Culinary Herbs & Spices of the World Ben-Erik van Wyk, 2014-09-26 For centuries herbs and spices have been an integral part of many of the world's great cuisines. But spices have a history of doing much more than adding life to bland foods. They have been the inspiration for among other things trade exploration and poetry. Priests employed them in worship incantations and rituals and shamans used them as charms to ward off evil spirits. Nations fought over access to and monopoly of certain spices like cinnamon and nutmeg when they were rare commodities. Not only were many men's fortunes made in the pursuit of spices, spices at many periods throughout history literally served as currency. In *Culinary Herbs and Spices of the World* Ben Erik van Wyk offers the first fully illustrated scientific guide to nearly all commercial herbs and spices in existence. Van Wyk covers more than 150 species from black pepper and blackcurrant to white mustard and white ginger detailing the propagation, cultivation and culinary uses of each. Introductory chapters capture the essence of culinary traditions, traditional herb and spice mixtures, preservation, presentation and the chemistry of flavors and individual entries include the chemical compounds and structures responsible for each spice or herb's characteristic flavor. Many of the herbs and spices van Wyk covers are familiar fixtures in our own spice racks but a few, especially those from Africa and China, will be introduced for the first time to American audiences. Van Wyk also offers a global view of the most famous use or signature dish for each herb or spice satisfying the gourmand's curiosity for more information about new dishes from little known culinary traditions. People all over the world are becoming more sophisticated and demanding about what they eat and how it is prepared. *Culinary Herbs and Spices of the World* will appeal to those inquisitive foodies in addition to gardeners and botanists. *Herbs* Herb Society of Greater Cincinnati, 1979 **The Herbal Kitchen** Jerry Traunfeld, 2005-11-01 The secret to transforming easy dishes into extraordinary meals. Fresh herbs. In *The Herbal Kitchen* IACP award winning cookbook author and acclaimed Herbfarm Restaurant chef Jerry Traunfeld presents simple dishes using herbs straight from the market windowsill or garden. Until recently the fresh herbs available in supermarkets were limited to parsley and maybe dill. Today thyme, rosemary, basil, cilantro, mint and sage are among the many fresh herbs as close as the produce section or the farmer's market. Not to mention marjoram, lovage, tarragon, lavender, shiso and so many others. Jerry shows you how to incorporate these fresh herbs into your everyday home meals. So whether preparing a workday supper for the family, a special dinner for two or four or a feast for a table of guests using fresh herbs in your cooking will result in fresh and vibrant food. *The Herbal Kitchen* includes some recipes that are home variations of the innovative dishes Jerry prepares at the Herbfarm while others are fresh takes on familiar classics such as Herb Garden Lasagna or Shrimp in Garlic Sage Butter. All are uncomplicated and prep time is minimal with the emphasis on spontaneity and the unmistakable flavors of fresh herbs. Start off with Asparagus and Lemon Thyme Soup, Spicy Verbena Meatballs or Rye Thyme Cheese Straws before moving on to Cinnamon Basil Chicken.
