Posthumanism in the Novels of Kurt Vonnegut Andrew Hicks, 2020-05-18 Posthumanism in the Novels of Kurt Vonnegut Matter That Complains So re examines the prevailing critical consensus that Kurt Vonnegut was a humanist writer While more difficult elements of his work have often been the subject of scholarly attention the tendency amongst critics writing on Vonnegut is to disavow them or to subsume them within a liberal humanist framework When Vonnegut's work is read from a posthumanist perspective however the productive paradoxes of his work are more fully realised Drawing on New Materialist Eco Critical and Systems Theory methodologies this book highlights posthumanist themes in six of Vonnegut's most famous novels and emphasises the ways in which Vonnegut troubles human non human natural artificial and material discursive hierarchical binaries

Sirens

Michael Bull, 2020-02-06 Sirens are sounds that confront us in daily life from the sounds of police cars and fire engines to less often tornado warnings Ideologies of sirens embody the protective the seductive and the dangerous elements of siren sounds from the US Cold War public training exercises in the 1950s and 1960s to the seductive power of the sirens entrenched in popular culture from Wagner to Dizzee Rascal from Kafka to Kurt Vonnegut from Hans Christian Andersen to Walt Disney This book argues using a wide array of theorists from Adorno to Bloch and Kittler that we should understand siren sounds in terms of their myth and materiality and that sirens represent a sonic confluence of power gender and destructiveness embedded in core Western ideologies to the present day Bull poses the question of whether we can rely on sirens both in their mythic meanings and in their material meanings in contemporary culture Undercurrent: A Siren Novel Tricia Rayburn, 2011-07-12 The sirens are back but Vanessa may be the biggest threat of all Nothing has been normal since Vanessa Sands learned that her sister was murdered by sirens femme fatales of the watery depths and that everything she believed about her family was a lie Her boyfriend Simon s been the only person Vanessa feels she can really trust But now there are some secrets she can t tell even him And when Vanessa finds herself in the sights of Parker Hawthorne Prep s resident charmer she needs someone to confide in more than ever Doubting her relationship with Simon unsure of Parker s intentions and of her own and terrified by what she s learned about herself Vanessa has never felt so alone But personal problems must be put aside because the Winter Harbor sirens are back for revenge Now Vanessa must face her past and accept that she is just like her enemies every bit as alluring every bit as dangerous The eagerly anticipated second novel of the Siren trilogy Undercurrent is a seductive paranormal romance that will leave you breathless **Sirens** Janet Fox, 2012-11-08 Fans of The Great Gatsby Libba Bray s The Diviners and Bright Young Things will be captivated by Janet Fox s Roaring Twenties tale Two girls One gangster A deadly secret When Josephine s father ships her off to live with her rich cousins on the glittering island of Manhattan he says it s to find a husband But Jo knows better there s trouble brewing and in 1925 all that glitters is not gold Caught up in a swirl of her cousin s bobbed hair set and the men that court them Jo soon realizes that this world of jazz and gangsters and their molls hides a nest of lies But when she befriends the girlfriend of one of the most powerful and dangerous gangsters in town Jo begins to uncover secrets secrets that threaten an empire and could destroy everyone she loves Jo is faced with a choice hang on to her soul or lose herself in the decade of decadence *Siren Sisters* Dana Langer, 2017-01-03 Lolly Salt s three sisters are sirens young women who lure ships to their doom and as Lolly s 13th birthday approaches she s about to become one too But when it becomes clear that someone in town knows the Salt girls secret Lolly sets out to learn how this happened to her family and if she can prevent it **The Seduction of Pessimism in the Novel** Tom Ribitzky, 2024-10-31 The Seduction of Pessimism in the Novel Eros Futility and the Quarrel with Philosophy explores the novel as a response to the Platonic myth that narrates the rift at the core of our being Eros is supposedly the consolation for this rift but the history of the novel documents its expression as one of frustrated desires neuroses anxieties

