Terrorism The Philosophical Issues:

Terrorism I. Primoratz, 2004-08-02 The first comprehensive discussion of all the main philosophical issues raised by terrorism against the background of its past and recent developments Prominent philosophers discuss definitions of terrorism various approaches to its moral evaluation and the contentious subject of state terrorism Also included are four case studies showing how the concepts and arguments philosophers deploy in discussing violence war and terrorism apply to particular instances of both insurgent and state terrorism ranging from World War II to September 11 2001 **The**

Routledge Handbook of Terrorism Research Alex Schmid, 2011-02-25 This major new Handbook synthesises more than two decades of scholarly research and provides a comprehensive overview of the field of terrorism studies The content of the Handbook is based on the responses to a questionnaire by nearly 100 experts from more than 20 countries as well as the specific expertise and experience of the volume editor and the various contributors Together they guide the reader through the voluminous literature on terrorism and propose a new consensus definition of terrorism based on an extensive review of existing conceptualisations The work also features a large collection of typologies and surveys a wide range of theories of terrorism Additional chapters survey terrorist databases and provide a guide to available resources on terrorism in libraries and on the Internet It also includes the most comprehensive World Directory of Extremist Terrorist and other Organizations associated with Guerrilla Warfare Political Violence Protest and Organized and Cyber Crime The Routledge Handbook of Terrorism Research will be an essential work of reference for students and researchers of terrorism and political violence security studies criminology political science and international relations and of great interest to policymakers and professionals in the field of counter terrorism **What's Wrong With Terrorism?** Robert E. Goodin, 2013-04-23 Terrorists

perform terrible acts They maim mutilate and kill in pursuit of their goals The horrifying events of 9 11 and the regular suicide bombings around the world have made terrorism one of the central preoccupations of the twenty first century But what is the distinctive wrong of terrorism Criminal acts such as murder and hijacking are already on the moral statute books so why is it that we regard terrorists as different from and morally worse than ordinary killers and kidnappers Some see terrorism as an ideology others claim it is a deep seated social or psychological failing others that it is a form of fighting unfairly judged by just war standards In this provocative new book Robert Goodin puts forward the view that terrorism is in fact a deliberate tactic of frightening people for socio political gain Fear affects peoples ability to reason clearly and undermines their capacity for autonomous self government In this way Goodin contends that terror is not only the weapon of organizations such as al Qaeda it also benefits democratic politicians who profit from the climate of insecurity induced by terrorist threats and violence Political figures conducting a campaign of fear as part of their war on terrorism may therefore be committing wrongs akin to those of terrorists themselves This Goodin argues is what is distinctively wrong with terrorism in the contemporary world *The Oxford Handbook of Ethics of War* Seth Lazar, Helen Frowe, 2018-01-12 Recent years have

seen a resurgence of interest among both philosophers legal scholars and military experts on the ethics of war Due in part due to post 9 11 events this resurgence is also due to a growing theoretical sophistication among scholars in this area Recently there has been very influential work published on the justification of killing in self defense and war and the topic of the ethics of war is now more important than ever as a discrete field The 28 commissioned chapters in this Handbook will present a comprehensive overview of the field as well as make significant and novel contributions and collectively they will set the terms of the debate for the next decade Lazar and Frowe will invite the leading scholars in the field to write on topics that are new to them making the volume a compilation of fresh ideas rather than a rehash of earlier work The volume will be divided into five sections Method History Resort Conduct and Aftermath The contributors will be a mix of junior and senior figures and will include well known scholars like Michael Walzer Jeff McMahan and David Rodin **The Routledge**

Handbook of Terrorism Research Alex Peter Schmid, 2011 This volume is a monumental collection of definitions conceptual frameworks paradigmatic formulations and bibliographic sources which is now being revised and updated as a resource for the expanding community of researchers on the subject of terrorism **Terrorism and the Ethics of War** Stephen Nathanson, 2010-05-13 Most people strongly condemn terrorism yet they often fail to say how terrorist acts differ from other acts of violence such as the killing of civilians in war Stephen Nathanson argues that we cannot have morally credible views about terrorism if we focus on terrorism alone and neglect broader issues about the ethics of war His book challenges influential views on the ethics of war including the realist view that morality does not apply to war and Michael Walzer's defence of attacks on civilians in supreme emergency circumstances It provides a clear definition of terrorism an analysis of what makes terrorism morally wrong and a rule utilitarian defence of noncombatant immunity as well as discussions of the Allied bombings of cities in World War II collateral damage and the clash between rights theories and utilitarianism It will interest a wide range of readers in philosophy political theory international relations and law

