Richard W. Etulain

The 60s Communes Hippies And Beyond:

The 60s Communes Timothy Miller, 1999-12-01 The greatest wave of communal living in American history crested in the tumultuous 1960s era including the early 1970s To the fascination and amusement of more decorous citizens hundreds of thousands of mostly young dreamers set out to build a new culture apart from the established society Widely believed by the larger public to be sinks of drug ridden sexual immorality the communes both intrigued and repelled the American people The intentional communities of the 1960s era were far more diverse than the stereotype of the hippie commune would suggest A great many of them were religious in basis stressing spiritual seeking and disciplined lifestyles Others were founded on secular visions of a better society Hundreds of them became so stable that they survive today This book surveys the broad sweep of this great social yearning from the first portents of a new type of communitarianism in the early 1960s through the waning of the movement in the mid 1970s Based on more than five hundred interviews conducted for the 60s Communes Project among other sources it preserves a colorful and vigorous episode in American history The book includes an extensive directory of active and non active communes complete with dates of origin and dissolution The 60s

Communes Timothy Miller, 1999 The greatest wave of communal living in American history crested in the tumultuous 1960s era including the early 1970s To the fascination and amusement of more decorous citizens hundreds of thousands of mostly young dreamers set out to build a new culture apart from the established society Widely believed by the larger public to be sinks of drug ridden sexual immorality the communes both intrigued and repelled the American people The intentional communities of the 1960s era were far more diverse than the stereotype of the hippie commune would suggest A great many of them were religious in basis stressing spiritual seeking and disciplined lifestyles Others were founded on secular visions of a better society Hundreds of them became so stable that they survive today This book surveys the broad sweep of this great social yearning from the first portents of a new type of communitarianism in the early 1960s through the waning of the movement in the mid 1970s Based on more than five hundred interviews conducted for the 60s Communes Project among other sources it preserves a colorful and vigorous episode in American history The book includes an extensive directory of active and non active communes complete with dates of origin and dissolution **The 60s Communes** Timothy

Miller, 2015-02-01 The greatest wave of communal living in American history crested in the tumultuous 1960s era including the early 1970s To the fascination and amusement of more decorous citizens hundreds of thousands of mostly young dreamers set out to build a new culture apart from the established society Widely believed by the larger public to be sinks of drug ridden sexual immorality the communes both intrigued and repelled the American people The intentional communities of the 1960s era were far more diverse than the stereotype of the hippie commune would suggest A great many of them were religious in basis stressing spiritual seeking and disciplined lifestyles Others were founded on secular visions of a better society Hundreds of them became so stable that they survive today This book surveys the broad sweep of this great social

