Understanding Abortion Stephen D. Schwarz, Kiki

Latimer, 2012-01-01 A stunning compilation of the strongest pro choice and pro life arguments brought together for the first time in a single work that allows for meaningful comparisons and intelligent dialogue This gives the discerning reader an opportunity to see both sides comprehensively and move beyond emotionally charged mixed feelings to rational thought

Abortion, Conscience & Democracy Mark MacGuigan, 1994-01-10 Few issues have polarized Canadians and Americans as much as the abortion debate In this thoughtful and thought provoking reflection on the implications the law on abortion has on democracy mark MacGuigan brings a much needed perspective to this controversial subject Few people are as well qualified to do so MacGuigan is a former law professor minister of justice and attorney general of Canada a Catholic and a federal appellate court judge Distinguishing carefully between morality and the law MacGuigan includes a history of the criminal law the Catholic Church's views and the often ignored roles of individual conscience freedom and responsibility in democracy He reviews the essential debate important case histories and the evolving social perspectives that have attached themselves to discussions of abortion he also includes chapters on the related issues of contraception and euthanasia MacGuigan refers to a wide range of influential and international documents and judgements papal encyclicals the Wolfenden Report Roe vs Wade a ruling in a case that involved Dr Henry Morgentaler and numerous other sources With great candour MacGuigan also explores how his own attitude and position have changed to the point where he now opposes any legislation limiting abortion before viability Those who are seeking clarity of the issues and those who want to uncloud the rhetoric and the arguments should not miss reading this important work

The Fake and Deceptive Science Behind Roe V. Wade Thomas W. Hilgers, 2020-08-20 Our schools and healthcare institutions have abandoned the Hippocratic Oath and the Declaration of Geneva and replaced it with a policy of lethalism This is a direct result of the Court's acceptance and promotion of archaic scientific reasoning Roe v Wade that at best would be considered pre medieval and clearly out of touch with scientific reality Fallout includes the expansion into fetal experimentation human cloning embryonic stem cell research infanticide and even physician assisted suicide programs The respect for life ethic has slowly been removed as the Supreme Court has so strongly supported the lethalism becomes a way of life ethic Especially interesting is the lack of support for any positive solutions to these issues The recognition is that life at all stages in the womb is precious and able to make extraordinary contributions to our ability to love and to be loved to bring about peace and to be at peace to extract love in ways that only a very young and precious life is able to extract and to express love in ways that can be boundlessly meaningful As we move to reestablish the human right to live we must also move beyond lethalism and install positive life affirming and meaningful solutions to real human problems God bless us all as we move in this direction

Abortion and the Private Practice of Medicine Jonathan B. Imber, 2017-07-12 Originally published in 1986 Abortion and the Private

Practice of Medicine was the first book to look at abortion from the perspective of physicians in private practice Jonathan B Imber spent two years observing and interviewing all twenty six of the obstetrician gynecologists in Daleton a city that did not have an abortion clinic The decision as to whether when and how to perform abortions was therefore essentially up to the individual doctor Imber begins the volume with a historical survey of medical views on abortion and the medical profession's response to the legalization of abortion in the United States Quoting extensively from his interviews he looks at various characteristics of doctors that may affect their professional opinion on abortion their age gender religious background and length of residence in the community the nature of their training and prior experience and the setting of the practice whether group or solo Imber found that the physicians reasons for agreeing or refusing to perform abortions revealed considerable differences of opinion about how they construe their responsibilities **Toward A More Perfect Union** Neil L.

York,1988-12-06 Toward a More Perfect Union is the last of a three volume series examining the Constitution as it was drafted and ratified and the uses made of it over the past two hundred years Each volume includes essays first presented at conferences on the Bicentennial of the Constitution held at Brigham Young University in 1985 1986 and 1987 and several additional essays written especially for these anthologies A Generation Abandoned Peter D. Beaulieu,2017-04-26 A Generation Abandoned explores the disruptive cultural events especially of the past half century as these have undermined the confidence of the young in themselves and in civil society and finally in our place in the universe The overall theme is the contrast between this sense of abandonment and our inborn and neglected orientation toward personal worth and the common good the natural law Much of what is peddled as social evolution today is shown to be a throwback to darker times The analysis submits to a refreshingly conversational tone but also draws incisively from a very broad pallet of history literature theater theology and simplifying and illuminating anecdotes some of them first hand An early chapter outlines the perfect storm of the 1960s Later chapters expose the word games of the cultural elite the saga of the family through history and now its abrupt erosion and the difference between any meandering arc of history and a more grounded arc of relations our rationalized culture of death versus a flourishing human ecology **Beyond Secularism and Jihad?** Peter D.

Beaulieu,2012-07-13 Peter D Beaulieu examines the challenge posed by and to modernity and historic Islam as they encounter one another He compares the Western separation of Church and state with the unitary Islamic State and explores the proposed cultural and societal principles of the Second Vatican Council as potentially influencing long term events in both arenas Beaulieu's research is comprehensive and richly documented yet offers an accessible triangular inquiry into the mosque the manger and modernity By restoring a place at the table for Trinitarian Christianity alongside the engulfing monotheism of Islam and the alternative skepticism of Western rationalism this inquiry broadens the pallet of inter religious and intercultural contact points Beyond Secularism and Jihad provides balanced attention to the differences as well as the similarities between Christianity Islam and modernity An emerging theme is natural law which is universal and intrinsic to all

mankind and not confined to competing theologies Neglected in the West that it helped create natural law might contribute to the needed grammar for dialogue between the citizens in the West and the followers of Islam **Pro-Life Answers to Pro-Choice Arguments** Randy Alcorn,2009-01-21 As politicians citizens and families continue the raging national debate on whether it s proper to end human life in the womb resources like Randy Alcorn s Prolife Answers to Prochoice Arguments have proven invaluable With over 75 000 copies in print this revised and updated guide offers timely information and inspiration from a sanctity of life perspective Real answers to real questions about abortion appear in logical and concise form The final chapter Fifty Ways to Help Unborn Babies and Their Mothers is worth the price of this book alone Life to the Full Abby Johnson,Tyler Rowely,2023-05-05 Abortion is a scourge on our world perpetuated by a skewed understanding of love and freedom The result has been over 62 million lives lost in the United States alone since 1973 Each of these lives is an untold story It is time for them to speak In Life to the Full Abby Johnson and Tyler Rowley have collected twenty three harrowing personal accounts that demonstrate the evil of abortion and more crucially the power of life In the midst of the fight against the culture of death it is love mercy and miracles that serve as our oxygen keeping so many determined to bring abortion to an end The best method of winning hearts is the telling of stories true stories Life to the Full shares lived human experiences in order to breathe new life into the abortion fight and raise up a next generation of men and women committed to protecting the unborn This is the book I want supporters of legal abortion to read writes editor Abby Johnson Page after page will reveal the certainty that it is never okay to kill an innocent human being and that in order for our nation to know peace there must be peace in the womb This book will inspire those already committed to the cause of life and make abortion advocates second guess their convictions