Terrorism Unjustified Vicente Medina, 2015-10-29 Vicente Medina challenges common misconceptions and excuses for extreme political violence Countering such axioms as one man's freedom fighter is another man's terrorist and the do whatever it takes attitude toward counter terrorism Medina differentiates between justified political violence and unjustifiable terrorism Surveying terrorism with both historical and contemporary examples Medina dispels the relativism and emotional responses that have been used by some to justify terrorist acts Medina draws on philosophical concepts like just war theory while adding social and political science perspectives to contextualize today's terrorism within current international law and moral attitudes US-UK Counter-Terrorism after 9/11 Edgar Tembo, 2014-01-10 This book provides a qualitative analysis of post 9 11 counter terrorism strategy undertaken by the United Kingdom and United States of America Since 9 11 both the UK and the U S have significantly revamped their counter terrorism approaches The approaches apply to varying degrees three key policy instruments intelligence law enforcement and military force However the success or failure

of these counter terrorism strategies has never been satisfactorily validated Analysts and policymakers alike have assumed success due to the inability of terrorists to conduct 7 7 and 9 11 respectively scale attacks upon each state This assumption has existed despite the fact that it fundamentally underestimates the impact of transnational terrorism This volume provides an in depth qualitative assessment of the three primary policy instruments implemented to counter the transnational threat of terrorism during the period 2001 2011 an approach somewhat neglected by the current body of literature which focuses on a purely quantitative methodology Drawing upon previously unpublished data collected from interviews with policymakers specialists and academics the book fills this lacuna by ascertaining and analysing both the UK s and USA s counter terrorism strategies and developing a holistic approach to understanding these strategies This book will be of interest to students of terrorism and counter terrorism studies security studies and IR in general

Comparative, International, and Global Justice Cyndi Banks, James Baker, 2015-09-23 Comparative International and Global Justice Perspectives from Criminology and Criminal Justice presents and critically assesses a wide range of topics relevant to criminology criminal justice and global justice The text is divided into three parts comparative criminal justice international criminology and transnational and global criminology Within each field are located specific topics which the authors regard as contemporary and highly relevant and that will assist students in gaining a fuller appreciation of global justice issues Authors Cyndi Banks and James Baker address these complex global issues using a scholarly but accessible approach often using detailed case studies The discussion of each topic is a comprehensive contextualized account that explains the social context in which law and crime exist and engages with questions of explanation or interpretation The authors challenge students to gain knowledge of international and comparative criminal justice issues and think about them in a critical manner It has become difficult to ignore the global and international dimensions of criminal justice and criminology and this text aims to enhance criminal justice education by focusing on some of the issues engaging criminology worldwide and to prepare students for a future where fields of study like transnational crime are unexceptional

Terrorism in Literature Bootheina Majoul, 2019-08-13 This volume celebrates literature as a strong subversive tool as an alternative for change through an exploration of terrorism in various literary works It brings together scholars from all over the world including Algeria Argentina Australia Cameroon Denmark India Italy Tunisia Turkey and the USA to offer their insights As readers themselves they share an eagerness to understand the psychopathological personalities circulating among us They urge the reader to dig deep into literature to think to cogitate and to learn One of the most important literary figures dealing with terrorism in his novels is the internationally acclaimed Indian writer Tabish Khair who generously wrote the foreword to this volume He sheds light on the possibilities offered by literature as a means of dissent and a powerful tool for truth telling

What Makes

Us Moral? On the capacities and conditions for being moral Bert Musschenga, Anton van Harskamp, 2013-06-13 This book addresses the question of what it means to be moral and which capacities one needs to be moral It questions whether empathy is a cognitive or an affective capacity or perhaps both As most moral beings behave immorally from time to time the authors ask which factors cause or motivate people to translate their moral beliefs into action Specially addressed is the question of what is the role of internal factors such as willpower commitment character and what is the role of external situational and structural factors The questions are considered from various disciplinary perspectives **The Routledge Companion to Terrorism Studies** Max Abrahms, 2024-11-05 Although the literature on terrorism is vast there are many holes in it This book helps to fill these lacunae with entries from top terrorism scholars and counterterrorism practitioners in the world Grouped thematically by terrorist actors conflict zones major attacks terrorist behaviors militant group dynamics terrorist consequences and counterterrorism approaches the entries cover a range of topics fundamental to understanding the contemporary terrorism threat and approaches to combating it Truly global in scope the book is an ideal reference for anyone interested in these topics from a variety of disciplinary perspectives Providing incisive analysis on timely topics related to terrorism and counterterrorism this volume will be essential reading for students scholars and practitioners in security studies **Ethics and World Politics** Duncan Bell, 2010-03-25 The book opens with a discussion of different methods and approaches employed to study the subject including analytical political theory post structuralism and critical theory It then surveys some of the most prominent perspectives on global ethics including cosmopolitanism communitarianism of various kinds theories of international society realism postcolonialism feminism and green political thought Part III examines a variety of more specific issues including immigration democracy human rights the just war tradition and its critics international law and global poverty and inequality Publisher description **Terrorism** Richard Jackson, Lee Jarvis, Jeroen Gunning, Marie Breen-Smyth, 2011-04-12 This innovative text provides a much needed critical introduction to terrorism Cutting edge research on contemporary issues is combined with new insights into long debated issues such as the definition of terrorism the nature of the terrorist threat and counter terrorism strategies Showing that the methods we adopt as well as the material we study are vital for a clear understanding of the subject this text goes beyond traditional IR approaches to rethink popular beliefs and assumptions about terrorism Taking a genuinely global and integrated approach this book is an ideal entry into the study of terrorism In the years since 9 11 terrorism has been transformed into an issue of global significance Terrorism and the war on terror has affected virtually every aspect of modern life and a precise understanding of terrorism is now more important and contentious than ever This text examines the origins perceptions of and responses to terrorism and counter terrorism in the contemporary world It takes into account recent developments on the world stage as well as within and in response to critical terrorism studies This text is the ultimate companion for students studying terrorism as part of an undergraduate or postgraduate degree It guides students step by

