The Gulf Between Us Victoria Brittain, 1991 Essays discuss the Persian Gulf War including its causes objectives military technology and political consequences Contemporary Authors Scot Peacock, 2002-05 Your students and users will find biographical information on approximately 300 modern writers in this volume of Contemporary Authors R American Book Publishing Record , 1992 Der Golfkrieg (1990/1991) Ingeborg Otto, 1992 □□□□□□□□ , 1994 Science Fiction in Print Charles N. Brown, William Contento, 1986 **The Guardian Index** , 2003 *The Gulf Wars with Iraq* Jane Bingham, 2012 This book briefly examines the military and political impact of the Gulf wars along with their impact on civilian populations

Press Coverage of the Persian Gulf War Naval Postgraduate Naval Postgraduate School, 2016-01-20 Widely held views of military press relations in the United States rest upon an incomplete image of the past This became overwhelmingly evident during the recent Gulf War with its generalizations about the experience of the Vietnam War This book seeks to correct such failings through a brief discussion of the role the First Amendment guarantee of freedom of the press has played regarding U S national security interests followed by a thorough description of military press relations in the 19th and 20th centuries qhurf emphasis is upon American war since 1965 with an analysis of press policy both before and during the Gulf War It is shown that policy decisions have evolved from historical precedent and lessons learned from previous Wars Moreover preliminary review of the secondary literature suggests that there exists far more continuity in U S military press relations than is widely perceived in the body politic and among the press The Vietnam case most often portrayed as devoid of military press control can be seen as an exception rather than the rule Further the Sidle Commission as well as the experiences in Grenada in 1983 and Panama in 1989 reflect a backlash against the press policy of the Vietnam War A close examination of USCENTCOM s public affairs guidance suggests that the makers of DOD and theater press policy fully understand the need to avoid the perceived mistakes of Vietnam as well as the requirement to argue the military s case in a forceful and persuasive manner The public backlash against the electronic media in the Gulf War coupled with the general affection felt in American hearts and minds for the professional military suggests that present aggressive U S military policies toward the press will continue The book concludes with an examination of those outstanding areas of policy that demand careful attention along with recommendations toward improving future military press policy Beyond the Gulf , 1991 **Persian Gulf War** Zachary Kent, 1994-12-01 Presents objective historical overviews of American wars Useful for book reports research and casual reading **Beyond the Storm** Phyllis Bennis, Michel Moushabeck, 1991-09 Thoughts on a war ignorant armies clash by night Edward W Said Portent of a new century Eqbal Ahmad Iraq years of turbulence Michel Moushabeck From regionalism to nation state a short history of Kuwait Hala Fattah The crisis in the Gulf why Iraq invaded Kuwait Bishara A Bahbah the battle is joined Steve Niva After the cold war U S Middle East policy Noam Chomsky The Panama paradigm Barbara Ehrenreich Countdown for a decade the U S build up for war in the Gulf Sheila Ryan U S aid to

Mazarr, 2019-04-01 From Saddam Hussein's first bold threats in 1990 to the stunning ground phase of Desert Storm in early 1991 the crisis in the Gulf captured the world's attention This high tech low cost war was televised nightly from beginning to end accompanied by on the spot interpretations of strategy and its implications But what did we learn from this crisis Did the United States bungle its attempts at discouraging Saddam's aggressive actions or is deterrence simply not a reliable foreign policy tool Are chemical weapons truly the poor man's atom bomb Does the war represent a good model for future crises or did circumstances make this war more of an anomaly than a precedent How did the ill volunteer U S force perform By combining exciting detailed vignettes of the crisis with insightful discussions of its consequences this book opens up an informed debate concerning the true military and geopolitical lessons of the conflict Representing a distillation of the best thinking on defense and foreign policy in Washington Desert Storm also incorporates the testimony of the inside players during the crisis the people who actually planned and fought the war Combining academic rigor and in depth military expertise the authors challenge the complacency of the emerging conventional wisdom regarding the conflict taking us beyond mere chronicling and instant analysis to a riveting reenactment of the war and the serious consideration of its long term implications **Press Coverage of the Persian Gulf War** Kimberly Ann Cochran, 1992 *Gulf War II (1990/91) - Iraq Between United Nations' Diplomacy and United States' Policy* Stephan Schmid, 2007-12 Research Paper undergraduate from the year 2006 in the subject Politics International Politics Region Near East Near Orient grade 1 0 University of Balamand Lebanon University of Balamand Lebanon Institute of Political Science course International Politics of the Middle East 44 entries in the bibliography language English abstract Contrary to the first Gulf War between Iraq and Iran the second Gulf War became very fast internationalized beyond all regional borders even if its roots were mainly placed in the broader regional environment Especially the US was very concerned about the Iraqi invasion and its impact on the regional and on the international economical political and military balance The so called Gulf War III in the year 2003 which rooted to a big part in the second one showed that this concern kept on being vital for the US This paper mainly focuses on two aspects of the Gulf Crisis of 1990 91 namely on the US Administration its goals and its policy for the Middle East in general and the Gulf region and Iraq specifically Additionally it'll deal with the role of the United Nations or rather the Security Council and its permanent members during this crisis **The Gulf War** Suzanne Murdico, 2003-12-15 Examines events surrounding the 1991 war between Iraq and a worldwide coalition of forces plus biographical notes on important figures and a look at the

effects of this war **The Persian Gulf TV War** Douglas Kellner, 2019-06-26 Douglas Kellner's *Persian Gulf TV War* attacks the myths, disinformation and propaganda disseminated during the Gulf war. At once a work of social theory, media criticism and political history, this book demonstrates how television served as a conduit for George Bush's war policies while silencing anti-war voices and foregoing spirited discussion of the complex issues involved. In so doing, the medium failed to assume its democratic responsibilities of adequately informing the American public and debating issues of common concern. Kellner analyzes the dominant frames through which television presented the war and focuses on the propaganda that sold the war to the public, one of the great media spectacles and public relations campaigns of the post-World War II era. In the spirit of Orwell and Marcuse, Kellner studies the language surrounding the Gulf war and the cynical politics of distortion and disinformation that shaped the mainstream media version of the war, how the Bush administration and Pentagon manipulated the media and why a majority of the American public accepted the war as just and moral. [The Complete Idiot's Guide to the Gulf War](#) Charles Jaco, 2002 Discusses the causes, military tactics, battles and effects of the Persian Gulf War *The Mideast After the Gulf War* Richard Steins, 1992-04-01
