The Abolitionists

G Orfield

The Abolitionists:

The Abolitionists and the South, 1831-1861 Stanley Harrold, 1995-01-01 Within the American antislavery movement that reached its peak during the thirty years before the Civil War abolitionists were the most outspoken opponents of slavery. They were also distinct from other members of the movement in advocating on the basis of moral principle the immediate emancipation of slaves and equal rights for black people. Instead of focusing on the immediatists as products of northern culture as previous historians have done, Stanley Harrold examines their involvement with antislavery action in the South, particularly in the region that bordered on the free states. How, he asks, did antislavery action in the South help shape abolitionist beliefs and policies in the period leading up to the Civil War? At the heart of this book is a dramatic story of individuals who under the auspices of northern abolitionism actively opposed slavery in the upper South. Harrold explores the interaction of northern abolitionists, southern white emancipators, and southern black liberators in fostering a continuing antislavery focus on the South and integrates southern antislavery action into an understanding of abolitionist reform culture. He describes the risks taken by those northerners who went south to rescue slaves from their masters and discusses the impact of abolitionist missionaries who preached an antislavery gospel to the enslaved as well as to the free. Harrold also offers an assessment of the impact of such activities on the coming of the Civil War and Reconstruction.

The Abolitionist Movement Claudine L. Ferrell, 2005-12-30 The abolitionists of the 1830s-1850s risked physical harm and social alienation as a result of their refusal to ignore what they considered a national sin contrary to the ideals upon which America was founded. Derived from the moral accountability called for by the Great Awakening and the Quaker religion, the abolitionist movement demanded not just the gradual dismantling of the system or a mandated political end to slavery but an end to prejudice in the hearts of the American people. Primary documents, illustrations, and biographical sketches of notable figures illuminate the conflicted struggle to end slavery in America. Some called them fanatics; others called them liberators and saints. Immeasurable though their ultimate impact may have been, the abolitionists of the 1830s-1850s risked physical harm and social alienation as a result of their refusal to ignore what they considered a national sin contrary to the ideals upon which America was founded. Derived from the moral accountability called for by the Great Awakening and the Quaker religion, the abolitionist movement demanded not just the gradual dismantling of the system or a mandated political end to slavery but an end to prejudice in the hearts of the American people. Claudine Ferrell's concluding essay draws parallels between the abolitionists' struggles and the Civil Rights movement of the 1950s-1970s, demonstrating the significant amount of ground being gained in a still unfinished war. Five narrative chapters explore the abolitionist movement's religious beginnings, the conflict between moral justice and union preservation, and the revolts, divisions, and conflicts leading up to the Civil War. Biographical portraits of such notable figures as Frederick Douglass, William Lloyd Garrison, and the Grimké sisters supplement the discussion, and selections from some of the most influential documents in American history, including the

Emancipation Proclamation the US Constitution and The Writings of Thomas Jefferson provide actual historical evidence of the events Twelve illustrations a chronology index and extensive annotated bibliography make this an ideal starting point for students looking to understand the battle for and against slavery in America The Abolitionists and the South, 1831-1861 Stanley Harrold,2021-11-21 Within the American antislavery movement abolitionists were distinct from others in the movement in advocating on the basis of moral principle the immediate emancipation of slaves and equal rights for black people Instead of focusing on the immediatists as products of northern culture as many previous historians have done Stanley Harrold examines their involvement with antislavery action in the South particularly in the region that bordered the free states How he asks did antislavery action in the South help shape abolitionist beliefs and policies in the period leading up to the Civil War Harrold explores the interaction of northern abolitionist southern white emancipators and southern black liberators in fostering a continuing antislavery focus on the South and integrates southern antislavery action into an understanding of abolitionist reform culture He discusses the impact of abolitionist missionaries who preached an antislavery gospel to the enslaved as well as to the free Harrold also offers an assessment of the impact of such activities on the coming of the Civil War and Reconstruction The Abolitionists Louis Ruchames,2020-04-23 Forceful inflammatory writings on slavery by many authors to present a comprehensive view of the Abolitionist movement the most powerful force in the framing of the Northern anti slavery attitude before the Civil War Print ed The Abolitionist Decade, 1829-1838 Kevin C. Julius,2004-11-10 The years between America s founding and the cusp of the Civil War are often overlooked in discussions of America s struggle over slavery The conflagration that nearly destroyed the country did not ignite quickly but was the culmination of a long smoldering debate that saw significant developments in those intervening decades In particular the period from 1829 to 1838 witnessed the growth of the Abolitionist movement begun by determined visionaries bent on bringing the evils of slavery to the forefront of America s consciousness and ending a glaring injustice Attacked by their opponents scorned by both sides for their missionary zeal often relegated to a footnote in history the Abolitionists were key in shaping the argument over slavery and bringing America s greatest internal struggle to its conclusion This examination of the Abolitionist movement presents a year by year outline of the period from 1829 to 1838 chronicling the growth of the Abolitionists as a social and political group By giving an overview of other important occurrences each year it depicts the movement in a broader context cementing relationships between seemingly disparate elements of American history and giving the movement its full due in the struggle to end slavery *American Abolitionists* Stanley Harrold,2014-09-25 This book the latest in the Seminar Studies in History series examines the movement to abolish slavery in the US from the origins of the movement in the eighteenth century through to the Civil War and the abolition of slavery in 1865 Books in this Seminar Studies in History series bridge the gap between textbook and specialist survey and consists of a brief Introduction and or Background to the subject valuable in bringing the reader up to speed on the area being examined followed by a

substantial and authoritative section of Analysis focusing on the main themes and issues There is a succinct Assessment of the subject a generous selection of Documents and a detailed bibliography Stanley Harrold provides an accessible introduction to the subject synthesizing the enormous amount of literature on the topic American Abolitionists explores the roles of slaves and free blacks in the movement the importance of empathy among antislavery whites for the suffering slaves and the impact of abolitionism upon the sectional struggle between the North and the South Within a basic chronological framework the author also considers more general themes such as black abolitionists feminism and anti slavery violence For readers interested in American history

The Abolitionists, Together with Personal Memories of the Struggle for Human Rights, 1830-1864 John Ferguson Hume, 1905

Right and Wrong among the Abolitionists of the United States: or the Objects, principles and measures of the original American Anti-Slavery Society, unchanged: being a defence against the assaults of the recently formed Massachusetts [sic] Abolition, and the American and Foreign Anti-Slavery Societies ... With an introductory letter by Miss Martineau ... and an appendix John Anderson COLLINS, 1841

Lincoln and the Abolitionists Stanley Harrold, 2018-03-14 Cover Title Copyright Dedication Contents Introduction 1 Different Worlds 2 Different Paths 3 Limited Convergence 4 Lincoln Keeps his Distance 5 National Impact 6 Contentious Relationship 7 Drawing Closer as Criticism Continues Conclusion Acknowledgments Notes Bibliography Index Gallery About the Author Other Titles in Series Back Cover

Abolitionists Remember Julie Roy Jeffrey, 2008 Jeffrey examines the autobiographical writings of former abolitionists such as Laura Haviland Frederick Douglass Parker Pillsbury and Samuel J May revealing that they wrote not only to counter the popular image of themselves as fanatics but also to remind readers of the harsh reality of slavery and to advocate equal rights for African Americans in an era of growing racism Jim Crow and the Ku Klux Klan from publisher description
