Goldman,2025-08-14 In 1859 high grade silver bullion was discovered on the Comstock Lode In a twinkling Virginia City was transformed into a brawling boom town perched on a mountain of silver Twenty years later it virtually disappeared leaving behind played out mines tumbled down shanties and memories of those who sought their fortunes on the lode The fortune seekers were many miners and madams confidence men and dance hall girls The fast life was as stratified as any proper community ranging from expensively kept women to prostitutes living in cribs Laura Fair an elite member of the demimonde shot her protector and after a spectacular trial retired to live modestly in San Francisco Jessie Lester made a small fortune as a madam while middle rank prostitutes such as Julia Bulette died in debt At the lowest end of scale were celestial damsels nameless slave women brought from China to minister to the needs of Chinese workers Chronicling it all was the cynical and lascivious pen of Alf Doten writer editor and bon vivant In **Gold Diggers and Silver Miners** sociologist Marion S Goldman provides a detailed account of prostitution on the Comstock Lode By considering sexual commerce in a community limited in space and time she explores general relationships between prostitution and society shedding light on sociological questions of importance today **The Women's Royal Army Corps** Shelford Bidwell,1997-03-01

When the history of the Twentieth Century is written let us hope that the few noble ideals of our era are not entirely submerged by the scientific miracles and horrors which increasingly dominate our lives High among such ideas must rank the recognition of women in more and more walks of life as equal partners with men and in no area was the battle for recognition fought with greater determination than or more evident ultimate justification in the righteousness of their course than in the Women s Army Auxiliary Corps later to become the WRAC As Brigadier Bidwell puts it At the heart of the question was not so much doubt about the ability or reliability of women but an unformulated but powerful fear of the consequences of their intrusion in strength into an entity so exclusively and aggressively male as an army in the field He goes on to demonstrate how they managed not only to dispel that fear but but to replace it with admiration and respect which few could have dared to envisage at the outset The Corps must be warmly congratulated upon their decision to ask Brigadier Bidwell to write their history As an experienced military historian but nevertheless a detached observer he brings to his task an objectivity and balance of judgement which exonerates his book from any taints of hagiography but nevertheless constitutes a record of which even the oldest regiments would be proud **Gender Quotas and Women's Representation** Mona Krook,Pär Zetterberg,2017-10-02

Electoral gender quotas have emerged as one of the most critical political reforms of the last two decades having now been introduced in more than 130 countries worldwide The recent and global nature of these developments has sparked both scholarly and popular interest in the in which these quotas are designed as well as their origins and effects This volume seeks to expand these existing agendas to forge new directions in research on gender quotas and political representation The topics considered include new paths to adoption as well as in the wake of quota introduction changes in the dynamics of candidate

selection the status and role of women in legislative institutions and the impact that women have on policy making Expanding the scope of quota studies the contributions also address trends in different political parties and different levels of government the effectiveness of quotas in democratic and non democratic settings and whether there might be non quota mechanisms that could be pursued together with or in lieu of gender quotas in order to increase women s political representation This book was originally published as a special issue of Representation Mainstreaming Gender in Development Fenella Porter, Caroline Sweetman, 2005 Articles discuss how gender mainstreaming has been understood in different organisations provide examples of good work which supports the empowerment of women and look beyond gender mainstreaming to what new possibilities exist for transformation Palmer's Index to the Times Newspaper ,1907 The Annual Index to the Times ,1907 **Statutory Instruments** Great Britain,1978
