 nature and our ancient heritages so as to live well and responsibly Sacred Disobedience Sharon L. Coggan,2020-07-07
 Sacred Disobedience A Jungian Analysis of the Saga of Pan and the Devil traces the ancient Greek God Pan who became
 distorted into the image of the Devil in early Christianity When Pan was demonized the powerful qualities he represented
 became repressed as Pan s visage twisted into the model of the Devil This book follows a Jungian analysis of this development
 In ancient Greek religion Pan was worshipped as an honored deity corresponding to an inner psycho spiritual condition in
 which the primitive qualities he represented were fully integrated into consciousness and these qualities were valued and

affirmed as holy But in the era of early Christianity Pan dies and the Devil is born a twisted inflation possibly due to an underlying repression In the Jungian system repressed psychic contents do not disappear as proponents of the new order tacitly assume but distort and grow more powerful or inflate to cripple the psyche that refuses to incorporate these split off elements Repressed contents will expand to explosive force as the repressed elements eventually return regressively from below It becomes important then to understand what qualities the primitive Goat God carried to appreciate what was repressed in the Western psycho spiritual system and what subsequently needs reintegration
