A Textbook of Children's and Young People's Nursing - E-Book Edward Alan Glasper, James Richardson, Duncan Randall, 2021-03-19 This innovative textbook provides a concise and accessible guide for undergraduate students specializing in children and young people's nursing in the UK and further afield. Each chapter has been fully updated to reflect current knowledge and practice. The wide range of topics covered includes all the essentials such as contemporary child health policy and legal issues, knowledge and skills for practice and caring for children with special needs. Students will learn how to recognize the deteriorating child, use procedural play and distraction and consider the mental health of children and young people. A Textbook of Children's and Young People's Nursing is written by multidisciplinary experts rooted in child-centred healthcare within a family context and draws upon best contemporary practice. It is an invaluable resource that will help nursing students provide effective evidence-based care. Key points, summary boxes and clearly defined aims, objectives and learning outcomes to support learning. Conversation boxes to enliven the text. Patient scenarios to relate theory to practice. New chapters on skin health and the use of therapeutic play. Suggestions for seminar discussion topics to help teachers. Resource lists and online resources for further study or research. Online slides to complement chapters within book.

A Textbook of Children's and Young People's Nursing Text and Evolve eBooks Package Edward Alan Glasper, James Richardson, 2010-07-09 This package provides you with the book plus the eBook giving you the printed book plus access to the complete book content electronically. Evolve eBooks allows you to quickly search the entire book, make notes, add highlights and study more efficiently. Buying other Evolve eBooks titles makes your learning experience even better; all of the eBooks will work together on your electronic bookshelf so that you can search across your entire library of Nursing eBooks. This popular textbook is aimed at children's nurses in a wide range of practice settings including primary, ambulatory and tertiary care. Covering the full age and specialty spectrum, this text brings together chapters from among the best known children's nurses in the UK. It describes family-centred child healthcare drawing upon practice throughout the UK and further afield. This innovative text provides up-to-date information on a wide range of topics. Each chapter offers readers additional material on Evolve. Full Microsoft PowerPoint presentations that facilitate interactive learning, augment the written chapters and provide information not normally possible in a standard textbook, e.g. colour photographs, video clips. Although intended for nurses, the book adopts an interprofessional problem-solving and reflective approach aimed at students, practitioners and child health educators. Material is offered from levels 1, 3 and some of the ancillary material extends into the postgraduate arena.

Children and Young People's Nursing Ruth Davies, Alyson Davies, 2011-04-29 Children and Young People's Nursing provides a comprehensive overview of the issues facing children's nurses today. It focuses on developing best practice and implementing high quality care. This book covers the wide range of general and specialist care settings in which children and young people's nurses work, including schools, the

community *Children's and Young People's Nursing in Practice* Valerie Coleman, Lynda Smith, Maureen Bradshaw, 2006-09-28 This innovative textbook uses a problem based learning PBL approach to cover content that is most common to child branch nursing courses The evidence based PBL triggers are grounded in the reality of everyday contemporary nursing practice and readers are engaged in an active learning process in order to develop key skills for clinical practice and life long learning The book features individual chapters focusing on the different care environments that student nurses experience when caring for children young people and families within health and social care It is not necessary for readers to be undertaking a PBL structured course in order to use and benefit from this text **Essential Skills Clusters for Nurses** Linda Childs, Lesley Coles, Barbara Marjoram, 2009-05-11 This timely book identifies the theory which underpins these Essential Skills Clusters to support the development of best nursing practice I hope you enjoy it From the foreword by Garth Long Professional Education Advisor Nursing and Midwifery Council All nursing students are required to have the underpinning knowledge to demonstrate proficiency in performing nursing skills especially those identified on the Essential Skills Clusters Essential Skills Clusters for Nurses is a comprehensive practical resource for students providing them with the core theory and knowledge underpinning these nursing skills Divided into five sections that discuss a particular area of the Essential Skills Clusters this text explores care compassion and communication organisational aspects of care infection prevention and control nutrition and fluid maintenance and medicines management and pharmacology It will be essential reading for all pre registration nursing students on all branch programmes Key features of the text Provides the underpinning theory and knowledge behind core nursing skills and those on Essential Skills Clusters Relevant and applicable to all branches of nursing Accessible and interactive with activities further reading and case studies Each chapter written by a specialist in that particular field **Fundamentals of Children and Young People's Anatomy and Physiology** Ian Peate, Elizabeth Gormley-Fleming, 2021-04-20 Fundamentals of Children and Young People's Anatomy and Physiology contains the critical knowledge required to provide safe and effective care to young people Emphasising the application of evidence based theory to practice this comprehensive yet accessible textbook helps nursing and healthcare students understand how children's anatomical and physiological systems influence disease processes and treatment options differently than in adults Highly visual succinct yet comprehensive this textbook presents an overview of the structure and function of each body system supported by clinical applications demonstrating how the concepts relate to nursing in practice Fully revised to reflect the Future Nurse Curriculum Standards this second edition contains a new chapter on physical growth and development discussion of social political and environmental impacts to children's health and wellbeing updated problems and activities and more Each chapter includes a range of effective pedagogical tools such as learning objectives clinical considerations body maps and self assessment questions Designed to prepare students for their careers in delivering high quality care for children in a range of settings this leading textbook Provides information on the anatomical and

