Sister Revolutions French Lightning American Light

Martin Edward Malia

Sister Revolutions French Lightning American Light:

Sister Revolutions Susan Dunn, 2024-07-02 A keen and judicious meditation on the two great revolutions that created the modern world what they had in common and where and why they diverged Arthur Schlesinger Jr Pulitzer Prize winning author In 1790 the American diplomat and politician Gouverneur Morris compared the French and American Revolutions saying that the French have taken Genius instead of Reason for their guide adopted Experiment instead of Experience and wander in the Dark because they prefer Lightning to Light Although both revolutions professed similar Enlightenment ideals of freedom equality and justice there were dramatic differences The Americans were content to preserve many aspects of their English heritage the French sought a complete break with a thousand years of history The Americans accepted nonviolent political conflict the French valued unity above all The Americans emphasized individual rights while the French stressed public order and cohesion Why did the two revolutions follow such different trajectories What influence have the two different visions of democracy had on modern history And what lessons do they offer us about democracy today In a lucid narrative style with particular emphasis on lively portraits of the major actors Susan Dunn traces the legacies of the two great revolutions through modern history and up to the revolutionary movements of our own time Her combination of history and political analysis will appeal to all who take an interest in the way democratic nations are governed Stimulating and provocative shows not only how the French and American experiments developed but also why their differing examples have continued to beguile leaders Paul Gray Time

Teaching American History in a Global Context Carl J. Guarneri, Jim Davis, 2015-07-17 This comprehensive resource is an invaluable teaching aid for adding a global dimension to students understanding of American history It includes a wide range of materials from scholarly articles and reports to original syllabi and ready to use lesson plans to guide teachers in enlarging the frame of introductory American history courses to an international view The contributors include well known American history scholars as well as gifted classroom teachers and the book s emphasis on immigration race and gender points to ways for teachers to integrate international and multicultural education America in the World and the World in America in their courses The book also includes a Views from Abroad section that examines problems and strategies for teaching American history to foreign audiences or recent immigrants A comprehensive annotated guide directs teachers to additional print and online resources

Jefferson's Second Revolution Susan Dunn, 2018-06-01 An excellent history of the tumultuous early years of American government and a constitutional crisis sparked by the Electoral College Booklist In the election of 1800 Federalist incumbent John Adams and the elitism he represented faced Republican Thomas Jefferson Jefferson defeated Adams but through a quirk in Electoral College balloting tied with his own running mate Aaron Burr A constitutional crisis ensued Congress was supposed to resolve the tie but would the Federalists hand over power peacefully to their political enemies to Jefferson and his Republicans For weeks on end nothing was certain The Federalists delayed and plotted while Republicans threatened to take up arms In a way no previous

historian has done Susan Dunn illuminates this watershed moment in American history She captures its great drama gives us fresh finely drawn portraits of the founding fathers and brilliantly parses the enduring significance of the crisis The year 1800 marked the end of Federalist elitism pointed the way to peaceful power shifts cleared a place for states rights in the political landscape and set the stage for the Civil War Dunn a scholar of eighteenth century American history has provided a valuable reminder of an election in which the stakes were truly enormous and the political vituperation was far more poisonous than the relatively moderate attacks heard today An excellent work that effectively explains this critical contest that shaped the history of the new republic Booklist Dunn does a superb job of recounting the campaign its cast of characters and the election s bizarre conclusion in Congress That tense standoff could have plunged the country into a disastrous armed conflict Dunn explains but instead cemented the legitimacy of peaceful if not smooth transfers of power Publishers Weekly Dunn simultaneously teaches and enthralls with her eloquent five sensed descriptions of the people and places that shaped our democracy Entertainment Weekly

History's Locomotives Martin Edward Malia,2006-01-01 This masterful comparative history traces the West s revolutionary tradition and its culmination in the Communist revolutions of the twentieth century Unique in breadth and scope History s Locomotives offers a new interpretation of the origins and history of socialism as well as the meanings of the Russian Revolution the rise of the Soviet regime and the ultimate collapse of the Soviet Union History s Locomotives is the masterwork of an esteemed historian in whom a fine sense of historical particularity never interfered with the ability to see the large picture Martin Malia explores religious conflicts in fifteenth and sixteenth century Europe the revolutions in England American and France and the twentieth century Russian explosions into revolution He concludes that twentieth century revolutions have deep roots in European history and that revolutionary thought and action underwent a process of radicalization from one great revolution to the next Malia offers an original view of the phenomenon of revolution and a fascinating assessment of its power as a driving force in history

