CHANGES LIVES**

# Speaking Freely

**Robert L. Bernstein**

## **Speaking Freely:**

**Speaking Freely** Floyd Abrams, 2006-04-04 The rights guaranteed in the First Amendment including freedom of expression are among the fundamental touchstones of our democracy In *Speaking Freely* Floyd Abrams who for over thirty years has been our most eloquent and respected advocate for uncensored expression recounts some of the major cases of his remarkable career landmark trials and Supreme Court arguments that have involved key First Amendment protections With adversaries as diverse as Richard Nixon and Wayne Newton and allies as unlikely as Kenneth Starr Abrams takes readers behind the scenes to explain his strategies the ramifications of each decision and its long term significance presenting a clear and compelling look at the law in action

**Speaking Freely** Philippa Strum, 2015-11-09 Anita Whitney was a child of wealth and privilege who became a vocal leftist early in the twentieth century supporting radical labor groups such as the Wobblies and helping to organize the Communist Labor Party In 1919 she was arrested and charged with violating California s recently passed laws banning any speech or activity intended to change the American political and economic systems The story of the Supreme Court case that grew out of Whitney s conviction told in full in this book is also the story of how Americans came to enjoy the most liberal speech laws in the world In clear and engaging language noted legal scholar Philippa Strum traces the fateful interactions of Whitney a descendant of Mayflower Pilgrims Supreme Court Justice Louis D Brandeis a brilliant son of immigrants the teeming immigrant neighborhoods and left wing labor politics of the early twentieth century and the lessons some Harvard Law School professors took from World War I era restrictions on speech Though the Supreme Court upheld Whitney s conviction it included an opinion by Justice Brandeis joined by Justice Oliver Wendell Holmes Jr that led to a decisive change in the way the Court understood First Amendment free speech protections *Speaking Freely* takes us into the discussions behind this dramatic change as Holmes Brandeis Judge Learned Hand and Harvard Law professors Zechariah Chafee and Felix Frankfurter debate the extent of the First Amendment and the important role of free speech in a democratic society In Brandeis s opinion we see this debate distilled in a statement of the value of free speech and the harm that its suppression does to a democracy along with reflections on the importance of freedom from government control for the founders and the drafters of the First Amendment Through *Whitney v California* and its legacy *Speaking Freely* shows how the American approach to speech differing as it does that of every other country reflects the nation s unique history Nothing less than a primer in the history of free speech rights in the US the book offers a sobering and timely lesson as fear once more raises the specter of repression

**Speaking Freely** Robert L. Bernstein, 2016-05-10 What do Dr Seuss William Faulkner Toni Morrison Andrei Sakharov and James Michener have in common They were all published by Bob Bernstein during his twenty five year run as president of Random House before he brought the dissidents Liu Binyan Jacobo Timerman Natan Sharansky and V clav Havel to worldwide attention in his role as the father of modern human rights Starting as an office boy at Simon conspiring with Kay Thompson on the *Eloise* series attending a rally for

Random House author George McGovern with film star Claudette Colbert and working with publishing luminaries including Dick Simon Alfred Knopf Robert Gottlieb Andr Schiffrin Peter Osnos Susan Peterson and Jason Epstein as Bernstein grew Random House from a 40 million to an 800 million plus money making juggernaut as Thomas Maier called it in his biography of Random House owner Si Newhouse In a book sure to be savored by anyone who has worked in the publishing industry fought for human rights or wondered how Theodor Geisel became Dr Seuss *Speaking Freely* beautifully captures a bygone era in the book industry and the first crucial years of a worldwide movement to protect free speech and challenge tyranny around the globe

*On the Law of Speaking Freely* Adam Tomkins, 2025-05-29 This book tackles the most pressing problems of contemporary free speech law by examining where the idea of free expression came from in the first place applying the lessons of the past to address the challenges of the present Free speech cannot be taken for granted it needs to be fought for But its champions will be successful only if they understand what they are defending For free speech is a deceptively simple principle How should it guide us on the bounds of what is acceptable to say Should we be free to preach hatred or to spread fear or fake news Can media freedom be balanced against the right to privacy How does free speech work online Can the internet be made a safe space without compromising freedom of expression On the Law of Speaking Freely offers not just insights but answers to these and other such vital questions by roaming widely over the law of free speech from English common law to the European Convention on Human Rights via the US First Amendment In rescuing free speech from the culture wars in which it has become embroiled Adam Tomkins restates its values its complexities and its enduring importance in prose that is as passionate as it is clear sighted Even handed informed and authoritative this is a major timely work from one of the UK s leading constitutional scholars

*Speak Freely* Keith E. Whittington, 2019-02-26 Why colleges and universities live or die by free speech Free speech is under attack at colleges and universities today as critics on and off campus challenge the value of freewheeling debate In *Speak Freely* Keith Whittington argues that universities must protect and encourage vigorous free speech because it goes to the heart of their mission to foster freedom of thought ideological diversity and tolerance Examining hot button issues such as trigger warnings safe spaces hate speech disruptive protests speaker disinvitations and the use of social media by faculty *Speak Freely* describes the dangers of empowering campus censors to limit speech and enforce orthodoxy It explains why universities must make space for voices from both the Left and Right And it points out how better understanding why the university lives or dies by free speech can help guide students faculty administrators and alumni when faced with unpopular hateful or dangerous speech Timely and vitally important *Speak Freely* shows why universities can succeed only by fostering more free speech more free thought and a greater tolerance for both

