**Northerners, 1787-1865. Edited by Dorothy Sterling** Dorothy STERLING, 1973 **The Black Box** Henry Louis Gates, Jr., 2025-03-18 A New York Times Notable Book Henry Louis Gates is a national treasure Here he returns with an intellectual and at times deeply personal meditation on the hard fought evolution and the very meaning of African American identity calling upon our country to transcend its manufactured divisions Isabel Wilkerson author of The Warmth of Other Suns and Caste This is a literary history of Black America but it is also an argument that African American history is inextricable from the history of African American literature The New York Times A magnificent foundational reckoning with how Black Americans have used the written word to define and redefine themselves in resistance to the lies of racism and often in heated disagreement with one another over the course of the country s history Distilled over many years from Henry Louis Gates Jr s legendary Harvard introductory course in African American studies The Black Box Writing the Race is the story of

Black self definition in America through the prism of the writers who have led the way From Phillis Wheatley and Frederick Douglass W E B Du Bois and Booker T Washington to Zora Neale Hurston and Rich ard Wright James Baldwin and Toni Morrison these writers used words to create a livable world a home for Black people destined to live out their lives in a bitterly racist society It is a book grounded in the beautiful irony that a group formed legally and conceptually by its oppressors to justify brutal subhuman bondage transformed itself through the word into a community joined in overcoming one of history s most pernicious lies Out of that contested ground has flowered a resilient creative powerful diverse culture of people who have often disagreed markedly about what it means to be Black and about how best to use the past to create a more just and equitable future This is the epic story of how through essays and speeches novels plays and poems a long line of creative thinkers has unveiled the contours of and resisted confinement in the black box inside which this nation within a nation has been assigned willy nilly from the nation s founding through to today This is a book that records the compelling saga of the creation of a people     **The Pulpit** ,1845     The Republic of Violence J.D. Dickey,2022-03-01 A New York Times bestselling author reveals the story of a nearly forgotten moment in American history when mass violence was not an aberration but a regular activity and nearly extinguished the Abolition movement The 1830s were the most violent time in American history outside of war Men battled each other in the streets in ethnic and religious conflicts gangs of party henchmen rioted at the ballot box and assault and murder were common enough as to seem unremarkable The president who presided over the era Andrew Jackson was himself a duelist and carried lead in his body from previous gunfights It all made for such a volatile atmosphere that a young Abraham Lincoln said outrages committed by mobs form the every day news of the times The principal targets of mob violence were abolitionists and black citizens who had begun to question the foundation of the U S economy chattel slavery and demand an end to it Led by figures like William Lloyd Garrison and James Forten the anti slavery movement grew from a small band of committed activists to a growing social force that attracted new followers in the hundreds and enemies in the thousands Even in the North abolitionists faced almost unimaginable hatred with newspaper publishers businessmen with a stake in the slave trade and politicians of all stripes demanding they be suppressed silenced or even executed Carrying bricks and torches guns and knives mobs created pandemonium and forced the abolition movement to answer key questions as it began to grow Could nonviolence work in the face of arson and attempted murder Could its leaders stick together long enough to build a movement with staying power or would they turn on each other first And could it survive to last through the decade and inspire a new generation of activists to fight for the cause J D Dickey reveals the stories of these Black and white men and women persevered against such threats to demand that all citizens be given the chance for freedom and liberty embodied in the Declaration of Independence Their sacrifices and strategies would set a precedent for the social movements to follow and lead the nation toward war and emancipation in the most turbulent era of our republic of violence     Slavery and the Making of America James Oliver Horton,Lois E.

Horton, 2005 The history of slavery is central to understanding the history of the United States Slavery and the Making of America offers a richly illustrated vividly written history that illuminates the human side of this inhumane institution presenting it largely through stories of the slaves themselves Readers will discover a wide ranging and sharply nuanced look at American slavery from the first Africans brought to British colonies in the early seventeenth century to the end of Reconstruction The authors document the horrors of slavery particularly in the deep South and describe the slaves valiant struggles to free themselves from bondage There are dramatic tales of escape by slaves such as William and Ellen Craft and Dred Scott s doomed attempt to win his freedom through the Supreme Court We see how slavery engendered violence in our nation from bloody confrontations that broke out in American cities over fugitive slaves to the cataclysm of the Civil War The book is also filled with stories of remarkable African Americans like Sergeant William H Carney who won the Congressional Medal of Honor for his bravery at the crucial assault on Fort Wagner during the Civil War and Benjamin Pap Singleton a former slave who led freed African Americans to a new life on the American frontier Filled with absorbing and inspirational accounts highlighted by more than one hundred pictures and illustrations Slavery and the Making of America is a gripping account of the struggles of African Americans against the iniquity of slavery Popular Culture in American History Jim Cullen, 2013-04-01 The second edition of Popular Culture in American History updates the text for a contemporary readership and explores academic developments in this area of study over the last decade Fully revised second edition with over 50 percent new material Compact and classroom friendly format Includes the best writing on popular culture from the 1970s onwards Essays examine pivotal moments issues and genres in American popular culture from the penny press to the Internet **Black Foremothers** Dorothy Sterling, 1988 Three heroic women whose stories in the words of Margaret Walker every woman man and child should know Ellen Craft the daring runaway Georgia slave who used her freedom to serve the cause of abolition Ida B Wells the firebrand journalist whose crusade against lynching awakened the consciousness of a nation and Mary Church Terrell a gifted and untiring leader in the movement for suffrage civil rights and world peace Through painstaking research Sterling not only produces a fascinating account of three outstanding leaders she also documents the role hitherto faceless nameless millions of African American women have played in shaping our culture and history Reflecting and connecting the historical struggle of the years 1826 through 1954 Black Foremothers will captivate and inspire readers young and old **The New England Botanic, Medical and Surgical Journal** , 1847 The Goat Island Grant , 1872 **Love of Freedom** Catherine Adams, Elizabeth H. Pleck, 2010-02-01 Love of Freedom explores how black women in colonial and revolutionary New England sought not only legal emancipation from slavery but defined freedom more broadly to include spiritual familial and economic dimensions **Freedom's Journal** Jacqueline Bacon, 2007-02-09 On March 16 1827 Freedom s Journal the first African American newspaper began publication in New York Freedom s Journal was a forum edited and controlled by African Americans in which they could articulate their concerns

