**History of the Church through the Ages** Robert H. Brumback, 2007-02-21      **The Catholic Church Through the Ages** John Vidmar, 2014      *The Supraconscience of Humanity* Eduard Hugo Strauch, 2010 This book makes Strauch one of the true intellectuals in America DR Charles Herberger professor emeritus in literature      **John of Damascus and Islam** Peter Schadler, 2017-12-05 How did Islam come to be considered a Christian heresy In this book Peter Schadler outlines the intellectual background of the Christian Near East that led John a Christian serving in the court of the caliph in Damascus to categorize Islam as a heresy Schadler shows that different uses of the term heresy persisted among Christians and then demonstrates that John's assessment of the beliefs and practices of Muslims has been mistakenly dismissed on assumptions he was highly biased The practices and beliefs John ascribes to Islam have analogues in the Islamic tradition proving that John may well represent an accurate picture of Islam as he knew it in the seventh and eighth centuries in Syria and Palestine

**In His Name** E. Christopher Reyes, 2010-05 Many devout Christians will not like this book as I have discovered that they are neither interested nor concerned with anything which challenges their long taught beliefs I did not make history but merely write on its historical significance in the events of mankind For those truth seekers who are interested in the Why regarding religious beliefs this book offers a genesis of Christian beliefs Religion is a multi million dollar a year business and world wide that figure runs into the billions Is the true nature of faith focused on mankind or merely a financial endeavor Extraordinary care has been taken to present the good and the bad as well as the ugly side of religion      **The Last of the**

**Heretics** Algernon Sidney Crapsey, 1924      **The Dawn of Science** Thanu Padmanabhan, Vasanthi Padmanabhan, 2019-04-23 This lucid and captivating book takes the reader back to the early history of all the sciences starting from antiquity and ending roughly at the time of Newton covering the period which can legitimately be called the dawn of the sciences Each of the 24 chapters focuses on a particular and significant development in the evolution of science and is connected in a coherent way to the others to yield a smooth continuous narrative The at a glance diagrams showing the When and Where give a brief summary of what was happening at the time thereby providing the broader context of the scientific events highlighted in that chapter Embellished with colourful photographs and illustrations and boxed highlights scattered throughout the text this book is a must read for everyone interested in the history of science and how it shaped our world today      **The Medieval World** Peter Linehan, Janet L. Nelson, 2013-09-13 This groundbreaking collection brings the Middle Ages to life and conveys the distinctiveness of this diverse constantly changing period Thirty eight scholars bring together one medieval world from many disparate worlds from Connacht to Constantinople and from Tynemouth to Timbuktu This extraordinary set of reconstructions presents the reader with a vivid re drawing of the medieval past offering fresh appraisals of the evidence and modern historical writing Chapters are thematically linked in four sections identities beliefs social values and symbolic order power and power structures elites organizations and groups Packed full of original

scholarship The Medieval World is essential reading for anyone studying medieval history     *A History of the Inquisition of the Middle Ages: Origin and organization of the Inquisition* Henry Charles Lea,1887     *A History of the Inquisition of the Middle Ages* Henry Charles Lea,1888     The Unknown History of Jewish Women Through the Ages Rachel Elior,2023-05-22

The Unknown History of Jewish Women On Learning and Illiteracy On Slavery and Liberty is a comprehensive study on the history of Jewish women which discusses their absence from the Jewish Hebrew library of the People of the Book and interprets their social condition in relation to their imposed ignorance and exclusion from public literacy The book begins with a chapter on communal education for Jewish boys which was compulsory and free of charge for the first ten years in all traditional Jewish communities The discussion continues with the striking absence of any communal Jewish education for girls until the late nineteenth and early twentieth century and the implications of this fact for twentieth century immigration to Israel 1949 1959 The following chapters discuss the social cultural and legal contexts of this reality of female illiteracy in the Jewish community a community that placed a supreme value on male education The discussion focuses on the patriarchal order and the postulations rules norms sanctions and mythologies that in antiquity and the Middle Ages laid the religious foundations of this discriminatory reality     **Second Tolstoy** Steve Hickey,2021-11-12 Very few if any have devoted more years to practicing and teaching others to practice the precepts of Jesus s Sermon on the Mount than Leo Tolstoy He stands apart in the history of interpretation and has had enormous influence on others and other countries Yet Gandhi or others often get the glory Tolstoy is remembered as a great writer but his religious and philosophical works are by and large unknown or disparaged even in scholarly Tolstoyan circles His contribution is substantially under appreciated and misunderstood In *Second Tolstoy* The Sermon on the Mount as Theo tactics Steve Hickey captures the particulars and dynamics of Tolstoy s interpretation of the Sermon on the Mount from a deliberately sympathetic vantage point Underlying this project is shared belief with Tolstoy that the Sermon on the Mount is liveable and to be lived While from the vantage point of traditional orthodoxy Tolstoy got much wrong there remains a lack of appreciation for what he got right radical obedience to the teachings of Jesus A new vocabulary is proposed to more precisely capture Tolstoyan lived theology namely the political and social expressions of Tolstoyan Christianity with the hope that these theories and practices will gain a wider consideration understanding and following     *Christi-Anarchy* Dave Andrews,2012-02-01 Jesus Christ preached a gospel of love and peace with justice But the history of the Christian religion is littered with every kind of evil What went wrong How have we become a generation that is seeking God but rejecting organized religion How can we rediscover the authentic message of Jesus This challenging book explores the reasons behind the atrocities committed in the name of Christ It offers the vision of Jesus as a source of radical renewal of individuals and societies Author of the acclaimed Plan Be Series Dave Andrews shows how we can be inspired by the model of Jesus compassion and his hunger for justice to work with marginal groups for real transformation in our world     Awakening the Soul: Book 2 Bill Missett,2005-10-18 I am absolutely in awe of

