Lo Spazio letterario di Roma antica: La produzione del testo, 1989 *Humanistica Lovaniensia - Volume XLII* Gilbert Tournoy, 1993-02-15 Volume 42 Humanistica Lovaniensia - Volume XLIII, Corona Martiniana Gilbert Tournoy, 1994-02-15 Volume 43 Reader Immersion in Latin Prose and Verse Narrative Luca Graverini, 2025-09-18 Immersion used to be disregarded by academic scholarship as a secondary aspect of ancient narrative. It was mostly considered typical of a passive reading style unworthy of intellectual consideration. However, the study of the immersive strategies adopted by ancient authors can often reveal intriguing and sometimes unsuspected layers of sophistication in their works. This makes a valuable contribution to our understanding of ancient literary culture. This is the first monograph that thoroughly analyses how Latin authors of narrative encourage their readers' immersion in the fictional world, an aspect of fictional literature that is essential to fully understand the artistry and sophistication of many ancient texts. Immersed readers of fiction experience the narrative world and its inhabitants, the fictional characters, as if they were to some extent real. This experience affects the readers' visual imagination but also their emotional reactions, physical sensations, enactive responses, and interpretive activities. Deeply engaging texts adopt various strategies to boost all these aspects of the reading experience they afford. The book mobilizes the resources and methods of several scholarly approaches, both traditional and new, to explore these strategies in ancient prose and verse narratives. Detailed analysis of language and style is combined with a careful consideration of the more general features of ancient literary genres. Narratology joins forces with the study of emotions and with neurocognitive perspectives. Reader immersion is a pervasive aspect of all kinds of narrative literature, but it is more prominent in some texts than in others. In this study, Luca Graverini analyses a broad range of ancient narrative works spanning several centuries and different literary genres. In purely chronological order, these include the comedies of Plautus, the Aeneid of Vergil, the Metamorphoses of Ovid, the tragedies of Seneca, the Satyricon of Petronius, and the Metamorphoses of Apuleius. The interpretive approach adopted in this monograph can attract the interest of many readers with different backgrounds and working on different subjects. *Dizionario della terminologia filologica* Yorick Gomez Gane, 2017-05-10. Questo dizionario raccoglie e studia sotto diversi aspetti, soprattutto quello storico, quello etimologico e quello semantico, tutte le parole italiane relative alla filologia, la disciplina che ripercorre la trasmissione dei testi manoscritti a stampa ecc. e si occupa della loro ricostruzione e comprensione nelle forme e nei contenuti. Opera innovativa nel campo della lessicografia italiana, trattandosi di un dizionario storico in cui si forniscono cioè le attestazioni più significative delle parole lungo tutto l'arco della loro storia relativo a un linguaggio settoriale. Contraddistinguono inoltre l'opera, l'arricchimento dei materiali attualmente presenti in ambito lessicografico, le puntualizzazioni grammaticali, le numerose retrodatazioni dei termini, gli approfondimenti etimologici e di storia delle parole. Titulus Richard Sharpe,2003 Modern perceptions of texts are often not related to the way in which medieval readers understood them conventional titles for example are often those supplied by early modern editors rather than by the manuscript tradition This essay on the fundamental principles of medieval bibliography argues that the tituli and colophons accompanying a text in manuscript should be treated as evidence for the texts bibliographical data and therefore recorded in descriptive catalogues of manuscripts and in bibliographical repertories of texts The value of medieval library catalogues in showing medieval bibliographical perceptions is illustrated Bibliographical co ordinates of author title and incipit are discussed in some detail and the historical accumulation of bibliographical tradition is examined Reference books intended to assist manuscript cataloguers and students of medieval Latin texts are subjected to criticism an annotated handlist of such books is included Many texts in the middle ages were ascribed to various writers and the habits of titling were far from constant but the evidence of the manuscripts provides a better basis for understanding the changing perception of texts than has been recognized in the reference literature Two extended examples demonstrate on the one hand a text consistently ascribed in the manuscripts but much misattributed by modern scholars and on the other one whose authorship and title were the subject of much medieval alteration but can none the less still be recovered from the tituli Der Autor und sein Text Markus Mülke,2008 Die handschriftlich berieferte Literatur der griechisch r mischen Antike war der st ndigen Gefahr fremder vom jeweiligen Verfasser nicht autorisierter Textverf lschungen ausgesetzt Dabei bediente sich der verantwortliche Bearbeiter der Mittel der Interpolation der Tilgung der ndernden Ersatzfassung sowie der Transposition und griff nicht blo in einzelne Stellen des Originals ein sondern unterzog es nicht selten einer regelrechten Gesamtrezension oder epitomierte es zu einer verk rzten Ausgabe Auch in der bersetzungsliteratur lassen sich hnliche Vorg nge nachweisen etwa dann wenn vor der bertragung eines fremdsprachigen Buchs in eine andere Sprache der Text ohne Einwilligung des urspr nglichen Verfassers ver ndert wurde Die Verfasser jedoch also die Betroffenen selbst verurteilten aus einem ausgepr gten Autorbewusstsein heraus die sekund re Manipulation ihrer Werke als anma enden Anschlag auf die Integrit t des echten Wortlauts W hrend sie nur ausgew hlten Kritikern erlaubten vor der Publikation ein Urteil ber den Text abzugeben richteten sie an das Publikum die unmi verst ndliche Warnung ihn nach der Publikation zu verf lschen **Storia della letteratura cristiana antica** Manlio Simonetti,Emanuela Prinzivalli,2013-11-08T00:00:00+01:00 L opera a firma di due tra i pi importanti