The Citizenship Experiment René Koekkoek,2020-01-23 The Citizenship Experiment explores the fate of citizenship ideals in the Age of Revolutions While in the early 1790s citizenship ideals in the Atlantic world converged the twin shocks of the Haitian Revolution and the French Revolutionary Terror led the American French and Dutch publics to abandon the notion of a shared Atlantic revolutionary vision of citizenship Instead they forged conceptions of citizenship that were limited to national contexts restricted categories of voters and advanced stages of civilization Weaving together the convergence and divergence of an Atlantic revolutionary discourse debates on citizenship and the intellectual repercussions of the Terror and the Haitian Revolution Koekkoek offers a fresh perspective on the revolutionary 1790s as a turning point in the history of citizenship

George Washington Reconsidered Don Higginbotham,2001 George Washington heroic general of the Revolution master of Mount Vernon and first president of the United States remains the most enigmatic figure of the founding generation with historians and the public at large still arguing over the strengths of his character and the nature of

his intellectual and political contributions to the early republic Representing the finest recent scholarship on Washington these thirteen essays by the leading scholars in the field strike a balance between Washington's personal life and character and his public life as a soldier and political figure Editor Don Higginbotham provides an introduction about Washington and his treatment by historians and an afterword devoted to how the American people have viewed Washington including the 1999 commemorations of the bicentennial of his death With three essays written specifically for this volume *George Washington Reconsidered* is the first collection of its kind to be published in over thirty years

Agents of Atrocity Neil J. Mitchell, 2009-03-15 The book provides a general explanation of why the relationship between a government and its citizens deteriorates into violence by examining in both contemporary and historical settings the motives of those involved

Gale Researcher Guide for: Foundations of the North Atlantic Revolutions and the Global Context of Popular Revolt Celeste Chamberland, 2018-09-28 Gale Researcher Guide for Foundations of the North Atlantic Revolutions and the Global Context of Popular Revolt is selected from Gale's academic platform Gale Researcher These study guides provide peer reviewed articles that allow students early success in finding scholarly materials and to gain the confidence and vocabulary needed to pursue deeper research

Revolutions in the Atlantic World, New Edition Wim Klooster, 2018-01-23 Introduction Empires at war Civil war in the British Empire the American Revolution The war on privilege and dissension the French Revolution From prize colony to black independence the revolution in Haiti Multiple routes to sovereignty the Spanish American revolutions The revolutions compared causes patterns legacies

Lafayette Harlow Giles Unger, 2007-08-03 Acclaim for Lafayette I found Mr Unger's book exceptionally well done It's an admirable account of the marquis's two revolutions one might even say his two lives the French and the American It also captures the private Lafayette and his remarkable wife Adrienne in often moving detail Thomas Fleming author *Liberty The American Revolution* Harlow Unger's Lafayette is a remarkable and dramatic account of a life as fully lived as it is possible to imagine that of Gilbert de Motier marquis de Lafayette To American readers Unger's biography will provide a stark reminder of just how near run a thing was our War of Independence and the degree to which our forefathers' victory hinged on the help of our French allies marshalled for George Washington by his adopted son Lafayette But even more absorbing and much less well known to the general reader will be Unger's account of Lafayette's idealistic but naive efforts to plant the fruits of the American democracy he so admired in the unreceptive soil of his homeland His inspired oratory produced not the constitutional democracy he sought but the bloody Jacobin excesses of the French Revolution Larry Collins coauthor *Is Paris Burning and O Jerusalem* A lively and entertaining portrait of one of the most important supporting actors in the two revolutions that transformed the modern world Susan Dunn author *Sister Revolutions French Lightning American Light* Harlow Unger has cornered the market on muses to emerge as America's most readable historian His new biography of the marquis de Lafayette combines a thoroughgoing account of the age of revolution a probing psychological study of a complex man and a literary style that goes down like cream A worthy successor to his