Lea,1955 **Living in the Shadow of the Cross** Paul Kivel,2013-10-01 How our dominant Christian worldview shapes everything from personal behavior to public policy and what to do about it Over the centuries Christianity has accomplished much which is deserving of praise Its institutions have fed the hungry sheltered the homeless and advocated for the poor Christian faith has sustained people through crisis and inspired many to work for social justice Yet although the word Christian connotes the epitome of goodness the actual story is much more complex Over the last two millennia ruling elites have used Christian institutions and values to control those less privileged throughout the world The doctrine of Christianity has been interpreted to justify the killing of millions and its leaders have used their faith to sanction participation in colonialism slavery and genocide In the Western world Christian influence has inspired legislators to continue to limit women s reproductive rights and has kept lesbians and gays on the margins of society As our triple crises of war financial meltdown and environmental destruction intensify it is imperative that we dig beneath the surface of Christianity s benign reputation to examine its contribution to our social problems Living in the Shadow of the Cross reveals the ongoing everyday impact of Christian power and privilege on our beliefs behaviors and public policy and emphasizes the potential for people to come together to resist domination and build and sustain communities of justice and peace Paul Kivel is the award winning author of Uprooting Racism and the director of the Christian Hegemony Project He is a social justice activist and educator who has focused on the issues of violence prevention oppression and social justice for over forty five years The Death Penalty James J. Megivern,1997 A comprehensive history of the death penalty in the West that provides more material on capital punishment in Western Christian history than is available in any other work in English **The Jihad of Jesus** Dave Andrews,2015-05-29 We are caught up in the cycle of so called holy wars In The Jihad of Jesus Dave Andrews argues that while this inter communal conflict is endemic it is not inevitable Depending on our understanding our religions can be either a source of escalating conflict or a resource for overcoming inter communal conflict and for our religions to be a resource for overcoming conflict we need to understand the heart of all true religion as open hearted compassionate spirituality In the light of an open hearted compassionate spirituality we can reclaim the word jihad from extremists who have mis appropriated it as a call to holy war and reframe it in truly Qur anic terms as a sacred nonviolent struggle for justice and we can reconsider Jesus as he is in the Gospels not as a poster boy for Christians fighting crusades against Muslims but as a strong but gentle Messianic figure who can bring Christians and Muslims together As this book shows many Christians and Muslims have found Isa Jesus and the Bismillah celebrating the mercy grace and compassion of God as common ground upon which they can stand and work for the common good The Jihad of Jesus is a handbook for reconciliation and action a do it yourself

Prof. Kenneth Onapolis, Th.D., Ph.D.,2019-04-17 HOLY BLOOD HOLY GRAIL Fact or Fiction The book Holy Blood Holy Grail by Michael Baigent et al is anything but accurate free from error conforming exactly to truth restricted to or based upon fact If it were not for the real people and real places interwoven within the fallacies the HBHG book would have failed to qualify as nonfiction even under the very liberal literary definition of the term As Prof Onapolis demonstrates in this long overdue analysis of the HBHG virtually none of the HBHG authors claims hypotheses or conclusions are supported by historical fact Prof Onapolis reveals that the primary source of the documents relied upon by the HBHG authors was no other than Pierre Plantard In 1993 Pierre Plantard admitted in a French court of law to having orchestrated the fabrication of the documents relied upon by the HBHG authors as part of an elaborate fraud      The Dark Side of Christian History Helen Ellerbe,1995 By denying evil we do harm By denying darkness we obscure the light Over a period of almost two millennia the Christian Church has oppressed and brutalized millions of individuals in an attempt to control and contain spirituality The Dark Side of Christian History reveals in painstaking detail the tragedies sorrows and injustices inflicted upon humanity by the Church This expose is a compelling and passionate cry for human dignity and spiritual freedom Book jacket
