Levitov,2001 The effectiveness of group counselling as a treatment modality has been well established And while additional theoretical work will always be needed perhaps the greater challenge for contemporary group practitioners lies in crafting theoretically sound applications of group theory so that group methods can be used more effectively to benefit clients struggling with various psychological and developmental problems This book responds to this need by offering fourteen chapters of creative useful examples of how group methods can be successfully applied to a wide range of problems and populations Each chapter written by innovators from the fields of counselling social work psychology and psychiatry focuses on specific mental health problems of issues that will interest a wide population A careful analysis of each psychological or development problem greets the reader followed by a discussion of the theoretical basis for the interventions Each chapter utilises practical recommendations outlines of procedures and liberal use of case examples to illuminate important process points Each broad category Adults Children and Adolescents and Training and Theory includes interesting chapter topics such as Group counselling with late deafened adults Marital restoration groups Therapist s uses of self in group psychotherapy and Group play therapy with abused children The elegant combination of theory and practice offers the reader a range of easily implemented methods and techniques applied to each specified problem Modern Applications to Group Work is a valuable companion text for any group oriented course Undergraduate and graduate courses in group can use the text to illustrate the application of general group principles to specific psychological concerns Modern Applications to Group Work may be used as the primary text for advanced courses in group counselling psychology and social work programs Practitioners will be attracted to the book due to the comprehensive scope and the strong theoretical basis of each chapter that is followed by pragmatic treatment strategies

Setting Plato Straight Todd W. Reeser,2015-12-28 When we talk of platonic love or relationships today we mean something very different from what Plato meant For this we have fifteenth and sixteenth century European humanists to thank As these scholars most of them Catholic read digested and translated Plato they found themselves faced with a fundamental problem how to be faithful to the text yet not propagate pederasty or homosexuality In Setting Plato Straight Todd W Reeser undertakes the first sustained and comprehensive study of Renaissance textual responses to Platonic same sex sexuality Reeser mines an expansive collection of translations commentaries and literary sources to study how Renaissance translators transformed ancient eros into non erotic non homosexual relations He analyzes the interpretive lenses translators employed and the ways in which they read and reread Plato s texts In spite of this cleansing Reeser finds surviving traces of Platonic same sex sexuality that imply a complicated recurring process of course correction of setting Plato straight

Emotions, Ethics, and Cinematic Experience Robert Sinnerbrink,2021-06-11 Since the early 1990s phenomenology and cognitivism have become two of the most influential approaches to film theory Yet far from being at odds with each other both approaches offer important insights on our subjective experience of cinema Emotions Ethics and Cinematic Experience explores how these two approaches might work

together to create a philosophy of film that is both descriptively rich and theoretically productive by addressing the key relationship between cinematic experience emotions and ethics Shaded Lives Beretta E. Smith-Shomade,2002 In Shaded Lives Beretta Smith Shomade sets out to dissect images of the African American woman in television from the 1980s She calls their depiction binaristic or split African American women although an essential part of television programming today are still presented as distorted and deviant By closely examining the television texts of African American women in comedy music video television news and talk shows Oprah Winfrey is highlighted Smith Shomade shows how these voices are represented what forces may be at work in influencing these images and what alternate ways of viewing might be available

Desert Sundays William T. Goodman,2014-01-27 William T Goodman s debut novel takes us on a mesmerizing journey of linked narratives that speak to the richness and rawness of the human experience Through unusual circumstances three unlikely and uniquely different people come together in the small desert community of Lunden Arizona All three are products of their turbulent pasts possessing deep flaws as well as remarkable qualities The bond they form is of the intensity most people are lucky to experience once in a lifetime if ever Tom is a forty one year old college professor from Kingston New York He teaches English Literature as does his wife With their marriage crumbling Tom takes a sabbatical to reevaluate his life He is brilliant but often socially awkward Seeking a completely new environment in which to sort himself out he finds Lunden Arizona Tom s immense intellect and personal evolution drive the novel forward Mae is a thirty nine year old accountant and part time singer from Tennessee She married her high school sweetheart soon after graduation The marriage ends tragically but Mae puts herself through college and then leaves Tennessee behind Some years later after quitting an accounting job in Tucson Mae s car overheats on a back road leading to the Grand Canyon Without cell phone service she is stranded until a Native American in an open yellow Jeep happens by arranges for a tow and brings her to Lunden Arizona Joseph is a twenty nine year old part Crow Indian from Montana Soon after his birth Joseph s single teenage mother abandons him and leaves the state Her older sister and white husband raise Joseph on their ranch He is educated away from the reservation and after college graduation the young and idealistic Joseph returns to the reservation of his birth to teach high school His optimism quickly changes to disillusionment and then disappears altogether when a violent altercation in the classroom ends his teaching career Joseph leaves Montana for a warmer climate where he intends to lead a solitary primal existence He rents a simple house in the desert outside Lunden Arizona As the small desert town of Lunden gradually reveals its darker underbelly of sex violence and racism the novel s realism intimately captivates us With diverse characters brought to life through a mixture of sometimes emotional humorous moving shocking and heartbreakingly tragic developments as well as flashback revelations Desert Sundays unfolds like an ingenious jigsaw puzzle Propelled toward an explosive finale the novel compels us to reexamine concepts of legal versus moral justice loyalty degrees of personal loss prejudice and even the possibility of metaphysical predetermination Desert Sundays strikingly showcases the complexities of contemporary America

and with masterful insight the novel vividly captures life's intensity touching our hearts our hopes and our fears My mother used to tell me that we are all born pulling a cart As life progresses we fill the cart with our experiences some good some bad This becomes our baggage cart Certain people use it to build fortunes and empires while others are crushed under the weight of their own baggage and never create anything Joseph Curly of Desert Sundays The Smart Set ,1909
