Michael Marien

Social Security Visions And Revisions Atwentieth Century Fund Study:

Social Security W. Andrew Achenbaum,1988-02-26 This 1986 book encourages lawmakers academic experts and general readers to think more broadly and boldly about social security *Social Security* W. Andrew Achenbaum,1986

In Pursuit of Equity Alice Kessler-Harris,2003 A major new work by a leading women s historian and a study of how a gendered imagination has shaped social policy in America Illustrations **The Long Baby Boom** Jeff Goldsmith,2008-05-26 Important timely should be the basis for a national debate about how we each want to grow older and what kind of society we want to do it in John Rother Group Executive Officer of Policy and Strategy AARP The aging of the boomer generation has unleashed a veritable tidal wave of gloomy punditry advertising for financial services and forecasts of impending national bankruptcy In *The Long Baby Boom* Jeff Goldsmith counters the catastrophic predictions with a far more optimistic scenario Drawing on evidence that most baby boomers plan on working long past age sixty five Goldsmith argues that they will have a constructive impact on society By assuming a much larger portion of the financial burden of their own retirement and health costs they will help preserve Social Security and Medicare for the less fortunate and for successive generations *The Long Baby Boom* is the first comprehensive forecast of baby boomers career plans health trends and cultural and political values Goldsmith s pro work pro savings pro health social policy emphasizes personal responsibility without ripping the social safety net Constructive and innovative *The Long Baby Boom* doesn t promise a cloud free future but it does reassure us that the sky isn t falling **The New Politics of Old Age Policy** Robert B. Hudson,2014-09-22 A comprehensive overview of current aging policies As the average age of the U S population continues to increase age related policies have come under intense scrutiny sparking heated debates In the past older people were seen as a frail dependent population but major policies enacted or expanded on their behalf have made them major players in electoral and interest group politics This thoroughly revised and updated edition of Robert B Hudson s *The New Politics of Old Age Policy* not only explains the politics behind the country s age based programs and describes how those programs work but also assesses how well or poorly they meet the growing and changing needs of older Americans Essays by leading experts in political science sociology law social work and gerontology address among other things theoretical approaches to age based policy population dynamics and the impact of growing diversity within the older population and national state and local issues associated with major age based programs More than any other source this book presents the most current information on growing older in the United States including in depth analyses of Social Security Medicare Medicaid housing initiatives the Older Americans Act the Age Discrimination in Employment Act and tax policy Detailed new chapters focus on financial security and retirement in the context of the Great Recession diversity and inequality in aging populations and implications of the Affordable Care Act Scholars students and policymakers will appreciate the volume s timely overview of the evolution of aging policy **Age in America** Corinne T. Field,Nicholas L. Syrett,2015-05-22 Eighteen Twenty one Sixty five In America today we recognize these numbers as key

transitions in our lives precise moments when our rights and opportunities change when we become eligible to cast a vote buy a drink or enroll in Medicare This volume brings together scholars of childhood adulthood and old age to explore how and why particular ages have come to define the rights and obligations of American citizens Since the founding of the nation Americans have relied on chronological age to determine matters as diverse as who can marry work be enslaved drive a car or qualify for a pension Contributors to this volume explore what meanings people in the past ascribed to specific ages and whether or not earlier Americans believed the same things about particular ages as we do The means by which Americans imposed chronological boundaries upon the variable process of growing up and growing old offers a paradigmatic example of how people construct cultural meaning and social hierarchy from embodied experience Further chronological age always intersects with other socially constructed categories such as gender race and sexuality Ranging from the seventeenth century to the present taking up a variety of distinct subcultures from frontier children and antebellum slaves to twentieth century Latinas Age in America makes a powerful case that age has always been a key index of citizenship The British Library General Catalogue of Printed Books, 1986 to 1987 British Library,1988 **Democracy and its Elected Enemies** Steven Rosefielde,Daniel Quinn Mills,2013-10-07 This book provides an action plan for restoring true democracy in which politicians only provide the services that people have voted for **Family, Intergenerational Solidarity, and Post-Traditional Society** Ronald J. Angel,Jacqueline L. Angel,2017-07-06 Almost all families will at some time have to make difficult decisions concerning aging family members involving institutionalization moving from medical interventions to palliative care and even physician assisted death Yet the historical transition from traditional to post traditional society means that these decisions are no longer determined by strict rules and norms and the growing role of the welfare state has been accompanied by changes in the nature of family and social solidarity Advances in medical technology and greatly expanded life spans further complicate the decision making process Family Intergenerational Solidarity and Post Traditional Society examines a range of difficult issues that families commonly face during the family life course within these contexts The book explores both practical and ethical questions regarding filial responsibility and the roles of the state and adult children in providing financial and instrumental support to dependent parents The book follows the experiences and deliberations of a fictional family through a series of vignettes in which its members must make difficult decisions about the treatment of a seriously ill parent Advanced undergraduate and graduate students in family studies gerontology aging sociology social work health and social care and nursing will find this essential reading A London Bibliography of the Social Sciences ,1931 Vols 1 4 include material to June 1 1929 Old Age, New Science Hyung Wook Park,2016-03-09 Between 1870 and 1940 life expectancy in the United States skyrocketed while the percentage of senior citizens age sixty five and older more than doubled a phenomenon owed largely to innovations in medicine and public health At the same time the Great Depression was a major tipping point for age discrimination and poverty in the West seniors were living longer and

