That Everyone May Hear Reaching The Unreached

Jonathan Lewis

That Everyone May Hear Reaching The Unreached:

That Everyone May Hear Edward R. Dayton, 1979 *Gospel Church and Kingdom* James A. Scherer, 2004-06-17 What is the goal of mission What strategies are needed today How do evangelism and social problems relate What is the role of dialog between Christians and non Christians These questions and more are the concerns of Protestant evangelical Lutheran and Roman Catholic churches Dr Scherer analyzes the various approaches of churches in mission and sharpens the biblical goal of making disciples of all nations **Apostolic Imagination** J. D. Payne, 2022-02-08 A leading expert in the field of Christian missions encourages the church to recover the apostolic imagination that fueled the multiplication of disciples in the first century J D Payne examines the contemporary practice of Western missions and advocates a more central place for Scripture in defining missionary language identity purpose function and strategy He shows that an apostolic understanding of the church s disciple making commission requires rethinking every aspect of missionary engagement The book includes end of chapter discussion questions and action steps to help pastors and church leaders develop an apostolic imagination

World Mission (Combined Edition): Jonathan Lewis, 1994-06-01 Back by popular demand this work was originally three volumes in length but is now reprinted as a single volume This manual integrates essential and relevant articles from Perspectives on the World Christian Movement Reader and the Perspectives Study Guide leading the student into deeper broader mission understanding and vision by covering the Biblical historical foundations the strategic dimensions and cross cultural considerations **Models of Evangelism** Priscilla Pope-Levison, 2020-10-27 Many sincere Christians dismiss evangelism due to enduring evangelistic caricatures This book helps readers move beyond those caricatures to consider thoughtfully and practically how they can engage in evangelism whether it s through one on one conversations social media social justice or the liturgy of worship services At once biblical theological historical and practical this book by a seasoned scholar offers an engaging well researched and well organized presentation and analysis of eight models of evangelism Covering a breadth of approaches from personal evangelism to media evangelism and everything in between Priscilla Pope Levison encourages readers to take a deeper look at evangelism and discover a model that captures their attention Each chapter introduces and assesses a model biblically theologically historically and practically allowing for easy comparison across the board The book also includes end of chapter study questions to further help readers interact with each model

Solving the Immigrant Church Crisis Ronald M. Rothenberg, 2016-08 Solving the Immigrant Church Crisis The Biblical Solution of Parallel Ministry Acts 6 1 7 addresses the crisis of the immigrant church in which complex cultural and linguistic factors create a reticence on the part of immigrants to transfer financial and decision making authority to succeeding generations and this results in a culturally irrelevant ministry to those generations an exodus of believers from the church a spiritually immature remnant and an inability to reach the lost The thesis of this book is that parallel ministry based on Acts 6 1 7 is the biblical solution to the crisis in the immigrant church While there are at least two main aspects of

this crisis a spiritual relational and an ecclesiastical aspect this book focuses on the ecclesiastical aspect of defining the biblical structure of church government Specifically this book is for immigrant churches primarily in the United States and offers them a biblical and practical solution to the problem plaguing them for over two centuries of how to minister effectively to the succeeding generations Church Growth and the Whole Gospel C. Peter Wagner, 1998-12-15 Has the church growth movement failed to stress the social dimensions of the Christian faith Dr Peter Wagner a leading exponent of church growth argues that Christians can evangelize and churches can grow strongly while at the same time participating in the global struggle on behalf of the poor and oppressed for justice and peace for brotherhood and liberation and for the alleviation of human suffering **Planting Churches in Muslim Cities** Gregory Livingstone, 1993-02-01 A biblically and culturally appropriate blueprint for church planting in Muslim cities anywhere in the world The experiences of one hundred missionaries provide a guide to evangelizing and discipling **Missiology**, 1987 An international review Dictionary of Mission Karl Muller, Theo Sundermeier, Stephen B. Bevans, Richard H. Bliese, 2006-01-30 Conceived and developed by two of Europe's most eminent missiologists in the country where the scientific and sustained study of mission first took shape the Dictionary of Mission represents the finest of the chorus of voices that comprise contemporary missiology The choice of topics and the authors to address them reflects what Christian mission has become a genuinely worldwide and ecumenical phenomenon That there would be entries on regional theological developments is indicative of how the world church is developing A host of other topics here explored show too how the landscape of mission is changing Taken as a whole then the Dictionary of Mission is a road map through this exciting and challenging terrain from the Foreword
