WEINER,1990 *Journal of Youth Services in Libraries* ,1991 **More Creative Uses of Children's Literature** Mary Ann Paulin,1992 To cover the immense publishing explosion of children s books films and other media for the 1980s Mary Ann Pauline has created an encyclopedic set of volumes to complement and update her celebrated book *Creative Uses of Children s Literature* *School Library Media Activities Monthly* ,1999 **Video Sourcebook Supplement** Furtaw,1994-03 **The Literate Kindergarten** Susan L. Kempton,2007 This very important book reaffirms the beauty and uniqueness of children s developing minds and the power that is unleashed when their imaginations are nurtured Susan Zimmermann Kindergarten has changed and not necessarily for the better Once a joyful time when children grow into school gradually today it often resembles a watered down first grade where academic pressures squelch creativity and play The Literate Kindergarten shows how carefully balancing academics with song movement talk and play creates an environment where every child can grow and learn Sue Kempton is a master teacher and in The Literate Kindergarten she shares the thinking the structures even the precise language she uses to help young children become motivated engaged and joyful learners Kempton guides you through the three domains of learning on which she bases her lessons and actions the cognitive creative and emotional With this framework in mind Kempton offers clues to interpreting children s talk and body language so that you know which domain they are engaged in as well as specific questions and phrases that draw out their thinking and make learning visible From there The Literate Kindergarten offers effective suggestions for establishing routines and creating cooperation developing oral language modeling the language of thinking teaching across content areas supporting students as they become socialized to school recognizing the vital importance of integrating music movement and play familiarizing children with concepts of print comprehension strategies and other important literacy habits Discover thoughtful ways to create a safe nurturing predictable learning space for children where their thoughts and feelings are encouraged Read The Literate Kindergarten and discover a comprehensive resource that can bring joy and serious learning to your classroom **Spellbound** Craig McDaniel,Jean Robertson,2016-07-01 Asserting that written language is on the verge of its greatest change since the advent of the printing press visual artist Craig McDaniel and art historian Jean Robertson bring us *Spellbound* a collection of heavily illustrated essays that interrogate assumptions about language and typography Rethinking the alphabet they argue means rethinking human communication Looking beyond traditional typography the authors conceive of new languages in which encoded pictorial images offer an unparalleled fusion of art and language In a world of constant technological innovation offered by e books tablets cell phones and the Internet McDaniel

and Robertson demonstrate provocatively what it would mean to move beyond the alphabet we know to a wholly new system of written communication
