The Coming of Winter David Adams Richards,2011-09-20 David Adams Richards finds universal truths in the very particular setting of New Brunswick's Miramichi Valley This his first novel provides a window upon a world that is as unsettling as uncontrollable and as inescapably authentic as a sudden brawl The frustrations of the community are brought into focus in the plights of 20 year old Kevin Dulse his family and especially his wild young friends An intensely realistic story it stands firm upon its engaging unaffected characters and the raw talent of its then 22 year old author A System of Natural Philosophy John Lee Comstock,1854 **The Seeds of Winter** A.W. Cross,2017-06-30 Would you become a cyborg just to survive I did and it ended the world In 2040 three factions went to war over the creation of artilects sentient androids indistinguishable from human beings Five years later Ailith wakes to find the Artilect War over and the modern world destroyed Her only connection to the life she once knew is Tor a stranger who protected her as she slept A cyborg Like her They believed they were the only ones they were wrong Others of their kind are alive and facing execution Their deaths must be prevented at all costs for if they die humankind will become extinct But as Ailith and Tor face off against old enemies and a self proclaimed god they begin to doubt the true nature of their design They can trust no one not even each other despite the passion that binds them together Humanity fought a war to annihilate us Now their future depends on our survival We are the seed The Seeds of Winter is the first book in the Artilect War saga If you like dystopian science fiction with cyborgs heroines and a dash of meta you ll love this series **Essays on the Autumnal and Winter Epidemics** John Esten
