Cultural Heritage and the Challenge of Sustainability Diane Barthel-Bouchier,2016-06-16 For cultural and heritage institutions around the world sustainability is the major challenge of the twenty first century In the first major work to analyze this critical issue Barthel Bouchier argues that programmatic commitments to sustainability arose both from direct environmental threats to tangible and intangible heritage and from social and economic contradictions as heritage developed into a truly global organizational field Drawing on extensive fieldwork and interviews over many years as well as detailed coverage of primary documents and secondary literature she examines key international organizations including UNESCO ICOMOS and the World Monuments Fund and national trust organizations of Great Britain the United States and Australia and many others This wide ranging study establishes a foundation for critical analysis and programmatic advances as heritage professionals encounter the growing challenge of sustainability

The Challenge of Rethinking History Education Bruce A. VanSledright,2010-09-13 Every few years in the United States history teachers go through what some believe is an embarrassing national ritual A representative group of students sit down to take a standardized U S history test and the results show varied success Sizable percentages of students score at or below a basic understanding of the country s history Pundits seize on these results to argue that not only are students woefully ignorant about history but history teachers are simply not doing an adequate job teaching historical facts The overly common practice of teaching history as a series of dates memorizing the textbook and taking notes on teachers lectures ensues In stark contrast social studies educators like Bruce A VanSledright argue instead for a more inquiry oriented approach to history teaching and learning that fosters a sense of citizenship through the critical skills of historical investigation Detailed case studies of exemplar teachers are included in this timely book to make visible in an easily comprehensible way the thought processes of skilled teachers Each case is then unpacked further to clearly address the question of what history teachers need to know to teach in an investigative way The Challenge of Rethinking History Education is a must read for anyone looking for a guide to both the theory and practice of what it means to teach historical thinking to engage in investigative practice with students and to increase students capacity to critically read and assess the nature of the complex culture in which they live

Angkor Wat - A Transcultural History of Heritage Michael Falser,2019-12-16 This book unravels the formation of the modern concept of cultural heritage by charting

its colonial postcolonial nationalist and global trajectories By bringing to light many unresearched dimensions of the twelfth century Cambodian temple of Angkor Wat during its modern history the study argues for a conceptual connected history that unfolded within the transcultural interstices of European and Asian projects With more than 1 400 black and white and colour illustrations of historic photographs architectural plans and samples of public media the monograph discusses the multiple lives of Angkor Wat over a 150 year long period from the 1860s to the 2010s Volume 1 Angkor in France reconceptualises the Orientalist French colonial discovery of the temple in the nineteenth century and brings to light the manifold strategies at play in its physical representations as plaster cast substitutes in museums and as hybrid pavilions in universal and colonial exhibitions in Marseille and Paris from 1867 to 1937 Volume 2 Angkor in Cambodia covers for the first time in this depth the various on site restoration efforts inside the Archaeological Park of Angkor from 1907 until 1970 and the temple s gradual canonisation as a symbol of national identity during Cambodia s troublesome decolonisation 1953 89 from independence to Khmer Rouge terror and Vietnamese occupation and finally as a global icon of UNESCO World Heritage since 1992 until today Congratulations to our author Michael Falser who received the prestigious 2021 ICAS Book Prize in the Ground Breaking Subject Matter category

Cultural Mega-Events and Heritage Davide Ponzini, 2023-03-21 This book analyses case studies of heritage rich cities that hosted mega events to discuss emerging challenges controversies and accomplishments The future of mega events has never been more uncertain The ongoing COVID 19 pandemic has introduced an unparalleled level of doubt regarding the kind of mega events that will take place in the coming years This book arrives at a quite unique moment of reflection Prior to 2020 cities were already questioning the traditional format of mega events e g Olympics and Expo while other cultural mega events have been spreading and gaining popularity thanks in part to typically lower costs of infrastructures and venues far more adaptable arrangements spatial distribution and time frame for hosting In these ways they have already been demonstrating higher flexibility in which to respond to future health and safety constraints When it comes to the relation to the existing city cultural mega events have been planned implemented and studied far more than any other By leveraging the richness of cultural mega events this multidisciplinary collection deepens the intersection between events and cultural heritage The chapters in this book provide a new theoretical framework critical questions and relevant case studies to argue that the nexus between mega events and heritage is a key challenge for many cities in Europe and beyond The chapters in this book were originally published as a special issue of *European Planning Studies*

Art and Cultural Heritage Barbara T. Hoffman, 2006 Art and Cultural Heritage is appropriately but not solely about national and international law respecting cultural heritage It is a bubbling cauldron of law mixed with ethics philosophy politics and working principles looking at how cultural heritage law policy and practice should be sculpted from the past as the present becomes the future Art and cultural heritage are two pillars on which a society builds its identity its values its sense of community and the individual The authors explore these demanding concerns

untangle basic values and look critically at the conflicts and contradictions in existing art and cultural heritage law and policy in its diverse sectors The rich and provocative contributions collectively provide a reasoned discussion of the issues from a multiplicity of views to permit the reader to understand the theoretical and philosophical underpinnings of the cultural heritage debate Understanding and Teaching Primary History James Percival,2020-03-09 Primary history is one of the richest areas of teaching and learning but in order to teach it well you need a strong understanding of key historical concepts and the content of the national curriculum Combining a detailed focus on the core skills and principles underpinning good history teaching this book will help you to appreciate the key concepts that underpin historical understanding engage deeply with the programmes of study for Key Stage 1 and 2 understand the links between historical reasoning and constructivist accounts of how children learn apply a cross curricular approach to your teaching assess children s historical understanding