and cosmic doom As if repeating the trauma from that original split in Plato a split that also divides philosophy from literature the novel treats eros as a site of loss and grief from the medieval romances to Goethe Emily Bront Proust Mann Woolf D H Lawrence and Nabokov The pessimism that emerges from this eros tells us something fundamental about who we are something that only the novel can say At a time when both education and leisure are increasingly ignoring the novel s imperative to sit with ambiguity complexity and contingency and as we are hurtling toward a bleak future of climate catastrophe and political instability the novel is one of the last bastions of humanity even as it is quickly being eroded *The Musicalization of Fiction* Werner Wolf,2023-12-11 This volume is a pioneering study in the theory and history of the imitation of music in fiction and constitutes an important contribution to current intermediality research Starting with a comparison of basic similarities and differences between literature and music the study goes on to provide outlines of a general theory of intermediality and its fundamental forms in which a more specialized theory of the musicalization of narrative literature based on contemporary narratology and a typology of the forms of musico literary intermediality are embedded It also addresses the question of how to recognize a musicalized fiction when reading one and why Sterne s Tristram Shandy contrary to what has been previously said is not to be regarded as a musicalized fiction In its historical part the study explores forms and functions of experiments with the musicalization of fiction in English literature After a survey of the major preconditions for musicalization the increasing appreciation of music in 18th and 19th century aesthetics and its main causes exemplary fictional texts from romanticism to postmodernism are analyzed Authors interpreted are De Quincey Joyce Woolf A Huxley Beckett Burgess and Josipovici Whilst the limitations of a transposition of music into fiction remain apparent experiments in this field yield valuable insights into mainly a mimetic and formalist aesthetic tendencies in the development of more recent fiction as a whole and also show to what extent traditional conceptions of music continue to influence the use of this medium in literature The volume is of relevance for students and scholars of English comparative and general literature as well as for readers who take an interest in intermediality or interart research **Monsters in the Italian**

Literary Imagination Keala Jewell,2001-02-01 They each share a critical interest in how monsters reflect a culture s dominant ideologies **The Latinx Files** Matthew David Goodwin,2021-05-14 In *The Latinx Files* Matthew David Goodwin traces how Latinx science fiction writers are reclaiming the space alien from its xenophobic legacy in the science fiction genre The book argues that the space alien is a vital Latinx figure preserving Latinx cultures by activating the myriad possible constructions of the space alien to represent race and migration in the popular imagination The works discussed in this book including those of H G Wells Gloria Anzald a Junot Diaz Andr M Carrington and many others often explicitly reject the derogatory correlation of the space alien and Latinxs while at other times they contain space aliens that function as a source of either enlightenment or horror for Latinx communities Throughout this nuanced analysis *The Latinx Files* demonstrates how the character of the space alien has been significant to Latinx communities and has great potential for