step to have a deeper understanding of terrorism and a more nuanced approach to their studies *Debating Terrorism and Counterterrorism* Stuart Gottlieb, 2013-04-02 Debate is an important part of the classroom experience However most debate style readers do a disservice to students by selecting readings from disparate sources that end up talking past one another As a part of the Debating Politics series from CQ Press this reader is different Featuring paired pro con pieces written specifically for this volume Debating Terrorism encourages students to actively grapple with the central debates and questions surrounding the subject of terrorism and counterterrorism With topics ranging from the root causes of terrorism the role of religion in terrorism whether suicide terrorism is ever justified whether the spread of democracy can help defeat terrorism and what trade offs if any should exist between security and civil liberties Gottlieb s outstanding cast of contributors returns in this edition compelling students to wrestle with the conflicting perspectives that define the field Gottlieb frames the complexity and sophistication of these issues with incisive chapter headnotes providing students with the requisite context and preparing them to read each argument critically allowing them to understand the past present and future of terrorism and counterterrorism Each of the selections has been thoroughly updated to account for recent world events policy changes and new scholarship New to the reader and by reviewer request is a chapter Can Global Institutions Make a Difference in Fighting Terrorism **Hope in an Age of Terror** Paul J. DaPonte, 2009 How Christians can find hope in today s world of violence and uncertainty by following the model of the Trinity This theological reflection on evil and suffering violence and revenge and identity and otherness attempts to answer an urgent question of our time What are we to do now that they have done this to us How should we respond to this injury this evil **The Meaning of Terrorism** C. A. J. Coady, 2021 C A J Coady offers to clear up confusion about what terrorism is His tactical definition focuses on terrorist acts as violent attacks upon non combatants He discusses what it means to be a non combatant considers various philosophical attempts to defend terrorism and examines the idea of a connection between religion and terrorism **Intervention, Terrorism, and Torture** Steven P. Lee, 2006-11-22 Just war theory is the traditional approach taken to questions of the morality of war but war today is far from traditional War has been deeply affected in recent years by a variety of social and technological developments in areas such as international terrorism campaigns of genocide and ethnic cleansing the global human rights movement economic globalization and military technology This book asks whether just war theory is adequate to the challenges these developments pose Just war theory provides rules for determining when it is justified to fight a war But some have argued that the nature of contemporary war makes these rules obsolete For example genocidal and aggressive regimes may require the use of military force that is not strictly in self defense as just war theory requires In addition the theory provides rules for determining what the limits are on justified conduct in war But the random violence of terrorism and the deliberately inflicted violence of torture seem endemic to our age yet take us beyond the limits set by these rules of conduct in war By carefully examining the phenomena of intervention terrorism and torture from a number of

different perspectives the essays in this book explore this set of issues with insight and clarity *Contemporary Terrorism Studies* Diego Muro, Tim Wilson, 2022 When do individuals radicalise Can terrorism be rational How can we define terrorism What is the role of women in terrorism Can states be terrorist World leading experts answer these questions in *Contemporary Terrorism Studies* the first textbook to provide a multi disciplinary methodologically plural and richly diverse introduction to terrorism studies *Contemporary Terrorism Studies* covers the main approaches in terrorism studies and is structured into three comprehensive sections The first on The State of Terrorism Studies maps the development and historical context of the discipline and looks to the future of terrorism studies Part two on Issues and Debates in Terrorism Studies examines key contentious questions and debates such as the role of women technology and the media in terrorism The final part part three on Countering Terrorism focuses specifically on counterterrorism it s instruments foreign policy legal frameworks and organisations Overall text will engage students and establish a confident understanding of the subject The textbook has been developed with pedagogical features to help enhance student learning Each chapter contains case studies to highlight real world examples of political violence questions for reflection to encourage critical thinking and suggestions for further reading which provide useful sources for further reading essays and exam preparation Furthermore a consistent accessible tone and jargon free writing style makes *Contemporary Terrorism Studies* the clearest guide to understanding terrorism Digital formats and resources *Contemporary Terrorism Studies* is available for students and institutions to purchase in a variety of formats and is supported by online resources The e book offers a mobile experience and convenient access along with hyperlinks to question pointers and a library of web links helping you to broaden your knowledge and understanding terrorism studies www.oxfordtextbooks.co.uk/ebooks Student resources additional case studies guidance on accessing databases pointers for tackling the questions for reflection and suggested web links organised by chapter are available online Lecturer resources customisable PowerPoint slides to adapt and use in teaching