National in scope and distributed in several countries the paper connected African Americans beyond the boundaries of city or region and engaged international issues from their perspective It ceased publication after only two years but shaped the activism of both African American and white leaders for generations to come A comprehensive examination of this groundbreaking periodical *Freedom's Journal* The First African American Newspaper is a much needed contribution to the literature Despite its significance it has not been investigated comprehensively This study examines all aspects of the publication as well as extracts historical information from the content *Truth-seeker*, 1849 **Slavery, Fatherhood, and Paternal Duty in African American Communities over the Long Nineteenth Century** Libra R. Hilde, 2020-10-01 Analyzing published and archival oral histories of formerly enslaved African Americans Libra R Hilde explores the meanings of manhood and fatherhood during and after the era of slavery demonstrating that black men and women articulated a surprisingly broad and consistent vision of paternal duty across more than a century Complicating the tendency among historians to conflate masculinity within slavery with heroic resistance Hilde emphasizes that while some enslaved men openly rebelled many chose subtle forms of resistance in the context of family and local community She explains how a significant number of enslaved men served as caretakers to their children and shaped their lives and identities From the standpoint of enslavers this was particularly threatening a man who fed his children built up the master's property but a man who fed them notions of autonomy put cracks in the edifice of slavery Fatherhood highlighted the agonizing contradictions of the condition of enslavement and to be an involved father was to face intractable dilemmas yet many men tried By telling the story of the often quietly heroic efforts that enslaved men undertook to be fathers Hilde reveals how formerly enslaved African Americans evaluated their fathers including white fathers and envisioned an honorable manhood *The Truth-seeker in philosophy, literature, and religion*, ed. by F.R. Lees and G.S. Phillips. [Continued as] *The Truth-seeker and present age* *Truth-seeker and present age*, 1849 **A Curse upon the Nation** Kay Wright Lewis, 2017-08-15 From the inception of slavery as a pillar of the Atlantic World economy both Europeans and Africans feared their mass extermination by the other in a race war In the United States says Kay Wright Lewis this ingrained dread nourished a preoccupation with slave rebellions and would later help fuel the Civil War thwart the aims of Reconstruction justify Jim Crow and even inform civil rights movement strategy And yet says Lewis the historiography of slavery is all but silent on extermination as a category of analysis Moreover little of the existing sparse scholarship interrogates the black perspective on extermination *A Curse upon the Nation* addresses both of these issues To explain how this belief in an impending race war shaped eighteenth and nineteenth century American politics culture and commerce Lewis examines a wide range of texts including letters newspapers pamphlets travel accounts slave narratives government documents and abolitionist tracts She foregrounds her readings in the long record of exterminatory warfare in Europe and its colonies placing lopsided reprisals against African slave revolts or even rumors of revolts in a continuum with past brutal incursions against the Irish Scots Native Americans

and other groups out of favor with the empire Lewis also shows how extermination became entwined with ideas about race and freedom from early in the process of enslavement making survival an important form of resistance for African peoples in America For African Americans enslaved and free the potential for one sided violence was always present and deeply traumatic This groundbreaking study reevaluates how extermination shaped black understanding of the Atlantic slave trade and the political social and economic worlds in which it thrived

**Herbert Aptheker on Race and Democracy** Herbert Aptheker, 2006 Presenting a collection of essays by Aptheker including topics like the maroons black abolitionists Reconstruction and W E B Du Bois this book shows the critical connection between political commitment and the advancement of scholarship and points to Aptheker s central place in the development of African American studies

**Witness for Freedom** C. Peter Ripley, Roy E. Finkenbine, Michael F. Hembree, Donald Yacovone, 2000-11-15 Encompassing a broad range of African American voices from Frederick Douglass to anonymous fugitive slaves this collection collects eighty nine exceptional documents that represent the best of the five volume Black Abolitionist Papers In these compelling texts African Americans tell their own stories of the struggle to end slavery and claim their rights as American citizens of the battle against colonization and the back to Africa movement and of their troubled relationship with the federal government