yearning from the first portents of a new type of communitarianism in the early 1960s through the waning of the movement in the mid 1970s Based on more than five hundred interviews conducted for the 60s Communes Project among other sources it preserves a colorful and vigorous episode in American history The book includes an extensive directory of active and non active communes complete with dates of origin and dissolution *Beyond the Missouri* Richard W. Etulain, 2006 This new historical overview tells the dramatic story of the American West from its prehistory to the present A narrative history it covers the region from the North Dakota to Texas states to the Pacific Coast and includes experiences and contributions of American Indians Hispanics and African Americans *Communal Utopias and the American Experience Religious Communities, 1732-2000* Robert P. Sutton, 2003-09-30 American communalism is not a disjointed erratic almost ephemeral part of our past but an on going essential part of American history This important study begins with an examination of America s first religious utopia at Ephrata near Lancaster Pennsylvania in 1732 and traces successive utopian experiments in the United States through the following centuries The author demonstrates that the utopian communal story is an integral facet of the Puritan concept of America as a city upon a hill and a beacon light for the world where the perfect society could be built and where it could flourish After discussing the Ephrata Cloister 1724 1812 the author turns to the dozen or so Shaker communities that spread utopian communalism from New England to the Ohio Valley frontier in the antebellum years Next he examines the various Separatists as well as the Oneida Community He traces the history of the Hutterite utopias from Russia to the Great Plains and Canada between the Civil War and World War I In a chapter on California counter culture communities he analyzes the Theosophist communes at Pint Loma and Temple Home Finally he discusses modern religious utopias ranging from the Koreshian Unity at Estero Florida to Zion City near Chicago Dorothy Day s Catholic Worker Movement the Sufi Utopia in the Berkshire Mountains and the Pandanaram Settlement in Indiana [The Columbia Guide to America in the 1960s](#) David Farber, Beth Bailey, 2003-04-09 The 1960s continue to be the subject of passionate debate and political controversy a touchstone in struggles over the meaning of the American past and the direction of the American future Amid the polemics and the myths making sense of the Sixties and its legacies presents a challenge This book is for all those who want to take it on Because there are so many facets to this unique and transformative era this volume offers multiple approaches and perspectives The first section gives a lively narrative overview of the decade s major policies events and cultural changes The second presents ten original interpretative essays from prominent historians about significant and controversial issues from the Vietnam War to the sexual revolution followed by a concise encyclopedia articles organized alphabetically This section could stand as a reference work in itself and serves to supplement the narrative Subsequent sections include short topical essays special subjects a brief chronology and finally an extensive annotated bibliography with ample information on books films and electronic resources for further exploration With interesting facts statistics and comparisons presented in almanac style as well as the expertise of prominent scholars [The Columbia Guide to](#)

America in the 1960s is the most complete guide to an enduringly fascinating era **Daughters of Aquarius** Gretchen Lemke-Santangelo, 2009 The first book to focus specifically on the women of the counterculture movement reveals how hippie women launched a subtle rebellion by rejecting their mothers suburban domesticity in favor of their grandmothers agrarian ideals which assigned greater value to women's contributions *The Business of Marketing, Entrepreneurship, and Architecture of Communal Societies in the 1960s and 1970s* Rahima Schwenkbeck, 2021-11-13 This book provides an in depth history of three US based communal societies that operated in the late 1960s and 1970s Soul City Stelle and Twin Oaks with an emphasis on their financing marketing and entrepreneurship processes These communities reflect the diversity of people who were dissatisfied with the direction in which American society was heading often underpinned by concerns over racism sexism the environment and capitalism and decided to take the radical step of joining a communal society A moral economy approach offers a lens on how these communities were prevented from fully realizing their visions due to the confines of capitalism as embedded in banking practices zoning laws and systemic racism Fourierist Communities of Reform Amy Hart, 2021-07-23 This book explores the intersections between nineteenth century social reform movements in the United States Delving into the little known history of women who joined income sharing communities during the 1840s this book uses four community case studies to examine social activism within communal environments In a period when women faced legal and social restrictions ranging from coverture to slavery the emergence of residential communities designed by French utopian writer Charles Fourier introduced spaces where female leadership and social organization became possible Communitarian women helped shape the ideological underpinnings of some of the United States most enduring and successful reform efforts including the women's rights movement the abolition movement and the creation of the Republican Party Dr Hart argues that these movements were intertwined with activists influencing multiple organizations within unexpected settings **Spiritual and Visionary Communities** Timothy Miller, 2016-04-01 Exploring religious and spiritual intentional communities active in the world today Spiritual and Visionary Communities provides a balanced introduction to a diverse range of communities worldwide Breaking new ground with its focus on communities which have had little previous academic or public attention the authors explore a part of contemporary society which is rarely understood Communities studied include Israeli kibbutzim Mandarom the Twelve Tribes The Farm and the Camphill movement Written from a range of perspectives this collection includes contributions from members of the groups themselves former members and academic observers and as such will offer a unique and invaluable discussion of religious and spiritual communities in the U S Europe and beyond

The Captivating World of Kindle Books: A Thorough Guide Revealing the Pros of E-book Books: A Realm of Ease and Versatility Kindle books, with their inherent portability and ease of access, have liberated readers from the constraints of hardcopy books.