physiological changes that leads to an altered state of health Emphasises clinical application throughout applying the anatomy and physiology to common health conditions in children Offers a structured and comprehensive approach to child related anatomy and physiology theory to prepare students for practice Fundamentals of Children and Young People s Anatomy and Physiology is essential reading for nursing and healthcare students and a useful reference for nurses nursing associates healthcare assistants assistant practitioners and other professionals working in the field All content is reviewed by students for students If you would like to be one of our student reviewers go to www.reviewnursingbooks.com to find out more

Children and Young People's Nursing Alyson M. Davies,Ruth E. Davies,2016-10-03 Underpinned by a rights based approach this essential text critically analyses the theory and practice of children and young people s nursing from several perspectives public health acute and community based care education and research Chapters address the clinical legal ethical political and professional issues and controversies which impact on the care delivered to children young people and their families both nationally and internationally This new edition continues to promote reflection and critical thinking about the practice of children s nursing and professional development

The Textbook of Children's Nursing Tina Moules,Joan Ramsay,1998 Divided into three sections this book provides coverage of the Branch Programme in Children s Nursing It includes user friendly content based on lecture plans and activities It is a useful reading for those students embarking on a course of study in children s nursing

Clinical Skills in Children's Nursing Imelda Coyne,Fiona Timmins,Freda Neill,2010-04-29 Designed as a compelling text for students Clinical Skills in Children s Nursing offers evidence based and family centred practical guidance for procedures in all care settings Emphasis is placed on the development of decision making skills and sensitive care It is enhanced by illustrations online resources and regular updates to evidence

Children and Young People's Nursing at a Glance Elizabeth Gormley-Fleming,Sheila Roberts (Senior lecturer in children's nursing),2022-12 Children s and Young People s nurses are committed to providing safe and effective care that is based on evidence This textbook aims to provide a useful reference on the clinical care need of neonates children and young people considering policy skills and the practice of children nursing in today s healthcare environment It is also a useful text to others who work with children and young people in the delivery of healthcare Some chapters required extensive review and new chapters have been included in this edition it was also interesting to see that some practices in children s nursing have not changed or advanced since the first edition was published

The Great Ormond Street Hospital Manual of Children's Nursing Practices Susan Macqueen,Elizabeth Bruce,Faith Gibson,2012-06-18 Clinical skills are a fundamental aspect of nursing care of children and young people The Great Ormond Street Hospital Manual of Children s Nursing Practices is an evidence based manual of practical skills in children s nursing which builds on the extensive expertise developed at Great Ormond Street Hospital It encompasses all aspects of children s nursing from the most basic aspects of everyday practice to advanced practice in high dependency and intensive care to provide a comprehensive