splendid biography of Noah Webster Florence King Contributing Editor National Review Enlightening The picture of Lafayette s life is a window to eighteenth and nineteenth century history Michel Aubert La Fayette *Fire and Light* James MacGregor Burns,2013-10-29 The Pulitzer Prize winning historian explores history s most daring and transformational intellectual movement the European and American Enlightenment In this engaging provocative history James MacGregor Burns illuminates the two hundred year conflagration of the Enlightenment when audacious questions and astonishing ideas tore across Europe and the New World They transformed thought overturned governments and inspired visionary political experiments Fire and Light brings to life the revolutionary leaders who armed with a new sense of human possibility created the modern world Burns traces the origins of a distinctive American Enlightenment to men like Benjamin Franklin John Adams Thomas Jefferson and James Madison and their early encounters with incendiary European ideas about liberty and equality It was these thinker activists who framed the United States as a grand and continuing experiment in Enlightenment principles Today the same principles have taken on new urgency around the world in the turmoil of the Arab world in the former Soviet Union and in China as well as in the United States itself What should a nation be What should citizens expect from their government Who should lead and how can leadership be made both effective and accountable What is happiness and what can the state contribute to it Burns s exploration of the ideals and arguments that formed the bedrock of our modern world shines a new light on these ever important questions Praise for Fire and Light With this profound and magnificent book Burns takes us into the fire s center Essential for deciphering the challenges of the world we will live in tomorrow Michael Beschloss New York Times bestselling author of Presidential Courage James MacGregor Burns is a national treasure and Fire and Light is the elegiac capstone to a career devoted to understanding the seminal ideas that made America for better and for worse what it is Joseph J Ellis Pulitzer Prize and National Book Award winning author of Revolutionary Summer A captivating tale Briskly and beautifully told Superb Publishers Weekly *Citizens of a Common Intellectual Homeland* Armin Mattes,2015-06-29 Notions of democracy and nationhood constitute the pivotal legacy of the American Revolution but to understand their development one must move beyond a purely American context Citizens of a Common Intellectual Homeland explores the simultaneous emergence of modern concepts of democracy and the nation on both sides of the Atlantic during the age of revolutions Armin Mattes argues that in their origin the two concepts were indistinguishable because they arose from a common revolutionary impulse directed against the prevailing hierarchical political and social order The author shows how the reconceptualization of democracy and the nation which resulted from this revolutionary impulse received its decisive form from the French Revolution Although the French Revolution was instrumental in redefining the two terms however neither were these changes confined to France nor did the new meanings merely radiate from France to other countries To illustrate the transatlantic emergence of these ideas Mattes considers the works of pairs of prominent intellectual contemporaries one in America and the other in Europe each writing on a common

topic The thinkers and topics include Thomas Paine and Edmund Burke on the transatlantic revolutions John Adams and Friedrich von Gentz on the mixed constitution James Madison and Immanuel Kant on perpetual peace and Thomas Jefferson and Destutt de Tracy on the nation Mattes s approach highlights the significant impact that the French Revolution had on the evolution of thought in the period demonstrating that the emergence and early development of modern concepts of democracy and the nation in America were intimately tied to revolutionary events and processes in the larger Atlantic world Preparation of this volume has been supported by the Thomas Jefferson Foundation Jeffersonian America **The Loyalist Conscience** Chaim M. Rosenberg,2018-08-23 Freedom of speech was restricted during the Revolutionary War In the great struggle for independence those who remained loyal to the British crown were persecuted with loss of employment eviction from their homes heavy taxation confiscation of property and imprisonment Loyalist Americans from all walks of life were branded as traitors and enemies of the people By the end of the war 80 000 had fled their homeland to face a dismal exile from which few would return outcasts of a new republic based on democratic values of liberty equality and justice

Thomas Merton John Eudes Bamberger,2020-02-21 Like Bernard of Clairvaux whose last act was to leave his cloister to mediate successfully between two nobles and prevent bloodshed Thomas Merton found in the monastic life of prayer a source of strength empathy and understanding To understand Merton one must first know him as a Prophet of Monastic renewal John Eudes Bamberger entered Gethsemani Abbey in 1950 having earned an MD from the University of Cincinnati the previous year and done his internship at Georgetown University Hospital A student of Thomas Merton from 1952 1955 he worked with Merton after his ordination in 1956 in screening applicants to the abbey He served as abbot of the Abbey of the Genesee in New York state from 1971 until 2001 Since returning from a term as superior in the Philippines he lives in a hermitage at Genesee Vicious and Immoral John Gilbert McCurdy,2024-06-04 This work is the first book to center homosexuality in the American Revolution through its exploration of the 1774 court martial of Robert Newburgh Human Rights and Sovereign Standards in US Security Sarah Earnshaw,2025-03-31 This book examines the history of human rights in US security imaginaries and provides a theoretical framework to explore the common sense assumptions around US foreign relations and the universality of the human The inability or unwillingness to provide fundamental freedoms is a central feature in the US presentation of postcolonial spaces as failed and rogue states as nodes of disorder and instability that are then subject to increasingly pre emptive pacification While largely focused on contemporary history from the post WWII Universal Declaration to drone war the author critically engages with longer entwined histories such as Westphalian mythology humanitarian intervention and imperial aerial policing Bridging history law politics culture and war the theoretical bounding of the regime of truth offers a fresh reading for those knowledgeable on human rights and as security policy This volume will be of value to students and scholars of American Studies history critical International Relations IR human rights history and those interested in conceptions of liberty and US foreign relations *Le Concept de liberté au Canada à*