**Permission to Speak Freely** Matt Kincaid, Doug Crandall, 2017-03-20 Lead So Your People *Speak Freely* Candid communication enhances innovation ownership engagement and performance The benefits of hearing questions and uncertainties good and bad ideas and honest feedback are game changing Yet research shows that most of the

time people never share their true thoughts with each other and especially not with their leaders But what if they did What if everyone could confidently communicate without fearing a negative response In *Permission to Speak Freely* highly acclaimed leader developers Doug Crandall and Matt Kincaid illustrate the benefits of candor explain the inhibitors that cause it to feel unsafe and provide tools for leaders to encourage their people and embed trust and openness into the foundation of their organizational culture *Permission to Speak Freely* Anne Miller, 2010-08-30 In May 2008 Anne Jackson asked a question on her blog What is one thing you feel you can't say in church Hundreds responded Everyone had a story *Permission to Speak Freely* is the unique new project and movement of author Anne Jackson who is finished with keeping brokenness in the dark Bringing to light the original intent of God's sanctuary as a place of help and healing Anne reveals that through confession both to God and to others we can live lives that are whole and healed Told with disarming transparency Anne shares what led to her own addictions and the ensuing lifestyle that left her wounded and withdrawn but ultimately rescued and redeemed She includes dramatic stories of others who also learned to abandon their fear pride and masks to identify their hurts and to find the courage to speak freely Their confessions submitted as mixed media pieces photography and sketches were collected from people across the world and are included throughout the book Readers will share in the opportunity to find their own path to redemption and freedom *The Hermeneutics of the Subject* Michel Foucault, 2005-12-27 Michel Foucault remains one of the towering intellectual figures of the last 50 years His works on sexuality madness prison and medicine are classics This book focuses on how the self and the care of the self were conceived during the period of antiquity **Essays in Critical, Contemporary, and Philosophical Rhetoric** Raymie E. McKerrow, 2024-10-24 This text is a representative sample of my research focus in contemporary rhetoric since the mid 1970s It highlights work that explores themes expressed in the text's title While not an exhaustive account of the themes the text provides easy access to theoretical issues in rhetorical studies These include topics such as the role of culture citizenship how space and time interact to affect the words we use and the impulse to use language in critiquing the expressions of others The collection is designed to be used by faculty teaching upper level undergraduate to doctoral level courses in rhetoric at colleges and universities in the USA It also will be a resource at universities across the globe The goal is to stimulate thought and provoke critical responses to the ideas and arguments contained in the essays Thus this is a text to be used to assist scholars and students as they engage in their own work *Praying and Preying* Aparecida Vilaca, 2016-03-29 *Praying and Preying* offers one of the rare anthropological monographs on the Christian experience of contemporary Amazonian indigenous peoples based on an ethnographic study of the relationship between the Wari inhabitants of Brazilian Amazonia and the Evangelical missionaries of the New Tribes Mission Vila turns to a vast range of historical ethnographic and mythological material related to both the Wari and missionaries perspectives and the author's own ethnographic field notes from her more than 30 year involvement with the Wari community Developing a close dialogue between the Melanesian literature which informs much of the recent work in

the Anthropology of Christianity and the concepts and theories deriving from Amazonian ethnology in particular the notions of openness to the other unstable dualism and perspectivism the author provides a fine grained analysis of the equivocations and paradoxes that underlie the translation processes performed by the different agents involved and their implications for the transformation of the native notion of personhood

### **Controversies in Contemporary Religion** Paul

Hedges,2014-09-09 Religious or spiritual beliefs underpin many controversies and conflicts in the contemporary world Written by a range of scholarly contributors this three volume set provides contextual background information and detailed explanations of religious controversies across the globe Controversies in Contemporary Religion Education Law Politics Society and Spirituality is a three volume set that addresses a wide variety of current religious issues analyzing religion s role in the rise of fundamentalism censorship human rights environmentalism and sustainability sexuality bioethics and other questions of widespread interest Providing in depth context and analysis far beyond what s available in the news or online this work will enable readers to understand the nature of and reasons for controversies in current headlines The first volume covers theoretical and academic debates the second looks at debates in the public square and ethical issues while the third examines specific issues and case studies These volumes bring detailed and careful debate of a range of controversies together in one place including topics not often covered for example how religions promote or hinder social cohesion and peace the relationship of religions to human rights and the intersection of Buddhism and violence Written by a range of experts that includes both established and emerging scholars the text explains key debates in ways that are accessible and easy to understand for lay readers as well as undergraduate students researching particular issues or global religious trends

**Freedom of Expression in a Diverse World** Deirdre Golash,2010-07-01 The essays in this volume consider issues at the intersection of freedom of expression and racial cultural and gender diversity The claims of those whose cultures and beliefs differ from our own are no longer the exclusive province of diplomats as the Danish newspaper that published cartoons ridiculing Mohammed quickly learned Negotiating the claims of freedom of expression as they come into open conflict with a wide diversity of viewpoints both domestically and internationally has become an increasingly complex task The present volume seeks both to provide fresh insight into the philosophical grounds for limiting government restriction of expression and to address current tensions between freedom of expression and pluralism The suppression of ideas by government is no doubt as old as government itself Ideas help to keep governments in power and opposing ideas can help them to lose it As well through most of the history of the world the belief that some know better than others what is true what is right and what is valuable has been sufficiently widespread to make it seem natural for those better to dictate for the rest what they should believe Just as clerics did not hesitate to dictate to their congregations Christians did not hesitate to impose their beliefs on non Christians in order to save their souls

**Speaking Freely** Philippa Strum,2015 Speaking Freely tells the story of how and why Americans today came to enjoy the most liberal speech laws in the world
