The movie, *China in Revolution, 1911-1949*, is one of three films written by Sue Williams and directed by Kathryn Pierce Dietz. This 1989 masterpiece officially describes the economic and political advancements in China. It also highlights the collapse of the preceding emperorship that was rocked by a series of resistance between two opposing political groupings. *China in Revolution* covers a turbulent period between 1911 and 1949, where opposing leaders seek to rule the country.

The film is based on first hand information provided by persons who lived at the time and witnessed the unfolding of events. It highlights the differences that existed between the patriots and the reds coupled with the consequences of the conflicts. The director and the writer of the movie pride in a deep understanding of the Chinese history as they give an almost accurate recount of the events that unfolded in China between 1911 and 1949.

The movie revolves around China's development between the year 1911 and 1949 coupled with the events that unfolded during this period. It takes the audience through a series of warfare that the Chinese engaged in over a period of three decades. A state was officially formed in February 1912 following the [Xinhai Revolution](#) that commenced in 1911 by replacing the [Qing Dynasty](#).

This revolution signaled the end of over three thousand years of [imperial rule](#) in China with [Sun Yat-Sen](#) being elected as the president. However, Sun's presidency was short-lived as he lacked military support. Therefore, he ultimately surrendered the seat to Yuan Shikai who took over and subverted his predecessor. Yuan introduced dictatorship system of governance and overlooked the various institutions that had been established by his predecessor, which provoked resistance from the public.

In addition, he imposed stiff penalties for anyone opposing his leadership maxims. He then dissolved Kuomintang - the party that sponsored him to power, and he had little or no respect to the country's constitution. An effort to remove him from power through a democratic election in 1912 resulted in the murder of the elected contender by a man employed by Yuan, and thus he continued leading the country.
