explore how this particular racial construction is freighted with social power and narrative meaning Whiteness repeatedly figures in these texts as a set of expectations that are nearly impossible to fulfill By describing characters who continually fail at whiteness white life novels ask readers to reassess what race means for all Americans Along with its close analysis of key white life novels *Playing in the White* Black Writers White Subjects also provides important historical context to understand how these texts represented the hopes and anxieties of a newly integrated nation **Smeddum: A Lewis Grassic Gibbon**

Abandoning the Black Hero John C. Charles, 2012-12-15 Abandoning the Black Hero is the first book to examine the postwar African American white life novel novels with white protagonists written by African Americans These fascinating works have been understudied despite having been written by such defining figures in the tradition as Richard Wright Zora Neale Hurston James Baldwin Ann Petry and Chester Himes as well as lesser known but formerly best selling authors Willard Motley and Frank Yerby John C Charles argues that these fictions have been overlooked because they deviate from two critical suppositions that black literature is always about black life and that when it represents whiteness it must attack white supremacy The authors are however quite sympathetic in the treatment of their white protagonists which Charles contends should be read not as a failure of racial pride but instead as a strategy for claiming creative freedom expansive moral authority and critical agency In an era when Negro writers were expected to protest their sympathetic treatment of white suffering grants these authors a degree of racial privacy previously unavailable to them White writers after all have the privilege of racial privacy because they are never pressured to write only about white life Charles reveals that the freedom to abandon the Negro problem encouraged these authors to explore a range of new genres and themes generating a strikingly diverse body of novels that significantly revise our understanding of mid twentieth century black writing      *Dread Murder* Gwendoline Butler, 2007-04-17 In the court of King George IV Major Mearns an old dog of war and veteran of Wellington's army is the guardian of Windsor Castle Some would call him a spy he calls himself a watcher Working with his close friend the resourceful Sergeant Denny the pair maintain a cool facade behind which they go about their duties quietly and unnoticed Unnoticed that is until the day Mearns receives a parcel containing a gruesome surprise a pair of severed human legs The legs belong to a fellow soldier Casting aside official protocol Mearns and Denny decide to investigate the murder themselves also enrolling the help of a precocious young runaway Charlie But soon these maverick investigators find