future writers and artists *German Feminist Queer Crime Fiction* Faye Stewart, 2014-02-14 A marriage of mystery fiction and queer concerns queer crime literature celebrates the pairing of the political and the sexual Queer crime fiction is a subgenre in which sex gender and sexuality are among the mysteries to be solved Its writers use boundary crossing identities and desires to express social critique inviting readers to interpret queer narratives as literary incursions into cultural traditions From androgynous investigators and serial killer housewives to closeted lesbians and transgendered lovers the characters in queer mysteries are metaphors for changing social and political relations This book reads German language crime stories as allegories about 20th and 21st century upheavals raising questions about human behavior and justice the horrors of extremism the changing shape of the nation and the possibilities of democracy Anchored in the historical contexts of protest cultures and countercultures of the last three decades this study examines novels by popular feminist writers Pieke Biermann Edith Kneifl and Ingrid Noll and unexplored works by Susanne Billig Gabriele Gelien Corinna Kawaters Katrin Kremmler Christine Lehmann and Martina Marie Liertz An analysis of recent debates through the lens of genre fiction serves as the foundation for telling the cultural history of contemporary Germany Austria and Europe as a whole from a new perspective *The Event of Style in Literature* M. Aquilina, 2014-09-16 The Event of Style in Literature brings discussions about the question of style up to date by schematising the principal issues relating to the topic through a critical overview of the canon of style studies It reads the work of Jacques Derrida Maurice Blanchot and Hans Georg Gadamer as groundbreaking and eventful interventions ***The Place It Was Done*** Šárka Bubíková, Olga Roebuck, 2023-03-03 Locations play an important role in every story but in British and American contemporary crime fiction they are often inextricable from the narrative This work examines the city the countryside and the wilderness as places ripe with literary significance and symbolism Using works by authors like Robert Galbraith Ian Rankin Denise Mina Chris Brookmyre John Knox Peter Robinson Linda Barnes Dana Stabenow Nevada Barr Les Roberts Philip R Craig and others this work offers a fresh assessment of how place and space are employed in contemporary crime fiction Highlighted are similarities and differences among the authors approaches to setting and how they relate to the history of crime fiction and to the general literary representation of place Going beyond mere literary geography the book engages the sociocultural dimensions of the communities affected by crime Chapters also analyze the reader's perception recognition and appreciation of place and community ***The Oxford Handbook of Herman Melville*** Jennifer Greiman, Michael Jonik, 2025-07-31 Now more than a century since the revival that placed Herman Melville at the center of the US literary canon his work stands as one of the most important touchstones of world literature The Oxford Handbook of Herman Melville aims to reintroduce readers to a writer whom they think they know well by re-examining Melville's entire corpus the novels short prose and poetry in light of the diversity and vibrancy of global Melville studies Bringing together the most innovative work of international scholars The Oxford Handbook of Herman Melville offers a comprehensive survey of both Melville's writing and the new approaches it continues to introduce into

literary studies By engaging urgent discourses such as those around indigeneity and race ecology and energy gender and sexuality studies and reimagining well developed critical approaches to questions of literary history politics war economics aesthetics and philosophy in Melville's work this Handbook seeks to push the study of Melville's work into its second century Attending to Melville's origins biographical and textual intellectual and aesthetic historical and political the Handbook also examines Melville's currency and contemporaneity the ways that his writing continues to generate new thought and new art This volume in short endeavors to present a new critical Melville for new critical times

Literature, Ethics, and Decolonization in Postwar France Daniel Just, 2015-02-09 Against the background of intellectual and political debates in France during the 1950s and 1960s Daniel Just examines literary narratives and works of literary criticism arguing that these texts are more politically engaged than they may initially appear As writings by Roland Barthes Maurice Blanchot Albert Camus and Marguerite Duras show seemingly disengaged literary principles such as blankness minimalism silence and indeterminateness can be deployed to a number of potent political and ethical ends At the time the main focus of this activism was the escalation of violence in colonial Algeria The poetics formulated by these writers suggests that blankness weakness and withdrawal from action are not symptoms of impotence and political escapism in the face of historical events but deliberate literary strategies aimed to neutralize the drive to dominate others that characterized the colonial project

The Event Ilai Rowner, 2015-01-01 What is an event From a philosophical perspective events are irregular occurrences moments of change and interruption categorized by human perception language and thought While philosophers have pored over the subject of events extensively in recent years *The Event Literature and Theory* seeks to ground it What is literature's approach to the event How does literature produce and give testimony to events Ilai Rowner's study not only revisits some of the most important thinkers of our time including Maurice Blanchot Gilles Deleuze Jacques Derrida and Martin Heidegger it also develops a critical approach to literature that questions the meaning of the literary event through examinations of literary works by Marcel Proust Louis Ferdinand Celine and T S Eliot Rowner offers a new method of thinking about the particular characteristics of the event within literary works and defines the creative value of literature as the aspiration toward the un-happening within the happening In this study the experience of literature as an act of both writing and reading becomes the struggle to capture the excessive movement of the event while also revealing the creative energy within that work of literature
