Brodsky, Thomas G. Gutheil, 2015. Psychologists, psychiatrists, and other mental health professionals may be experts in their respective fields, but this expertise does not easily translate to effective courtroom testimony. Even veteran expert witnesses can encounter new challenges in these high-pressure situations, especially during a cross-examination where every statement and gesture can be scrutinized by an attorney searching for ways to dispute the expert's credibility and opinions. For more than two decades, Stanley Brodsky has taught expert witnesses simple and practical strategies they can use to negotiate challenges in the courtroom and give strong, effective testimony. In this thorough update to his classic guide, Brodsky and his equally prolific coauthor Thomas Gutheil continue to provide sage, humorous advice that will put expert witnesses at ease and allow them to comport themselves with poise and confidence throughout direct and cross-examination. Short chapters punctuated by memorable maxims draw from the authors' expansive personal experiences as well as research.

The Articulate Witness Brian K. Johnson, Marsha Hunter, 2015 Every day in the United States ordinary people are called to testify in court. Most of them have never been involved in a legal proceeding. But they have probably seen witnesses in high profile trials on television being harshly cross examined, looking nervous or anxious, perhaps even humiliated. The thought of testifying can be scary. Being subpoenaed can lead to weeks or months of anxiety until the day arrives when they raise their right hand and swear to tell the truth. This book is for them. Whether testifying at a trial, arbitration or deposition, this book will help witnesses get ready for the experience. Easy to follow illustrated tips prepare them to be a more compelling witness. The book contains answers to common questions such as: What can I expect when I testify? How can I be a prepared and trustworthy witness? What is the key to calming my nerves? What questions should I ask the lawyer who called me? How do I keep my emotions in check? Can I channel my nervous energy into something positive? and How can I prevent getting flustered while testifying? Distinguished trial advocacy instructors who have been teaching lawyers to be self assured communicators for 35 years now employ their techniques to help people who find themselves in the witness chair.
