

CLAIMS + PROOF

- Both speakers of the Helen poems view their Helens as objects.
- Prove each one:**
 - Poe: calls her “statuelike” / her beauty is a ship that brings her home / “thy hyacinth hair, thy classic face” / he views her as a goddess, untouchable
 - HD: the “the still eyes in the white face” (explain the use of “the” instead of “her” white face) / her “cool feet”

The Poems of W.B. Yeats Peter McDonald, 2023-05-31 In this multi volume edition the poetry of W B Yeats 1865-1939 is presented in full with newly established texts and detailed wide ranging commentary Yeats began to write verse in the nineteenth century and over time his own arrangements of poems repeatedly revised and rearranged both texts and canon This edition of Yeats's poetry presents all his verse both published and unpublished including a generous selection of textual variants from the many manuscript and printed sources The edition also supplies the most extensive commentary on Yeats's poetry to date explaining specific references and setting poems in their contexts it also gives an account of the vast range of both literary and historical influences at work on the verse The poems are presented in order of composition and major revisions or rewritings of poems result in separate inclusions in chronological sequence for these writings as they were subsequently reconceived by the poet In this third volume Yeats's poetry of the first decade of the twentieth century is brought into sharp focus revealing the extent of his efforts to refashion a style that had already made him a well known poet All of the major modes in Yeats's earlier work are subject to radical reimagining in these years from poetic narrative founded in Irish myth in poems such as *Baile and Ailinn* and *The Old Age of Queen Maeve* to the symbolist drama poetry of *The Shadowy Waters* here edited in its two completely different versions of 1900 and 1906 In a decade when the theatre was one of Yeats's principal concerns his lyric poems which were becoming increasingly explicit in personal terms began to discover new intensities of conversational pitch and mythic resonance Poems such as *The Folly of Being Comforted* *Adam's Curse* *No Second Troy* and *The Fascination of What's Difficult* are given close attention in this new edition alongside topical and epigrammatic pieces that are often passed over in accounts of Yeats's development The evolving complexities of Yeats's personal and political lives are crucial to his artistic growth in these years and the commentary gives these generous attention showing how the poetry both feeds upon and often transcends the circumstances of its composition The volume offers strong evidence for this decade as a crucial one in Yeats's poetic life in which the poet created wholly new registers for his verse as well as new dimensions for his imaginative vision

Helen of Troy Dimitris Tsaloumas, 2010-07 *Helen of Troy and Other Poems* is Dimitris Tsaloumas's last book of poems written in English It is a book of elaborate splendour holding within it the breathtaking sequence *A Winter Journey* that contains all the great Tsaloumas themes of the self its world its art its journeys and its failures And as always there are his

great recurring symbols of the seasons the winds dreams the plains and the city Moving effortlessly between the Greek Islands and suburban Australia these poems also cross and re cross the borders of structure and chaos life and death inner and outer worlds dislocation and belonging **Helen in Egypt** Hilda Doolittle, 1974 The fabulous beauty of Helen of Troy is legendary But some say that Helen was never in Troy that she had been conveyed by Zeus to Egypt and that Greeks and Trojans alike fought for an illusion A fifty line fragment by the poet Stesichorus of Sicily c 640 555 B C what survives of his Pallinode tells us almost all we know of this other Helen and from it H D wove her book length poem Yet Helen in Egypt is not a simple retelling of the Egyptian legend but a recreation of the many myths surrounding Helen Paris Achilles Theseus and other figures of Greek tradition fused with the mysteries of Egyptian hermeticism *Helen Redeemed and Other Poems* Maurice Hewlett, 1913 Homer's Daughters Fiona Cox, Elena Theodorakopoulos, 2019-10-03 This collection of essays examines the various ways in which the Homeric epics have been responded to reworked and rewritten by women writers of the twentieth and early twenty first centuries Beginning in 1914 with the First World War it charts this understudied strand of the history of Homeric reception over the subsequent century up to the present day analysing the extraordinary responses both to the Odyssey and to the Iliad by women from around the world The backgrounds of these authors and the genres they employ memoir poetry children's literature rap novels testify not only to the plasticity of Homeric epic but also to the widening social classes to whom Homer appeals and it is unsurprising to see the myriad ways in which women writers across the globe have played their part in the story of Homer's afterlife From surrealism to successive waves of feminism to creative futures Homer's footprint can be seen in a multitude of different literary and political movements and the essays in this volume bring an array of critical approaches to bear on the work of authors ranging from H D and Simone Weil to Christa Wolf Margaret Atwood and Kate Tempest Students and scholars of not only classics but also translation studies comparative literature and women's writing will find much to interest them while the volume's concluding reflections by Emily Wilson on her new translation of the Odyssey are an apt reminder to all of just how open a text can be and of how great a difference can be made by a woman's voice **Poems without Poets** Boris Kayachev, 2021-03-31 The canon of classical Greek and Latin poetry is built around big names with Homer and Virgil at the center but many ancient poems survive without a firm ascription to a known author This negative category anonymity ties together texts as different as for instance the orally derived Homeric Hymns and the learned interpolation that is the Helen episode in Aeneid 2 but they all have in common that they have been maltreated in various ways consciously or through neglect by generations of readers and scholars ancient as well as modern These accumulated layers of obliteration which can manifest for instance in textual distortions or aesthetic condemnation make it all but impossible to access anonymous poems in their pristine shape and context The essays collected in this volume attempt each in its own way to disentangle the bundles of historically accreted uncertainties and misconceptions that affect individual anonymous texts including pseudepigrapha ascribed to Homer Manetho Virgil and

Tibullus literary and inscribed epigrams and unattributed fragments Poems without Poets will be of interest to students and scholars working on any anonymous ancient texts but also to readers seeking an introduction to classical poetry beyond the limits of the established canon **EDGAR ALLAN POE: 72 Short Stories and Novels & 80+ Poems** Edgar Allan

Stylistic Innovation, Conscious Experience, and the Self in Modernist Women's Poetry Kristina Marie Darling, 2021-10-07 Stylistic Innovation Conscious Experience and the Self in Modernist Women's Poetry examines representations of philosophical discourses in Modernist women's writing Philosophers argued in the early twentieth century for an understanding of the self as both corporeal and relational shaped and reshaped by interactions within a community The once clear distinction between self and other was increasingly called into question This breakdown of boundaries between self and world often manifested in the style of early twentieth century literary works Modernist poetry like stream of consciousness fiction used metaphor sound and a revision of received grammatical structures to blur the boundaries between the individual and collective This book explores the ways that feminist writers like Mina Loy H D Gertrude Stein and Marianne Moore used style and technique to respond to these philosophical debates reclaiming agency over a predominantly male philosophical discourse While many critics have addressed the thematic content of these writers work few scholars have taken up this question while focusing on the style of the writing This book shows how these feminist poets used seemingly small stylistic choices in poetry to make necessary contributions to contemporary philosophical discourses ultimately rendering these philosophical conversations more inclusive
