Social Control in a Free Society Robert E. Spiller, 2016-11-11 The 1958 Benjamin Franklin Lectures with contributions from Loren C Eiseley Carl G Hempel Gilbert Seldes George J Stigler and Willard Hurst Drug Control in a Free Society James B. Bakalar, Lester Grinspoon, 1988-04-29 This book offers a provocative analysis of controlling alcohol and drugs in industrial societies Political Discipline in a Free Society H. J. Blackham, 2013-04-15 This book traces the rise and fall of political philosophies since the 17th century The second part of the book shows how the general technique of cumulative learning from experience applies to social legislation and social services party politics to defence strategy and to the trends that follow the modern explosion of knowledge and capital The main argument is that social control is at its best a deliberate joint creation of and learning from social experience and in this sense political discipline although not the same as logical or scientific discipline is like them a submission to form not force The book gives a definite meaning to the idea of human progress and finds reason for a restoration of political hope and faith Jurisprudence For a Free Society Harold D. Lasswell, Myres S. McDougal, 2023-12-28 Jurisprudence For a Free Society is a remarkable contribution to legal theory In its comprehensiveness and systematic elaboration it stands among the major theories It is also the most important jurisprudential statement to emerge in the post war period The pioneering work of Lasswell and McDougal on law and policy is already legendary Most of the work produced by these scholars together and in collaboration with their students represent applications of their basic theory to a wide assortment of international and national legal and policy problems Now for the first time the authoritative statement of their legal philosophy appears as a single volume In Part I the authors develop their fundamental criteria for a theory about law including the requirements of clarifying observational standpoint focus of inquiry and the pertinent intellectual tasks incumbent on the scholar and decisionmaker for determining and achieving common interests Trends in theories about law including Natural Law the Historical School Positivism the Sociological Study of Law American Legal Realism and other contemporary theories are explored for what they might contribute to the achievement to the authors conception of an adequate jurisprudence The print edition is available as a set of two volumes 9780792309895
