Textual Promiscuities Antoinette Marie Sol, 2002 Drawing on correspondence novels literary criticism and other documents by Riccoboni Laclos and Burney Antoinette Sol demonstrates how these novelists traditionally separated by nationality gender and genre are in fact concerned with similar issues of individual authority and social criticism She shows how arbitrary literary categorization of these writers as sentimental or libertine has kept their work from a reading which reveals their commonalities **BOOK JACKET**

Strategic Rewriting David Lee Rubin, 2002 A broad based innovative survey of rewriting in several modalities translation adaptation recycling appropriation and re mediation along with the effect of each on form and meaning kind and canon historical and discursive continuity as well as the conceptualizing of gender

The New Logic of Sexual Violence in Enlightenment France Mary McAlpin, 2023-11-08 This book argues that rape as we know it was invented in the eighteenth century examining texts as diverse as medical treatises socio political essays and popular novels to demonstrate how cultural assumptions of gendered sexual desire erased rape by making a woman s non consent a logical impossibility The Enlightenment promotion of human sexuality as natural and desirable required a secularized narrative for how sexual violence against women functioned Novel biomedical and historical theories about the natural sex act worked to erase the concept of heterosexual rape McAlpin intervenes in a far ranging assortment of scholarly disciplines to survey and demonstrate how rape was rationalized the history of medicine the history of sexuality the development of the modern self the social contractarian tradition the global eighteenth century and the libertine tradition in the eighteenth century novel This intervention will be essential reading to students and scholars in gender studies literature cultural studies visual studies and the history of sexuality

The Prose of Things Cynthia Sundberg Wall, 2014-10-01 Virginia Woolf once commented that the central image in Robinson Crusoe is an object a large earthenware pot Woolf and other critics pointed out that early modern prose is full of things but bare of setting and description Explaining how the empty unvisualized spaces of such writings were transformed into the elaborate landscapes and richly upholstered interiors of the Victorian novel Cynthia Sundberg Wall argues that the shift involved not just literary representation but an evolution in cultural perception In *The Prose of Things* Wall analyzes literary works in the contexts of natural science consumer culture and philosophical change to show how and why the perception and representation of space in the eighteenth century novel and other prose narratives became so textually visible Wall examines maps scientific publications country house guides and auction catalogs to highlight the thickening descriptions of domestic interiors Considering the prose works of John Bunyan Samuel Pepys Aphra Behn Daniel Defoe Samuel Richardson David Hume Ann Radcliffe and Sir Walter Scott *The Prose of Things* is the first full account of the historic shift in the art of describing

Gender and Voice in the French Novel, 1730-1782 Aurora Wolfgang, 2017-03-02 Analyzing four best

selling novels by both women and men written in the feminine voice this book traces how the creation of women centered salons and the emergence of a feminine poetic style engendered a new type of literature in eighteenth century France The author argues that writing in a female voice allowed writers of both sexes to break with classical notions of literature and style so that they could create a modern sensibility that appealed to a larger reading public and gave them scope to innovate with style and form Wolfgang brings to light how the female voice in literature came to embody the language of sociability but also allowed writers to explore the domain of inter subjectivity while creating new bonds between writers and the reading public Through examination of Marivaux's *La Vie de Marianne* Graffigny's *Lettres d'une Pruvienne* Riccoboni's *Lettres de Mistriss Fanni Butler* and Laclos's *Les Liaisons dangereuses* she shows that in France this modern feminine sensibility turned the least prestigious of literary genres the novel into the most compelling and innovative literary form of the eighteenth century Emphasizing how the narratives analyzed here refashioned the French literary world through their linguistic innovation and expression of new forms of subjectivity this study claims an important role for feminine voice narratives in shaping the field of eighteenth century literature

predecessor is a zestfully encyclopedic avidly opinionated and dazzlingly fresh history of the most elastic of literary forms

Booklist Voegelinian Readings of Modern Literature Charles R. Embry, 2011-05-16 These essays supply a theoretical grounding for the reading of novels poems and plays and reveal how the Voegelinian perspective exposes the existential and philosophical dimensions of the literary works themselves As a unit this collection of essays shows how modern pieces of literature can symbolize their creators participation in the human search for the truth of existence just as myths philosophical works and religious texts always have Voegelin s primary concern as a philosopher was to expose the roots of the disturbances of the modern era religious conflict imperialism war so that the sources of order leading to meaning are revealed The openness of Voegelinian thought and the many ways he considered the levels of reality generate intriguing themes for literary criticism

A Celebration of Frances Burney Lorna J. Clark, 2009-10-02 On the two hundred and fiftieth anniversary of the birth of the writer Frances Burney 1752 1840 a window to her memory was placed in the arched recess of stained glass that graces Poets Corner Novelist playwright and diarist Frances Burney is one of the few women accorded such an honour She joins the likes of Jane Austen Charlotte Bront and George Eliot who might in some ways be seen as her literary heirs Burney s journey to recognition on the stage of the world has been a long one crowned finally with triumph The service marked the mid point of a two day conference in which various aspects of Burney s life and achievement were canvassed Her journals and letters her novels and plays both comedies and tragedies her life family and context were all given serious scholarly treatment This volume includes the papers presented at the conference which cover the many facets of a remarkable career and represent the broad spectrum of scholarly approaches to the entire opus of Frances Burney It shows how far Burney has come from being dismissed as a minor precursor to Jane Austen to being recognized in her own right as a powerful complex and influential writer whose works had considerable impact on her own and subsequent generations