resource for all qualified nurses students and other health care professionals involved in caring for children both in the hospital and the community setting Children s and young people s nursing presents unique challenges The Great Ormond Street Hospital Manual utilises the latest clinical research and expert clinical knowledge to address these challenges and provides the underlying theory and evidence for nursing care of children It provides a definitive guide to clinical skills procedures in children s and young people s nursing which enables nurses working with children and young people to practice confidently and deliver clinically effective family centred care Key features Offers access to clinical procedures developed through the extensive expertise from Great Ormond Street Hospital Contains evidence based recommendations for expert care Encompasses all aspects of children s care Contains procedures guidelines students can rely on and effectively use in practice following qualification Highlights specific needs of neonates and adolescents Placed in the context of inter disciplinary care of the child Includes the rationale for each procedure the why as well as how Information presented in a similar way to The Royal Marsden Manual of Clinical Nursing Procedures offering continuity to those working in both adult and paediatric settings This title is also available as a mobile App from MedHand Mobile Libraries Buy it now from iTunes or the MedHand Store *Developing Practical Skills for Nursing Children and Young People* Alan Glasper, Marion Aylott, Cath Battrick, 2009-11-27 Clinical skills are essential to the practice of nursing and learning these skills requires a wealth of both factual knowledge and technical expertise Supplementing practical teaching *Developing Practical Skills for Nursing Children and Young People* is a comprehensive skills text that describes clinical skills in the style of a tutor teaching at EBOOK: Safeguarding Children and Young People Catherine Powell, 2007-08-16 This book should be available in every ward clinic and department This book is comprehensive and that rare thing in nursing literature scholarly and authoritative reading this book should arm nurses with the understanding to effectively do their duty and safeguard children Paediatric Nursing This text will be particularly useful as a source of reference for all practitioners It is logical organised comprehensive and accessible If students wish to purchase one book this would be a sound choice Jan Nelves University of Brighton UK I consider this a valuable book for all practitioners While the author makes clear her intended audience I think that a book of this quality would benefit a broader readership Community Practitioner Magazine *Safeguarding Children and Young People a Guide for Nurses and Midwives* is an excellent book which I would have no hesitation in recommending to nursing and midwifery colleagues It is both thought provoking and informative providing what I consider to be a useful reference which can be utilised to help staff understand more clearly and thus respond more confidently to some of the challenging issues which can arise as a result of safeguarding work Johann Knox IC Electronic Bulletin While many nurses and midwives are in an ideal position to prevent identify and respond to child maltreatment they may not currently have a clear understanding of the theory policy and practice of safeguarding children This book which has been written specifically for a nursing and midwifery audience provides an accessible text that outlines and explores professional roles and responsibilities in the context of inter

agency working Importantly it has chapters on Child neglect Fabricated or induced illness Child death and child maltreatment Safeguarding vulnerable children This groundbreaking book provides a much needed education research practice and evidence based evaluation The book also Includes case examples and points for reflection Provides an analysis of children s rights and child protection Enables readers to understand and apply theory and policy to practice Outlines the roles and responsibilities of other agencies Helps readers develop skills to deal with sensitive and traumatic issues Addresses the importance of confidentiality and information sharing Safeguarding Children and Young People is core reading for all nursing and midwifery students and practitioners This book provides a sound foundation both for novices needing to understand the challenges of working to safeguard children and as a reference book for those with experience of working in this field Dr Cheryll Adams Acting Lead Professional Officer Amicus CPHVA The Great Ormond Street Hospital Manual of Children and Young People's Nursing Practices Elizabeth Anne Bruce, Janet Williss, Faith Gibson, 2023-03-13 Clinical skills are essential in the provision of care for children and young people The Great Ormond Street Hospital Manual of Children and Young People s Nursing Practices provides expert guidance on evidence based clinical procedures helping students and newly registered nurses develop sound clinical judgement and confidence This comprehensive resource covers all aspects of children s nursing from the fundamentals of everyday practice to advanced care in high dependency and intensive care settings As such its relevance and usefulness reach beyond those newly registered it remains a valuable resource for experienced nurses wishing to further expand their nursing skills Now in its second edition this thoroughly updated guide demonstrates each procedure explains the underlying theory and evidence and speaks to the unique challenges of working with children and young people New chapters address mental health complementary therapies learning difficulties and the deteriorating child whilst expanded content examines blood glucose monitoring glucocorticoid treatment insulin administration diabetes care surgical diathermy non invasive ventilation and much more Key Features Provides evidence based guidelines for more than 300 clinical procedures Features an abundance of colour photographs and illustrations Examines the needs of neonates and adolescents in the context of interdisciplinary care Includes new material on health research and evidence based practice stages of development children with complex needs and admission transfer and discharge Complements The Royal Marsden Manual of Clinical Nursing Procedures offering continuity to those working in both adult and paediatric settings The second edition of The Great Ormond Street Hospital Manual is an indispensable resource for registered nurses students and other healthcare professionals involved in delivering clinically effective evidenced based family centred care Praise for the previous edition This manual builds on the knowledge skills and expertise of one of the UK s finest children s hospital and explains comprehensive evidence based care clearly Nursing Children and Young People Journal All children s nurses should have this book as a reference Nursing Standard a comprehensive resource for all qualified nurses students and other healthcare professionals involved in caring for children in hospital and community

