 - Volume 1: Richard Boyle (1566-1643) to John Tyndall (1820-1893); Volume 2: Samuel Haughton (18210-1897) to John Stewart Bell (1928-1990)** Charles Mollan,2007-11-15 Biographies of more than 100 Irish scientists or those with strong Irish connections in the disciplines of Chemistry and Physics including Astronomy Mathematics etc describing them in their Irish and international scientific social educational and political context Written in an attractive informal style for the hypothetical educated layman who does not need to have studied science Well received in Irish and international reviews      **It Came From Outer Space Wearing an RAF Blazer!** Martin Mobberley,2013-07-23 To British television viewers the name Patrick Moore has been synonymous with Astronomy and Space Travel since he first appeared on The Sky at Night in 1957 To amateur astronomers he has been a

source of inspiration joy humour and even an eccentric role model since that time Most people know that his 55 years of presenting The Sky at Night is a world record but what was he really like in person What did he do away from the TV cameras in his observatory and within the British Astronomical Association the organisation that inspired him as a youngster Also precisely what did he do during the War Years a subject that has always been shrouded in mystery Martin Mobberley a friend of Patrick Moore s for 30 years and a former President of the British Astronomical Association has spent ten years exhaustively researching Patrick s real life away from the TV cameras His childhood RAF service tireless voluntary work for astronomy and charity and his endless book writing are all examined in detail His astronomical observations are also examined in unprecedented detail along with the battles he fought along the way and his hatred of bureaucracy and political correctness No fan of Sir Patrick Moore can possibly live without this work on their bookshelf *The Document* Alice V Todd,2024-07-19 They say that everybody has a book in them When I embarked on my retirement journey I decided to discover mine resulting in this my debut novel Amidst the ancient stones of Stonehenge on the dawn of the new millennium s first summer solstice Christopher s day takes an unexpected turn A stray piece of paper carried by the morning breeze finds its way to him But it s not just the paper that captures his attention it s the captivating stranger who appears just as mysteriously Together they unravel the cryptic foreign writings on the paper diving deep into a puzzle that leads them on a quest for understanding Is the document they ve stumbled upon a profound revelation or just an elaborate ruse Join Christopher and his newfound companion as they journey to decode The Document and in the process discover more than they ever anticipated **THE CREATOCRACY REPUBLIC** High King Peter K. Matthews - Akukalia,2025-04-02 The Creatocracy Republic is first ever world state dominion now invented by Peter K Matthews Akukalia in his invented body of knowledge fields of study and academic disciplines branded MAKUPEDIA It earned him the exalted titles as His Creative Excellency and Imperial Majesty in accordance to scriptures from the Almighty GOD found in the book of Job 40 10 after fulfilling the supernatural cosmic instructions set out for creativity and invention of the world state in Job 38 33 and Ephesians 1 10 All things are operant on the solar core energy lunar matter and resultant behavior from stellar core The measurement of the solar core temperature discovery of the diamond as key element its applications and programming to invent the first diamond driven anti inflation solar currencies and successfully writing the formula for the universes emerged him the Solar Crown King He is celebrated worldwide as the sovereign great emperor of the Paradise Nation The Creatocracy World State Republic of Paradise is his exclusive world state and dominion housing his numerous intellectual treasures world class institutional field assets mind cities royalties and twenty two seasons drama for learning and entertainment **Unveiling the Universe** J.E. van Zyl,2012-12-06 Many books on general astronomy have been published in recent years but this one is exceptional in several respects It not only provides the complete newcomer to astronomy with a broad picture covering all aspects historical observational space research methods cosmology but it also presents enough

more advanced material to enable the really interested student to take matters further Astronomy is essentially a mathematical science but there are many people who are anxious to take more than a passing interest and yet are not equipped to deal with mathematical formulae In this book therefore the mathematical sections are deliberately separated out so that they can be passed over without destroying the general picture The result is that the book will be equally useful to beginners to more advanced readers and to those who really want to go deeply into the subject for instance at university level The whole text is written with admirable clarity and there are excellent illustrations together with extensive appendices which give lists of objects of various types together with more detailed mathematical explanations All in all the book may be said to bridge the gap between purely popular works and more advanced treatises as such it deserves a very wide circulation and it will undoubtedly run to many future editions
