, 1998 **The Pictorial History of England During the Reign of George the Third Being a History of the People, as Well as a History of the Kingdom by George L. Craik and Charles MacFarlane, Assisted by Other Contributors**

The two decades since the last authoritative general history of Dutch Jews was published have seen such substantial developments in historical understanding that new assessment has become an imperative. This volume offers an indispensable survey from a contemporary viewpoint that reflects the new preoccupations of European historiography and allows the history of Dutch Jewry to be more integrated with that of other European Jewish histories. Historians from both older and newer generations shed significant light on all eras providing fresh detail that reflects changed emphases and perspectives. In addition to such traditional subjects as the Jewish community's relationship with the wider society and its internal structure, its leaders and its international affiliations, new topics explored include the socio-economic aspects of Dutch Jewish life seen in the context of the integration of minorities, more widely a reassessment of the Holocaust years and consideration of the place of Holocaust memorialization in community life and the impact of multiculturalist currents on Jews and Jewish politics. Memory studies, diaspora studies, postcolonial studies and digital humanities all play their part in providing the fullest possible picture. This wide-ranging scholarship is complemented by a generous plate section with eighty fully captioned colour illustrations.
