eccentric role model since that time Most people know that his 55 years of presenting The Sky at Night is a world record but what was he really like in person What did he do away from the TV cameras in his observatory and within the British Astronomical Association the organisation that inspired him as a youngster Also precisely what did he do during the War Years a subject that has always been shrouded in mystery Martin Mobberley a friend of Patrick Moore s for 30 years and a former President of the British Astronomical Association has spent ten years exhaustively researching Patrick s real life away from the TV cameras His childhood RAF service tireless voluntary work for astronomy and charity and his endless book writing are all examined in detail His astronomical observations are also examined in unprecedented detail along with the battles he fought along the way and his hatred of bureaucracy and political correctness No fan of Sir Patrick Moore can possibly live without this work on their bookshelf
