and the arts A large selection of photographs a historical timeline and profiles of fifty notable Tejanas complete the volume and assure its usefulness for a broad general audience as well as for educators and historians Money for Nothing Sir Pelham Grenville Wodehouse, 1952-01-01 The picturesque village of Rudge in the Vale dozed in the summer sunshine Along its narrow High Street the only signs of life visible were a cat stropping its backbone against the Jubilee Watering Trough some flies doing deep breathing exercises on the hot window sills and a little group of serious thinkers who propped up against the wall of the Carmody Arms were waiting for that establishment to open At no time is there ever much doing in Rudge s main thoroughfare but the hour at which a stranger entering it is least likely to suffer the illusion that he has strayed into Broadway Piccadilly or the Rue de Rivoli is at two o'clock on a warm afternoon in July You will find Rudge in the Vale if you search carefully in that pleasant section of rural England where the gray stone of Gloucestershire gives place to Worcestershire s old red brick Quiet in fact almost unconscious it nestles beside the tiny river Skirme and lets the world go by somnolently content with its Norman church its eleven public houses its Pop to quote the Automobile Guide of 3 541 and its only effort in the direction of modern progress the emporium of Chas Bywater Chemist Chas Bywater is a live wire He takes no afternoon siesta but works while others sleep Rudge as a whole is inclined after luncheon to go into the back room put a handkerchief over its face and take things easy for a bit But not Chas Bywater At the moment at which this story begins he was all bustle and activity and had just finished selling to Colonel Meredith Wyvern a bottle of Brophy s Paramount Elixir said to be good for gnat bites Having concluded his purchase Colonel Wyvern would have preferred to leave but Mr Bywater was a man who liked to sweeten trade with pleasant conversation Moreover this was the first time the Colonel had been inside his shop since that sensational affair up at the Hall two weeks ago and Chas Bywater who held the unofficial position of chief gossip monger to the village was aching to get to the bottom of that With the bare outline of the story he was of course familiar Rudge Hall seat of the Carmody family for so many generations contained in its fine old park a number of trees which had been planted somewhere about the reign of Queen Elizabeth This meant that every now and then one of them would be found to have become a wobbly menace to the passer by so that experts had to be sent for to reduce it with a charge of dynamite to a harmless stump Well two weeks ago it seems they had blown up one of the Hall s Elizabethan oaks and as near as a toucher Rudge learned had blown up Colonel Wyvern and Mr Carmody with it The two friends had come walking by just as the expert set fire to the tree and had had a very narrow escape Thus far the story was common property in the village and had been discussed nightly in the eleven tap rooms of its eleven public houses But Chas Bywater with his trained nose for news and that sixth sense which had so often enabled him to ferret out the story behind the story when things happen in the upper world of the nobility and gentry could not help feeling that there was more in it than this He decided to give his customer the opportunity of confiding in him Chicana Traditions Norma E. Cantú, Olga Nájera-Ramírez, 2002 The first anthology to focus specifically on the topic of Chicana expressive culture Chicana Traditions

features the work of native scholars Chicanas engaged in careers as professors and students performing artists and folklorists archivists and museum coordinators and community activists Blending narratives of personal experience with more formal scholarly discussions Chicana Traditions tells the insider story of a professional woman mariachi performer and traces the creation and evolution of the escaramuza charra all female precision riding team within the male dominated charreada or Mexican rodeo Other essays cover the ranchera country or rural music of the transnational performer Lydia Mendoza the complex crossover of Selena s Tejano music and the bottle cap and jar lid art of Goldie Garcia Framed by the Chicana feminist concept of the borderlands a formative space where cultures and identities converge Chicana Traditions offers a lively commentary on how women continue to invent reshape and transcend their traditional culture **Texas**

American Antebellum Fiddling Chris Goertzen,2020-02-28 This unique volume is the only book solely about antebellum American fiddling It includes more than 250 easy to read and clearly notated fiddle tunes alongside biographies of fiddlers and careful analysis of their personal tune collections The reader learns what the tunes of the day were what the fiddlers lives were like and as much as can be discovered about how fiddling sounded then Personal histories and tunes biographies offer an accessible window on a fascinating period on decades of growth and change and on rich cultural history made audible In the decades before the Civil War American fiddling thrived mostly in oral tradition but some fiddlers also wrote down versions of their tunes This overlap between oral and written traditions reveals much about the sounds and social contexts of fiddling at that time In the early 1800s aspiring young violinists maintained manuscript collections of tunes they intended to learn These books contained notations of oral tradition dance tunes many of them melodies that predated and would survive this era plus plenty of song melodies and marches Chris Goertzen takes us into the lives and repertoires of two such young men Arthur McArthur and Philander Seward Later in the 1830s to 1850s music publications grew in size and shrunk in cost so fewer musicians kept personal manuscript collections But a pair of energetic musicians did Goertzen tells the stories of two remarkable violinist fiddlers who wrote down many hundreds of tunes and whose notations of those tunes are wonderfully detailed Charles M Cobb and William Sidney Mount Goertzen closes by examining particularly problematic collections He takes a fresh look at George Knauff s Virginia Reels and presents and analyzes an amateur musician s own questionable but valuable transcriptions of his grandfather s fiddling which reaches back to antebellum western Virginia
