Navy** D.M. Loades, 2017-09-29 Here for the first time complete in print is the famous pictorial survey of Henry VIII's navy compiled in 1546 by Anthony Anthony a clerk in the ordnance office Originally comprising three rolls of vellum the MS features paintings of each of the king's 58 ships below which are set details of their guns shot and related equipment Two of the original rolls were allegedly given by Charles II to Samuel Pepys who had them cut to form a volume which is one of the treasures of his library now at Magdalene College Cambridge The other roll remains in the British Library Several of the illustrations have become familiar especially that of the Mary Rose herself already a wreck when Anthony presented his work to the king The present edition re-assembles the
