*Hick Flicks* Scott Von Doviak, 2015-09-18 While the pimps and players of blaxploitation movies dominated inner city theaters good old boys with muscle under their hoods and moonshine in their trunks roared onto drive in screens throughout rural America The popularity of these hick flicks grew

throughout the 70s and they attained mass acceptance with the 1977 release of Smokey and the Bandit. It marked the heyday of these regional favorites but within a few short years changing economic realities within the movie business and the collapse of the drive-in market would effectively spell the end of the so-called exploitation genre. This comprehensive study of the exploitation genre is the first of its kind. Chapters are divided into three major topics. Part One deals with good ol' boys from redneck sheriffs to moonshiners to honky-tonk heroes and beyond. Part Two explores road movies featuring back-road racers, truckers, and everything in between. Part Three, In the Woods, covers movies about all manner of beasts, some of them human, populating the swamps and woodlands of rural America. Film stills are included, and an afterword examines both the decline and metamorphosis of the genre. A filmography, bibliography, and index accompany the text. **Horror Films FAQ**

John Kenneth Muir, 2013-08-01. Horror Films FAQ explores a century of ghoulish and grand horror cinema, gazing at the different characters, situations, settings, and themes featured in the horror film, from final girls, monstrous bogeymen, giant monsters, and vampires to the recent torture porn and found footage formats. The book remembers the J-Horror remake trend of the 2000s and examines the oft-repeated slasher format popularized by John Carpenter's Halloween (1978) and Friday the 13th (1980). After an introduction positioning the horror film as an important and moral voice in the national dialogue, the book explores the history of horror decade by decade, remembering the women's liberation horrors of the 1970s, the rubber-reality films of the late 1980s, the serial killers of the 1990s, and the xenophobic terrors of the 9/11 age. Horror Films FAQ also asks what it means when animals attack in such films as The Birds (1963) or Jaws (1975) and considers the moral underpinnings of rape and revenge movies such as I Spit on Your Grave (1978) and Irreversible (2002). The book features numerous photographs from the author's extensive personal archive and also catalogs the genre's most prominent directors. **Leonard Maltin's**