retiring earlier but without adequate means to support themselves and their families The economic disaster of the 1930s alerted scientists who were actively researching the processes of aging to the profound social implications of their work and by the end of the 1950s the field of gerontology emerged Old Age New Science explores how a group of American and British life scientists contributed to gerontology's development as a multidisciplinary field It examines the foundational biosocial visions they shared a byproduct of both their research and the social problems they encountered Hyung Wook Park shows how these visions shaped popular discourses on aging directly influenced the institutionalization of gerontology and also reflected the class gender and race biases of their founders

Documentation of Research and Studies on Social Protection, 1998 *Economics and Ageing* José Luis Iparraguirre, 2019-11-29 This upper level textbook provides a coherent introduction to the economic implications of individual and population ageing Placing economic considerations into a wider social sciences context this is ideal reading not only for advanced undergraduate and masters students in health economics and economics of ageing but policy makers professionals and practitioners in gerontology sociology health related sciences and social care This volume introduces topics in labour economics including the economic implications of ageing workforces It covers pension economics and pension systems with their macroeconomic and distributive effects and the question of risk Finally it describes macroeconomic consequences of ageing populations on aggregate saving inflation international trade and financial markets

Humanities, 1991 *Social Forces and Aging* Robert C. Atchley, Amanda Smith Barusch, 2004 Part One SETTING THE STAGE 1 The Scope of Social Gerontology What is Gerontology What is Human Aging Defining the Aging and the Older Populations Social Gerontology is a Unique Field of Study Social Policy Issues Professional Practice Careers in the Field of Aging Summary 2 The Demography of Aging Measuring Age Structure Growth of the older Population Composition of the Older Population Geographic Distribution of the Older Population Living Arrangements Population Processes and the Older Population Summary 3 The History of Aging in America Modernization Theory Aging in Colonial America From the Revolution to the Civil War The Beginning of Industrialization Civil War to 1900 1900 to 1929 The Great Depression 1942 to 1965 1965 to 1980 The 1980's Modernization Theory Revisited Summary Part Two BASIC ASPECTS OF INDIVIDUAL AGING 4 Physical Aging Why We Grow Older Physical Consequences of Aging Summary 5 Psychological Aspects of Aging Aging and Specific Psychological Functions Adult Development Personality Self and Life Structure Mental Disorders Summary 6 Social Aspects of Individual Aging Defining Social Aging Social Roles The Cultural Life Course Socialization and Acculturation Role Anticipation and Adaptation Social Factors in Individual Development Aging and Changes in Social Context Lifestyles Summary 7 Personal Adaptation to Aging What is Adaptation General Ways to Adapt Specific Adaptations Escape Rather Than Adaptation Effective Adaptation Summary Part Three AGING IN DOMAINS OF EVERYDAY LIFE 8 Family Friends and Social Support Types of Bonding Family Friends Social Support Summary 9 Employment and Retirement Midlife Career Changes Employment Problems of Older Workers Bridges to Retirement