l'époque des Révolutions atlantiques (1776-1838) Michel Ducharme, 2009-12-01 Cet ouvrage revisite l'histoire intellectuelle et politique canadienne entre la révolution américaine et les rébellions de 1837-1838 au Haut et au Bas Canada en la replaçant dans le cadre des Révolutions atlantiques qui ont secoué l'Europe et l'Amérique entre 1776 et 1838. Reposant sur un cadre théorique inspiré des travaux des historiens intellectuels du monde atlantique, il traite plus particulièrement de l'importance du concept de liberté dans le développement de l'état dans les deux colonies. Il démontre que ces dernières se sont développées à partir de 1791 en suivant un idéal de liberté qui tout en étant différent de la liberté libérale œuvre au sein des mouvements révolutionnaires de la fin du XVIII^e siècle n'en était pas moins issu des Lumières. Il présente également les rébellions de 1837-1838 comme tant en partie le résultat d'un affrontement entre deux concepts très différents de liberté.

The Closing of the Liberal Mind Kim R. Holmes, 2017-12-12 A former U.S. Assistant Secretary of State and currently Acting Senior Vice President for Research at The Heritage Foundation, Kim R. Holmes surveys the state of liberalism in America today and finds that it is becoming its opposite: illiberalism. Abandoning the precepts of open-mindedness and respect for individual rights, liberties, and the rule of law upon which the country was founded and becoming instead an intolerant, rigidly dogmatic ideology that abhors dissent and stifles free speech. Tracing the new illiberalism historically to the radical Enlightenment, a movement that rejected the classic liberal ideas of the moderate Enlightenment that were prominent in the American Founding, Holmes argues that today's liberalism has forsaken its American roots, incorporating instead the authoritarian, anti-clerical, and anti-capitalist prejudices of the radical and largely European Left. The result is a closing of the American liberal mind. Where once freedom of speech and expression were sacrosanct, today liberalism employs speech codes, trigger warnings, boycotts, and shaming rituals to stifle freedom of thought, expression, and action. It is no longer appropriate to call it liberalism at all, but illiberalism: a set of ideas in politics, government, and popular culture that increasingly reflects authoritarian and even anti-democratic values and which is devising new strategies of exclusiveness to eliminate certain ideas and people from the political process. Although illiberalism has always been a temptation for American liberals lurking in the radical fringes of the Left, it is today the dominant ideology of progressive liberal circles. This makes it a new danger, not only to the once-venerable tradition of liberalism but to the American nation itself, which needs a viable liberal tradition that pursues social and economic equality while respecting individual liberties.

50 Years On David Schultenover, 2015-05-15 Pope John XXIII prayed that the Second Vatican Council would prove to be a new Pentecost. The articles gathered here appeared originally in a series solicited by and published in *Theological Studies* from September 2012 to March 2014. The purpose of the series was and remains threefold: To commemorate the 50th anniversary of the Second Vatican Council; To help readers more fully appreciate its significance, not only for the Catholic Church itself but also for the entire world whom the Church encounters in proclamation and reception of ongoing revelation; In their present form, to help readers worldwide engage both the conciliar documents themselves and scholarly reflections on them, all with a view to appropriating the reform envisioned by

Pope John XXIII Contributors Stephen B Bevans SVD Mary C Boys SNJM Maryanne Confoy RSC Massimo Faggioli Anne Hunt Natalia Imperatori Lee Edward Kessler Gerald O Collins SJ John W O Malley SJ Agbonkhianmeghe E Orobator SJ Ladislav Orsy SJ Peter C Phan Gilles Routhier Ormond Rush Stephen Schloesser SJ Francis A Sullivan SJ O Ernesto Valiente Jared Wicks SJ *Sensibility and the American Revolution* Sarah Knott, 2009 In the wake of American independence it was clear that the new United States required novel political forms Less obvious but no less revolutionary was the idea that the American people needed a new understanding of the self Sensibility was a cultural m
