Howe W. Montgomery, 2010-09-27 *The Poetry of Susan Howe* provides a comprehensive survey of the major works of one of America's foremost contemporary poets. The book describes the relationship between poetic form and the various configurations of history, religious thought, and authority in Howe's writing. Will Montgomery argues that her highly opaque texts reflect the resistance that the past offers to contemporary investigation. Addressing lyric, literary history, collage, and visual poetics, *The Poetry of Susan Howe* is a lucid and persuasive investigation of the volatile movements of this extraordinary body of work.

Circus Days and Nights Robert Lax, 2009-06-02 Though many hold him to be one of the greatest American poets of this century, Lax has maintained a low profile, living and writing in seclusion on the Greek island of Patmos. In *Circus Days and Nights*, Lax's three great long poems on the circus—*Circus of the Sun*, *Mogador's Book*, and *Sunset City*—are collected together for the first time, placing this early masterwork in the position within American literature that it so richly deserves. Each of the three poems in this collection expresses a reverence for the acts of daring, beauty, and grace that make the circus the singular event it is. What also emerges is the drawing of a link between this world of the circus, wherein a tent is erected, acts are performed, and then the tent is disassembled only to be re-erected the next day, and Lax's faith. As Denise Levertov has said, the radiant security of Lax's faith appears in his work as a serenity of tone.

The Way of the Dreamcatcher Steve Theodore Georgiou, 2002 On the holy island of Patmos, where St. John wrote *The Book of Revelation* nearly 2,000 years ago, a young man experiences his own revelations with the help of a spiritual mentor. Robert Lax, the man Thomas Merton once said was born with the deeper sense of who God was. These warm, wonderful insights are for anyone searching for wisdom.

Renunciation Ross Posnock, 2016-01-04 Renunciation as a creative force is the animating idea behind Ross Posnock's new book. Taking up acts of abandonment, rejection, and refusal that have long baffled critics, he shows how renunciation has reframed the relationship of writers, philosophers, and artists to society in productive and unpredictable ways.

Strategies of Silence Moy McCrory, Simon Heywood, 2021-02-25 This unique book takes silence as its central concept and questions the range of meanings and values which inform the idea as it impinges on the creative process and its content and contexts. The thematic core of silence allows a consideration of silencing and silence as opposite ends of a spectrum: one shutting down the other, enabling and opening up. As a multidisciplinary collection of essays derived from the teaching and implementation of Creative Writing at university level, the contributors consider silence as strategic both through the need for silence and as something which compels resistance. They explore how writing has employed images and tropes of silence in the past and used silence and gaps technically. In considering marginalised and forgotten voices, this book shows how writers bring their diverse range of backgrounds and experience to work with and against silence in Creative Writing Studies. The first theoretical work on silence in Creative Writing, this field-shifting book is an essential read for both practitioners and students of Creative Writing at the higher education level.
