Small Christian Communities Robert S. Pelton, 1997 The editor of this collection is a member of the ETHS class of 1939 Small Christian communities : imagining future church Robert S. Pelton (ed), 1997 *Small Christian Communities Today* Joseph G. Healey, Jeanne Hinton, 2005 How can churches in America modeling the oldest Christian communities renew themselves form within They can look to examples of thriving small Christian communities within their own country and throughout the world This inspiring book shows what is happening now across six continents to give pastors and lay leaders of every denomination encouragement through useable examples from their counterparts around the world **Effective Small Churches in the Twenty-First Century** Carl S. Dudley, 2010-09-01 Dudley s work in Making the Small Church Effective 1978 broke new ground in understanding the dynamics of life in the small congregation In this revised edition Dudley revisits the small church posing new questions reflective of the considerable changes that have swept over small churches in the last two decades Among the most significant recent developments are shifts in institutional loyalty and individual s sense of identity in relation to larger groups and organizations Dudley explores the key components that contribute to a small congregation s sense of unity and that motivate its members to more faithfully live out their faith

Christian Community in History Roger Haight, 2004 E F G H I J K L M N O P Q R S T U V W Y Z **Christian Community in History Volume 2** Roger D. Haight, 2005-03-17 Ecclesiology from below as it operates in this work is directed to history it moves through the actual church of history to ecclesiology or to an understanding of the church both as it is and as it should be In the first volume that passage was fairly explicit because comprehensive ecclesiologies in our sense did not exist In this volume ecclesiology itself becomes much more directly the subject matter of the book but without losing sight of concrete history and the degree to which these ecclesiologies are historically conditioned Put somewhat differently the main goal of this comparative ecclesiology is not simply to lay down one after another different ecclesiologies that emerged over the last five hundred years although that describes the book with empirical accuracy Its larger intent is to show the richness vitality and creativity of the whole church as it moves through history adjusting to new times places and cultures *Mission & Culture: The Louis J. Luzbetak Lectures* Stephen B. Bevans, 2012 **Small Batch** C. Andrew Doyle, 2016-05-19 Small Batch explores the emerging denominational movement into planting missional communities As the church finds its way into the new millennium it is faced with the need to think of its mission as an ancient future Christian community Theology to practical guide stories from the front and communities to discover books to read and small group study questions make Small Batch a handbook for individuals interested in the growing movement of planting new Christian communities Through the movement of the spirit and shared common life and staying deeply rooted in the ancient practices of Christian community the denominational church is being reborn in a new mission context Small batch communities are popping up across the country with a new mission fervor They are locally focused They are organic and deeply rooted in the

community and derive their strength from the care they give to local concerns They are sustainable because they begin to find new economies that support the work Bishop Doyle explores the sending churches that are planting greenfield ministries and multiplying churches who are spinning off new contextually oriented mission communities What we discover in Small Batch is that the gospel will not be deterred by size or economic realities and we are even now able to see the future shape of very diverse Christian mission