settings Times Higher Education Supplement **Children and Young People's Nursing at a Glance** Alan Glasper, Jane Coad, Jim Richardson, 2014-11-17 Children and Young People's Nursing at a Glance is the perfect companion for study and revision for pre registration children's nursing students from the publishers of the market leading at a Glance series Divided into seven sections it explores assessment and screening working with families the newborn infant the developing child child health policy nursing the sick child and young person and chronic and life limiting conditions This comprehensive book is an invaluable resource for pre registration nursing students as well as newly qualified nurses wanting to consolidate and expand their knowledge of children and young people's nursing Breaks down complex aspects of child health care in an accessible and un intimidating way The perfect revision and consolidation textbook Linked closely with the NMC standards for pre registration nursing education and the essential skills clusters framework Highly visual colour presentation with approximately 130 illustrations Includes boxes summary boxes key points and recommendations for practice to improve the learning experience Supported by a companion website featuring over 500 interactive multiple choice questions www.ataglanceseries.com/nursing/children Available in a range of digital formats perfect for on the go study and revision

Inter-professional Approaches to Young Fathers Jane Reeves, 2008 With one of the highest teenage pregnancy rates in Europe young fatherhood as a site of economic and personal adversity has become a focus of concern in Britain during the late 1990s However despite this policy interest there is surprisingly little British empirical evidence to review One of the aims of the book is to draw together contemporary research evidence social theory and policy which may effect how practitioners students and academics conceptualise and work with young fathers Consequently each chapter illustrates the points it makes using discrete evidence from that particular field Moreover in order to make this process more user friendly each chapter provides a summary of this literature and evidence Finally in order to make the book come alive it draws on case studies which are drawn variously from two studies conducted by the editor *Foundation Skills for Caring* Edward Alan Glasper, Gillian McEwing, Jim Richardson, 2018-12-07 As a trainee healthcare professional you need a reliable skills manual which will help you understand and apply the procedures covered on your course However you also need one which will equip you to learn new skills as you develop throughout your career Congratulations you've just found it Why is this skills manual different To help you fully engage with what you're learning Foundation Skills for Caring has been designed with your interests and knowledge in mind It is packed with scenarios and activities for you to explore alone or in your learning groups These activities make study more enjoyable but also build your confidence as you rehearse develop and apply what you've learned Along the way you'll acquire professional level skills in critical thinking problem solving reflection teamwork and more What does it cover A range of chapters looks at over 150 core skills related to caring including all of the skills from the NMC Essential Skills Clusters Every chapter has been written by an experienced lecturer or practitioner so you can be confident that your learning is supported by a team of experts And there's more Foundation Studies for Caring

Using the same engaging style our comprehensive sister book explores the theory that underpins your practice Chapter links make it easy to move between the volumes and build a full picture of today s healthcare environment Click here to visit the product page for Foundation Studies for Caring <http://www.palgrave.com/products/title.aspx/PID280527> Companion Website Visit specially created chapter pages including more subject information video clips and study aids all at www.palgrave.com/glasper

Emergency Care of Children and Young People Karen Cleaver, Janet Webb, 2008-04-15 Children and young people account for a quarter of all patients treated in emergency departments in the UK with three million children attending emergency departments every year Emergency Care of Children and Young People prepares practitioners for the challenges of caring for children in emergency departments Children requiring emergency care have unique and differing needs and may not respond or cooperate during an initial assessment as an adult would Emergency Care of Children and Young People is an essential reference for all health care professionals working with children in the emergency department setting It explores the key skills needed for effective care and presents the evidence which underpins effective practice in an accessible and informative format Emergency Care of Children and Young People covers a complete range of topics including legal and ethical aspects minor injuries major trauma effective ways to communicate with children through the use of play and distraction meningitis and resuscitation

Textbook Of Childrens Nursing And Young Peoples Nursing Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Textbook Of Childrens Nursing And Young Peoples Nursing PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational

resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Textbook Of Childrens Nursing And Young Peoples Nursing PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Textbook Of Childrens Nursing And Young Peoples Nursing free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
