Latin American Jewish literature exploring the issues of vanishing traditions along with the subject of assimilation and acculturation. It places in sharp relief the Jewish contribution to the Latin American literary boom. An important aspect of this study is an examination of the contributions of women authors to this field. It studies Jewish life in communities that are little known in either the Jewish or non-Jewish world, unique within the diaspora experience. The book contains critical essays by internationally renowned scholars along with in-depth interviews with major writers. Contributors include Regina Igel, Florinda Goldberg, Robert DiAntonio, Leonardo Senkman, Naomi Lindstrom, David Foster, Edna Aizenberg, Nora Glickman, Lois Bara, Judith Morganroth, Schneider Murray, Baumgarten, Flor Schiminovich, Sandra Cypess, Edward Friedman, Ilan Stavans, Jacobo Sefarmi, and Mario A. Women and War in Antiquity Jacqueline Fabre-Serris, Alison Keith, 2015-12-15

Women in ancient Greece and Rome played a much more active role in battle than previously assumed. The martial virtues—courage, loyalty, cunning, and strength—were central to male identity in the ancient world, and antique literature is replete with depictions of men cultivating and exercising these virtues on the battlefield. In *Women and War in Antiquity*, sixteen scholars reexamine classical sources to uncover the complex but hitherto unexplored relationship between women and war in ancient Greece and Rome. They reveal that women played a much more active role in battle than previously assumed, embodying martial virtues in both real and mythological combat. The essays in the collection, taken from the first meeting of the European Research Network on Gender Studies in Antiquity, approach the topic from philological, historical, and material culture perspectives. The contributors examine discussions of women and war in works that span the ancient canon from Homer's epics and the major tragedies in Greece to Seneca's stoic writings in first-century Rome. They consider a vast panorama of scenes in which women are portrayed as spectators, critics, victims, causes, and beneficiaries of war. This deft volume, which ultimately challenges the conventional scholarly opposition of standards of masculinity and femininity, will appeal to scholars and students of the classical world, European warfare, and gender studies.

Visual Aggression Assaf Pinkus, 2021-01-27

Why does a society seek out images of violence? What can the consumption of violent imagery teach us about the history of violence and the ways in which it has been represented and understood? Assaf Pinkus considers these questions within the context of what he calls galleries of violence: the torment imagery that flourished in German-speaking regions during the fourteenth and fifteenth centuries. Exploring these images and the visceral, bodily responses that they produced in their viewers, Pinkus argues that the new visual discourse on violence was a watershed in premodern conceptualizations of selfhood. Images of martyrdom in late medieval Germany reveal a strikingly brutal parade of passion: severed heads, split skulls, mutilated organs, extracted fingernails and teeth, and myriad other torments. Stripped from their devotional context and presented simply as brutal acts, these portrayals assailed viewers' bodies and minds so violently that they amounted to what Pinkus describes as visual aggressions. Addressing contemporary discourses on violence and cruelty, the aesthetics of violence, and the eroticism of the tortured body, Pinkus ties these galleries of violence to larger cultural

concerns about the ethics of violence and bodily integrity in the conceptualization of early modern personhood Innovative and convincing this study heralds a fundamental shift in the scholarly conversation about premodern violence moving from a focus on the imitatio Christi and the liturgy of punishment to the notion of violence as a moral problem in an ethical system Scholars of medieval and early modern art history and literature will welcome and engage with Pinkus s research for years to come
