Fred Dallmayr,2005-09-08 Small Wonder presents the dangers of the underside of modernity the unleashing of unlimited lust for global power and wealth Relying on leading critical intellectuals Dallmayr offers a critique of the self deceptions of our age arguing in favor of the cultivation of the small wonder of everyday life **Reclaiming Powerful Literacies** Rebecca

Rogers,2017-10-30 Offering a unique reflexive framework for Critical Discourse Analysis focused on discourses of hope transformation and liberation this book showcases a variety of powerful literacies in action Drawing from original research in a range of public educational spaces across the lifespan from Kindergartners studying social justice movements to sixth graders designing a social justice museum exhibit focused on the environment and sustainability to teacher education students practicing racial literacy in response to the death of Michael Brown in Ferguson Missouri Rogers makes the case that critical social theories often associated with Critical Discourse Analysis have not kept pace with a recent shift toward the positive referred to as Positive Discourse Analysis Encouraging readers to reconsider their understanding of concepts such as power action context critique and reflexivity this book illustrates the potential of theorizing discourse analysis from a positive orientation **Moral Images of Freedom** Drucilla Cornell,2008 Moral Images of Freedom resurrects the Kantian

project of affirmative political philosophy and traces its oft forgotten influences found in thinkers like Martin Heidegger Ernst Cassirer Frantz Fanon and Walter Benjamin As a whole the book attempts to respond to nihilistic claims about the empty purpose of critical theory in a world so utterly captured by violence in all of its worst forms economic social political and cultural Instead this book draws together a sweeping thread of hope in the varied symbolic forms of freedom persistent throughout the work of a broader range of critical theorists and addresses the burning challenge for such work to respond seriously to the need for a decolonization of critical theory itself and a sustained commitment to the possible future of socialism **Armenia, the Regional Powers, and the West** A. Mirzoyan,2010-04-12 This work represents the first systematic

study of Armenia s foreign policy during the post independence period between 1991 and 2005 It explores four sets of relationships with Armenia s major historical partners Russia Iran Turkey and the West Europe and the United States

Beyond Cosmopolitanism Ananta Kumar Giri,2017-10-17 Considering the different traditions of cosmopolitan thinking and experimentation this cutting edge volume examines the contemporary revival of cosmopolitanism as a response to the challenges of living in an interdependent world Through a unique multidisciplinary approach it takes the debate beyond the one sided universalism of the Euro American world and explores the multiverse of transformations which confront cosmopolitanism The collection highlights central questions of cosmopolitan responsibility global citizenship and justice as

well as the importance of dialogue among civilizations cultures religions and traditions Exploring the ethical and political dimensions of globalization it outlines the pathways of going beyond cosmopolitanism by striving for a post colonial cosmopolis characterized by global justice trans civilizational dialogues and dignity for all

Intercultural Dialogue Fred Dallmayr,2015-01-12 Intercultural Dialogue In Search of Harmony in Diversity offers a philosophical analysis of the issues surrounding cultural diversity and dialogical relationships among cultures as an alternative to culture wars and hegemonic globalization It examines the ideas of dialogue and harmony as expressed in Daoism Confucianism Indian and Ancient Greek philosophical traditions as well as in contemporary European and Latin American philosophies Drawing on the works of Laozi Confucius Plato Kant and Gandhi the book shows the importance of intercultural dialogue and the globalization of philosophy It asserts that intercultural dialogue should have inter philosophical global dialogue as its epistemological and ontological foundation Intercultural philosophy elaborates on the conceptualization of philosophy as culturally embedded Attention is paid to Bakhtin s dialogism and its contemporary elaboration in the phenomenology of indirect speech synergic anthropology and the theory of transculture The book offers a critical analysis of world problems Their possible solutions require a more dialogically oriented and humane transformation of society aiming for a cosmopolitan order of law and peace

On the Boundary Fred Dallmayr,2017-08-29 The book records the author s personal and intellectual maturation over a period of nine decades This maturation was never purely self propelled but always occurred in response to teachings and experiences Situated as a being in the world the author s experiences reach from World War II via the Cold War to recent terror wars Intellectually he participated in and reacted to a number of major perspectives from phenomenology existentialism and critical theory to hermeneutics postmodernism and post secularism Exchanges with multiples interlocutors helped to shape his distinctive outlook or profile which privileges self other contacts over the ego dialogue over monologue and dialogical cosmopolitanism over chauvinistic power politics Implicit in this emerging profile is a preference for potentiality over actuality and of relationality over static identity Shunning doctrinal formulas or finished systems the author s life thus is shown to be simply a journey an adventure to what comes an itinerary mentis in Deum

Knowledge and Human Liberation Ananta Kumar Giri,2014-11-01 Human liberation has become an epochal challenge in today s world requiring not only emancipation from oppressive structures but also from the oppressive self It is a multidimensional struggle and aspiration in which knowledge self social and spiritual can play a transformative role Knowledge and Human Liberation Towards Planetary Realizations undertakes such a journey of transformation and seeks to rethink knowledge vis vis the familiar themes of human interest critical theory enlightenment ethnography democracy pluralism rationality secularism and cosmopolitanism The volume also features a Foreword by John Clammer United Nations University Tokyo and an Afterword by Fred Dallmayr University of Notre Dame

The Promise of Democracy Fred Dallmayr,2010-01-07 A new ethical concept of democracy as the cultivation and practice of civic virtues in a pluralistic setting is presented in this thoughtful and

wide ranging study Drawing upon such figures as Aristotle Montesquieu Hegel Dewey Heidegger Arendt and Lefort Fred Dallmayr emphasizes the need for civic education and practical ethical engagement in all societies aspiring to be democratic With reference to Middle Eastern societies and especially Iran Dallmayr explores the possible compatibility between democracy and Islamic faith In a similar vein he discusses the strengths of Gandhian and Confucian democracy as possible correctives to current versions of minimalist democracy and the cult of laissez faire liberalism and neoliberalism Addressing how to instill a democratic ethos in societies where corporations and elites exercise a great deal of power The Promise of Democracy presents an inspired vision of democracy as popular self rule in which ethical cultivation and self transformation make possible a nondomineering kind of political agency Against this background Dallmayr casts democracy as a promise making room for the unlimited horizons opened up by a new understanding of liberty and equality
